Site Name: Mineral Processing

January 14, 2016

Site No. 645018 **Tax Map No.** 6.004-2-1

Site Location: Route 37 – off of GM Circle, Massena, NY 13662

Inactive Hazardous Waste Disposal Site Delist Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). DEC has determined that this site ([see map on reverse side](#)) no longer presents a threat to public health or the environment and is proposing to delist the site from the Registry for the following reason(s):

- In September of 2014 RACER Trust excavated and removed the remaining low level contamination from the site. All structures were demolished. Soils containing polychlorinated biphenyls were excavated and properly disposed of off-site through a series of interim remedial measures. Verification sampling has demonstrated that the soil removal program has achieved the 6 NYCRR Part 375 Unrestricted Use Soil Cleanup Objectives. Groundwater monitoring conducted in 2001, 2003 and 2005 did not detect any contaminants, as a result, monitoring was discontinued in 2009.

Public comments are being received before the decision to remove the site from the Registry is finalized. The public comment period will end February 26, 2016. If you would like to provide us with written comments, please send them to: Peter Ouderkirk, Project Manager, NYS Department of Environmental Conservation-Region 6, Division of Environmental Remediation, 317 Washington Street, Watertown, NY 13601; Peter.Ouderkirk@dec.ny.gov or call 315-785-2523.

A summary of any comments will be assembled and made available for viewing at our Regional Office, 317 Washington Street, 7th Floor Environmental Quality, Watertown, NY 13601.

If we do not receive any new or additional information during this public comment period that changes our delist proposal, we will delist the site on or after March 21, 2016.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed above.

FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

www.dec.ny.gov/cfm/extapps/derexternal/index.cfm?pageid=3

DEC is sending you this notice in accordance with Environmental Conservation Law Article 27, Title 13 and its companion regulation (6 NYCRR 375-2.7(b)(6)(ii)) which requires DEC to notify all parties on the contact list for this site of this recent action.

Receive Site Updates by Email

Have site information such as this public notice sent right to your email inbox. DEC invites you to sign up with one or more contaminated sites county email listservs available at the following web page:

www.dec.ny.gov/chemical/61092.html . It's *quick*, it's *free*, and it will help keep you *better informed*.

As a listserv member, you will periodically receive site-related information/announcements for all contaminated sites in the county(ies) you select.

You may continue also to receive paper copies of site information for a time after you sign up with a county listserv, until the transition to electronic distribution is complete.

Note: Please disregard if you received this notice by way of a county email listserv.
