SORTED BY PARK / REGION AND LOCATION

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Parkwide	Adirondack Park	Recreation	Project Advancement	Regional Coordination / Asset Trails	Hamilton County, with ROOST and Wildlife Conservation Society	<b>Adirondack Cycling Strategy, Phase One, The Great South Woods</b> Create a bicycle tourism program including a regional marketing strategy to promote existing assets to travelers. Objectives are: a) enhance cycling related infrastructure to support bicycle tourism; b) create bicycling-friendly destination communities; and c) develop a collaborative partnership to grow the bicycle tourism economy.	2017	\$60,000	In Progress
Adirondack Park - Parkwide	Adirondack Park	Economic Development	Implementation	Regional Coordination / Asset Trails	Cornell Cooperative Extension of Essex County, with the towns of Elizabethtown and Willsboro	<b>Adirondack Harvest Technology Expansion</b> Upgrade the Adirondack Harvest website with a more accessible home page search option, more inviting overall appearance, “smartphone friendly” configuration and new map pages to include wood products, community supported agriculture (CSA) and local food processors. Add wood product businesses in the Park, conduct a North Country-wide media promotion including “new” website features, and revamp the Essex County local food guide.	2016	\$74,772	In Progress
Adirondack Park - Parkwide	Adirondack Park	Community Development	Project Advancement	Regional Coordination / Asset Trails	Hamilton County, with members of the Adirondack Partnership	<b>Adirondacks USA Implementation</b> Identify, inventory, link, and market non-recreation amenity trails to implement the Adirondack Trail Towns Strategic Plan. Non-recreation amenity trails integrate food, historic preservation, history, art, cultural attractions, activities and events in smaller communities, encouraging private investment through hamlet revitalization, small business growth and tourism investment. Administer / develop program and coalition, develop financing plan, prepare e-marketing strategy, deliver community assessments, and develop community/business toolkit and program guidelines.	2016	\$75,000	In Progress
Adirondack Park - Parkwide	Adirondack Park	Economic Development	Planning	Strategic Plan	Hamilton County with members of the Adirondack Partnership	<b>The Adirondack Park Economic Development Strategy</b> Develop a parkwide action plan, utilizing smart growth principles, to improve economic conditions, in partnership with: <ul style="list-style-type: none"><li>● Adirondack Community Housing Trust</li><li>● Adirondack Landowners Association</li><li>● North Country Chamber of Commerce</li><li>● Paul Smith’s College</li><li>● The Center for Economic Growth</li><li>● Adirondack Communities and Conservation Program</li><li>● Adirondack Association of Towns and Villages</li><li>● Adirondack Regional Tourism Council</li><li>● Lake Champlain - Lake George Regional Planning Commission</li><li>● The Adirondack Council</li></ul>	2011	\$123,000	Complete
Adirondack Park - Parkwide	Adirondack Park	Hamlet Revitalization	Planning	Strategic Plan	Essex County with Adirondack Community Housing Trust	<b>Hamlets of the Adirondacks, Phase 3</b> Develop an Adirondack Park focused planning guide for hamlet expansion and infill	2008	\$120,000	Complete
Adirondack Park - Parkwide	Adirondack Park	Community Development	Planning	Strategic Plan	Town of Long Lake with Wildlife Conservation Society and Adirondack North Country Association	<b>Common Ground Alliance "Blueprint for the Blue Line"</b> Update the "Blueprint" document and conduct outreach and annual meeting	2008	\$11,600	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Parkwide	Adirondack Park	Regional Economic Development	Project Advancement	Strategic Plan	Town of Saranac with Technical Assistance Center at SUNY Plattsburgh and Adirondack North Country Association	The Wireless Clearinghouse Identify and catalog existing structures with the potential to accommodate cell phone and wireless communications facilities	2008	\$106,971	Complete
Adirondack Park - Parkwide	Ausable Forks, Blue Mtn. Lake, Caroga Lake, Indian Lake, Long Lake	Hamlet Revitalization	Project Advancement	Strategic Plan	Essex County with the Adirondack Community Housing Trust	Hamlets 3, Training and Implementation Workshops Provide technical assistance for several Park communities to use the new planning guide for hamlet expansion and infill.	2011	\$88,000	Complete
Adirondack Park - Caroga / Piseco / Lake Pleasant / Sacandaga	Northville	Community Development	Implementation	Comp Plans / Land Use Updates	Village of Northville	Village of Northville Zoning Update With a Draft Comprehensive Plan in the final stages of adoption, the Village of Northville prepared to move forward to update their existing 1995 Zoning Ordinance. The zoning update will implement priorities identified within the Comprehensive Plan update.	2017	\$42,000	In Progress
Adirondack Park - Caroga / Piseco / Lake Pleasant / Sacandaga	Town of Arietta	Community Development	Planning	Comp Plans / Land Use Updates	Town of Arietta	Town of Arietta Comprehensive Plan Develop the Town of Arietta 2008 Comprehensive Plan	2008	\$50,000	Complete
