Final Decision Document
Site Name: RG&E- Brockport MGP Site
Brockport, Monroe County
Site No. V00301

The New York State Department of Environmental Conservation (NYSDEC) announces that the Final Decision Document (DD) for the RG&E-Brockport MGP Site ("site") located at Erie and Perry Streets, Brockport, Monroe County, New York was signed on March 11, 2014 and is available for public review (see "Where to View the DD," below).

The comments received during the public meeting on March 4, 2014 and comment period (February 7, 2014 through March 10, 2014), were considered in preparing the final DD for the site. The DD presents the remedy selected to address contamination related to the site and the rationale for the chosen remedy.

The following is a brief summary of the selected remedy described in the Decision Document:

- Excavation of all MGP impacted soils and Tar like materials at the RG&E-Brockport MGP site, 108 and 118 Erie Street and the New York State Canal Corporation (NYSCC) property, backfill with imported materials including an amendment to soils to enhance contaminated groundwater cleanup
- Installation of site cover to meet restricted residential soil cleanup objectives (SCOs) at the RG&E property and NYSCC property and residential SCOs at 108 and 118 Erie Street properties
- Implementation of a Deed Restriction on the RG&E -Brockport MGP Site and a Site Management Plan to manage all future site monitoring and maintenance activities associated with the selected remedy
