Public Fishing Rights Maps

Jacobs Creek

Description of Fishery

Jacobs creek in Jefferson County is a small but productive Brook Trout stream. It is stocked with around 900 Brook Trout but some wild fish are present. There is 5.4 miles of Public fishing Rights and also a cooperative agreement with a landowner that opens up an additional 1.5 miles. Numerous beaver dams and ponds are found on this low gradient stream.

Fish Species Present

About Public Fishing Rights

Public Fishing Rights (PFR's) are permanent easements purchased by the NYSDEC from willing landowners, giving anglers the right to fish and walk along the bank (usually a 33' strip on one or both banks of the stream). This right is for the purpose of fishing only and no other purpose. Treat the land with respect to insure the continuation of this right and privilege. Fishing privileges may be available on some other private lands with permission of the land owner. Courtesy toward the land-owner and respect for their property will insure their continued use.

These generalized location maps are intended to aid anglers in finding PFR segments and are not survey quality. Width of displayed PFR may be wider than reality to make it more visible on the maps. Please look for this PFR sign to ensure that you are in the right location and have legal access to the stream bank.

For more information on this creek or if you believe PFR marked areas on these maps are incorrect or missing PFR signs, please call the Region 6 Fisheries office: (315) 785-2263.