Adirondack Park - Caroga / Piseco / Lake Pleasant / Sacandaga	Wheelerville	Recreation	Project Advancement	Feasibility Study	Town of Caroga	Wheelerville Trails Develop a feasibility study and conceptual plan for a high quality multi-use, non-motorized trail system that includes evaluation of recreation opportunities for mountain biking, hiking and nature observation on Town-owned property between State Highway 29/10 and Irving Pond.	2017	\$6,000	Complete
Adirondack Park - Central Adirondacks	Blue Mountain Lake	Cultural Amenities	Project Advancement	Engineering Design	Adirondack Historical Association with support from the Town of Indian Lake	The Adirondack Museum's New Exhibition - The Adirondack Experience Design and supervise installation of The Adirondack Experience project at the Adirondack Museum (AM); an exceptional cultural tourist attraction that’s vital to the economy of the North Country. The Adirondack Experience transformation will generate substantial economic activity that strengthens the North Country’s tourism industry; result in the retention of existing jobs, as well as the creation of new jobs; and guarantee AM will continue to serve as a regional economic engine.	2015	\$75,000	Complete
Adirondack Park - Central Adirondacks	Indian Lake	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Indian Lake	Essex Chain Lakes and Cedar River Flow Hamlet Gateway Facilities Develop facilities along NYS Route 28 at the entrances to two extensive natural areas; the Essex Chain Lakes and the Cedar River Flow. Project features include wayfinding and interpretive signage, pedestrian access, gateway design elements (e.g., welcome/entryway signage, landscaping, lighting, etc.). This project is intended to foster Hamlet revitalization and access to nature, bolstering tourism and providing related infrastructure.	2017	\$73,500	In Progress
Adirondack Park - Central Adirondacks	Indian Lake	Cultural Amenities	Implementation	Capital Improvement / Construction	Indian Lake Theater, Inc., with the Town of Indian Lake	Indian Lake Theater Energy Efficiency and Sustainability Project Update the downtown theater’s energy audit, insulate and air seal the projection room to better protect and manage the operating conditions for the digital projection system, assess theatrical lighting to improve its efficiency, and train staff on how to deploy lighting most effectively.	2016	\$15,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Central Adirondacks	Indian Lake	Cultural Amenities	Project Advancement	Strategic Plan	Town of Indian Lake with Adirondack Community Trust and The Indian Lake Theater	<b>Indian Lake Theater</b> Develop a strategic plan to reopen and support continued use of the Indian Lake Theater as a multi-purpose community center for special events, community theater, concerts, and movies	2008	\$42,600	Complete
Adirondack Park - Central Adirondacks	Newcomb	Community Development	Planning	Strategic Plan	Town of Newcomb	<b>Town of Newcomb Main Street &amp; Marketing Plan</b> Develop a strategic plan that includes site-specific land use recommendations, a complete streets plan and a marketing strategy	2011	\$40,000	Complete
Adirondack Park - Central Adirondacks	Newcomb	Local Site Development	Project Advancement	Feasibility Study	Town of Newcomb with SUNY ESF Adirondack Ecological Center	<b>Northern Forest Conservation Education and Leadership Training Institute</b> Business feasibility study for conference facility and adaptive reuse of Masten House	2008	\$50,000	Complete
Adirondack Park - Central Adirondacks	Raquette Lake	Cultural Amenities	Implementation	Events and Programming	Sagamore Institute of the Adirondacks in Raquette Lake	<b>Great Camp Sagamore Visitor Interpretation and Education Project</b> Expand educational opportunities that will engage regional tourists in guided hikes, historical and environmental programs and other activities that visitors to the Adirondacks are looking for. Expand access and tourism services at this National Historic Landmark by creating new programs and recreational opportunities including hiking, mountain biking and paddle sports in a beautiful setting.	2017	\$67,620	In Progress
Adirondack Park - Lake Champlain	Boquet, Port Henry, Willsboro	Cultural Resources	Implementation	Capital Improvement / Construction	Town of Moriah with Town of Willsboro and Town of Essex	<b>Champlain Valley Historic Heritage Partnership Implementation</b> Restore three regionally-significant historic structures located along the Champlain Valley, NYS Path through History, and Lakes to Locks Passage Scenic Byway that help tell the story of the Champlain Valley region of the Adirondack Park. <ul style="list-style-type: none"><li>• the Adsit (AD-SIT) Cabin, the oldest known log cabin in the United States;</li><li>• the Iron Center, an 1891 Carriage House building that illustrates Moriah’s historic role in supplying high-grade Iron Ore; and</li><li>• the Boquet (BOW-KET) School House, an octagonal schoolhouse that has retained its original design and material since construction in 1826.</li></ul>	2015	\$39,902	Complete
Adirondack Park - Lake Champlain	Crown Point	Local Site Development	Implementation	Infrastructure	Town of Crown Point	<b>War Canoe Spirits Distillery Water Service Upgrades</b> Upgrade the public water supply in support of restoration of a historic barn in the hamlet of Crown Point which will become a flagship retail store, tasting room, and reception room for public functions. The upgraded water supply will allow for fire safety and will support the process of distilling liquors for sale and distribution.	2017	\$75,000	In Progress
