Public Fishing Rights Maps

Charlotte Creek

Fish Species Present

Brown Trout

Brook Trout

Description of Fishery

Charlotte Creek flows for 28.8 miles before entering the Susquehanna River near Oneonta. The stream supports wild brown and brook trout throughout its length. Beaver dams are common in the upper reaches. The wild trout population is supplemented with the stocking of approximately 4,900 yearling and 300 two year old brown trout in the 10.7 mile reach between the hamlets of Davenport Center and Fergusonville annually.

Note:

Statewide angling regulations apply

Location

Delaware and Otsego Counties

About Public Fishing Rights

Public Fishing Rights (PFR's) are permanent easements purchased by the NYSDEC from willing landowners, giving anglers the right to fish and walk along the bank (usually a 33' strip on one or both banks of the stream). This right is for the purpose of fishing only and no other purpose. Treat the land with respect to insure the continuation of this right and privilege. Fishing privileges may be available on some other private lands with permission of the land owner. Courtesy toward the land-owner and respect for their property will insure their continued use.

These generalized location maps are intended to aid anglers in finding PFR segments and are not survey quality. Width of displayed PFR may be wider than reality to make it more visible on the maps. Please look for this PFR sign to ensure that you are in the right location and have legal access to the stream bank.

For more information on this creek or if you believe PFR marked areas on these maps are incorrect or missing PFR signs, please call the Region 4 Fisheries office: (607) 652-7366.
