State Superfund Site Delist Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). DEC has determined that this site ([see map on reverse side](#)) no longer presents a threat to public health or the environment and is proposing to delist the site from the Registry for the following reason(s):

Remedial actions are complete at the site. A sub-slab depressurization system was installed in a portion of the on-site building, and its operation will continue to be managed by a Department-approved Site Management Plan. Additionally, a Deed Restriction has been recorded to limit the use of the site to Commercial and Industrial purposes, as well as to restrict the use of groundwater underlying the site. Compliance with the Site Management Plan and periodic certification by the property owner will ensure that these controls continue to be protective of human health and the environment.

Public comments are being received before the decision to remove the site from the Registry is finalized. The public comment period will end March 8. If you would like to provide us with written comments, please send them to: Eric Hausamann, Project Manager, NYS Department of Environmental Conservation, Division of Environmental Remediation, 625 Broadway, 12th Floor, Albany, NY 12233-7013; eric.hausamann@dec.ny.gov; or call 518-402-9676.

A summary of any comments will be assembled and made available for viewing at our Central Office at 625 Broadway, Albany, NY, 12233.

If we do not receive any new or additional information during this public comment period that changes our delist proposal, we will delist the site on or after April 7.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed above.
