Public Fishing Rights Maps

Taghkanic Creek

Fish Species Present

Brown Trout

Brook Trout

Description of Fishery

Taghkanic Creek flows for 29 miles before entering Claverack Creek about 1 mile west of the village of Claverack and 2 miles southeast of the city of Hudson. Wild trout exist throughout the system, but are abundant mainly in the headwaters. Both brook and brown trout in good numbers are found in the 6 mile stream section north of State Route 23 near the village of Craryville. The 10 mile section starting in Craryville and heading downstream to New Forge Road in the town of Taghkanic is heavily posted. The 13 mile section from New Forge Rd to the mouth is stocked with 2,750 yearling and 200 two year old brown trout. Stream flows in this lower stocked section are particularly affected by drought conditions as the city of Hudson diverts water from the stream for its use at a collection site on New Forge Rd.

Note:

Statewide fishing regulations apply.

About Public Fishing Rights

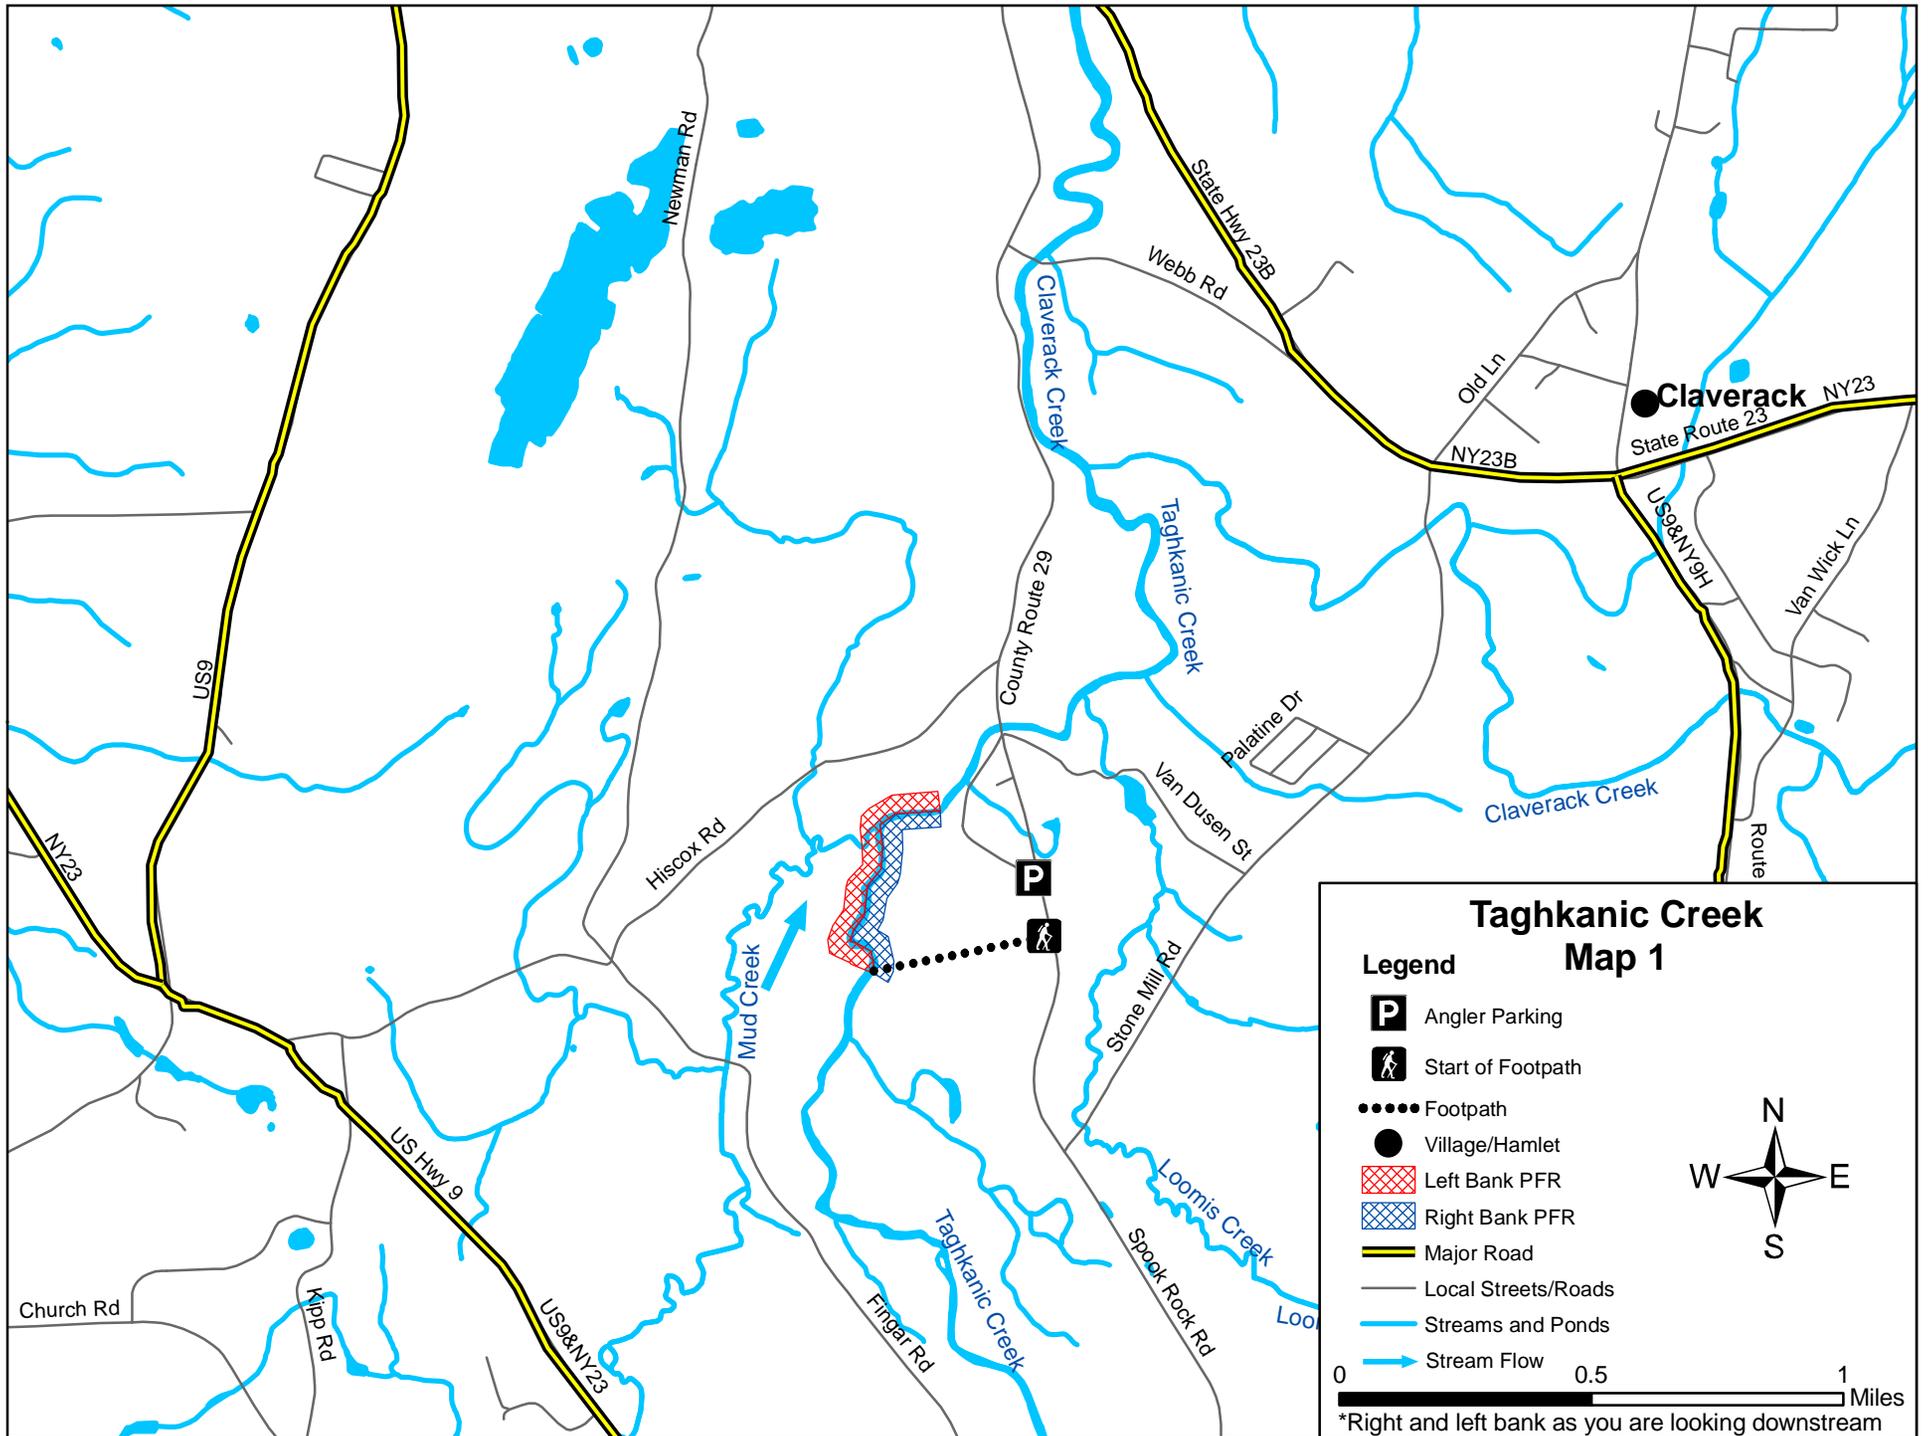

Public Fishing Rights (PFR's) are permanent easements purchased by the NYSDEC from willing landowners, giving anglers the right to fish and walk along the bank (usually a 33' strip on one or both banks of the stream). This right is for the purpose of fishing only and no other purpose. Treat the land with respect to insure the continuation of this right and privilege. Fishing privileges may be available on some other private lands with permission of the land owner. Courtesy toward the land-owner and respect for their property will insure their continued use.

These generalized location maps are intended to aid anglers in finding PFR segments and are not survey quality. Width of displayed PFR may be wider than reality to make it more visible on the maps. Please look for this PFR sign to ensure that you are in the right location and have legal access to the stream bank.

For more information on this creek or if you believe PFR marked areas on these maps are incorrect or missing PFR signs, please call the Region 4 Fisheries office: (607) 652-7366.