Adirondack Park - Lake Champlain	Crown Point	Economic Development	Implementation	Capital Improvement / Construction	Essex County Department of Community Resources, with Town of Crown Point	<b>Fishing for Opportunity: Essex Co. Fish Hatchery/Crown Point Shared Services</b> Address water supply issues and make structural improvements to the Essex County fish hatchery and the Town's municipal water system. Drill a new water well and construct a new municipal water treatment and control facility on hatchery property, complete with office space and restrooms for employees and visitors.	2016	\$75,000	In Progress
Adirondack Park - Lake Champlain	Keeseville	Hamlet Revitalization	Implementation	Building Demolition	Town of Ausable, with Adirondack Architectural Heritage (AARCH)	<b>Town of Ausable Riverside Park</b> Remove the deteriorated 15,000 square foot "Red Mill" in Keeseville. On the vacated land, create a public waterfront park along the Ausable River, the village’s most significant natural resource. The river’s west bank will be transformed, through abatement and demolition, from a deteriorating industrial site to a beautiful 2.3-acre greenspace for hosting events, a farmers’ market, interpretive signage, walking path, and a playground adjacent to the historic Stone Mill.	2016	\$75,000	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Lake Champlain	Lake Placid, Port Henry, Saranac Lake, Schroon Lake, Ticonderoga, Wilmington	Regional Economic Development	Planning	Strategic Plan	Essex County with Town of Moriah, Town of North Elba, Town of Schroon, Town of Ticonderoga, and Town of Wilmington	<b>Essex County Destination Master Plan</b> Convene local leaders within each of the County’s leading tourism communities to support a countywide effort to transform tourism into a sustainable, locally-led, year-round economy	2008	\$100,000	Complete
Adirondack Park - Lake Champlain	Lewis, North Elba, Willsboro	Recreation	Implementation	Trail Building	Town of Willsboro with Town of North Elba and Town of Lewis	<b>Multi-Town Trail Development: Willsboro, North Elba &amp; Lewis</b> Develop multi-use recreational trails in the towns of Willsboro, Lewis and North Elba. Essex County is rapidly becoming known as a premiere mountain biking destination through the efforts of BETA in the creation of over 30 miles of IMBA sanctioned trails on public and private lands, primarily in the Wilmington-Lake Placid area. The trail projects in Lewis and North Elba will reinforce the Adirondacks as a mountain biking destination. The trail project in Willsboro will connect the hamlet of Willsboro with recreational assets along the Boquet River.	2015	\$74,948	In Progress
Adirondack Park - Lake Champlain	Port Henry	Local Site Development	Project Advancement	Marketing and Promotion	Town of Moriah	<b>Building Moriah's New Waterfront Destination</b> Begin implementation of a vision for two Town-owned properties on Lake Champlain waterfront in the hamlet of Port Henry. The project was developed through phases, surveys and meetings involving the Moriah Economic Development Taskforce. A public process will result in selection of a developer for one property and dedication of the other property as public parkland.	2017	\$75,000	Complete
Adirondack Park - Lake Champlain	Port Henry	Community Development	Implementation	Comp Plans / Land Use Updates	Village of Port Henry	<b>Implementing a Port Henry Blue Print</b> Develop land use ordinances to enact the Village of Port Henry's priorities, developed over years of public meetings, public hearings and zoning commission report recommendations. Formally adopt the current informal Comprehensive Plan. Over time, the project will help preserve the historic nature and character of the Village. Potential new rules will help harmonize landscapes in neighborhoods, address building design, size, facade and arrangement for physical and aesthetic continuity. There will also be a focus on mixed-use development, rehabilitation, waterfront improvement and walkable areas	2015	\$24,000	In Progress
Adirondack Park - Lake Champlain	Ticonderoga	Cultural Amenities	Implementation	Capital Improvement / Construction	Fort Ticonderoga Association, with the Town of Ticonderoga	<b>Fort Ticonderoga Deck Repair</b> Repair stone deck on the east and northeast sections of the historic fort, preventing water infiltration into the original 18th-century French bake ovens and the education center, which provides year-round education and hospitality functions for over 75,000 visitors each year.	2017	\$25,000	Complete
Adirondack Park - Lake Champlain	Ticonderoga	Hamlet Revitalization	Project Advancement	Engineering Plans	Town of Ticonderoga	<b>Construction Drawings for the Reconstruction of the 18th Century French Sawmill</b> Develop construction drawings for Reconstruction of the 18th Century French Sawmill to be located on the LaChute River, the historic river flowing through downtown Ticonderoga and the waterway that connects Lake George with Lake Champlain. Construction drawings will include approximately 50 sheets graphically describing every part of the sawmill site, building and machinery and how each of the parts are related.	2016	\$50,752	Complete
Adirondack Park - Lake Champlain	Town of AuSable	Community Development	Planning	Comp Plans / Land Use Updates	Town of AuSable	<b>Town of AuSable Comprehensive Plan</b> Develop a town-wide Comprehensive Plan	2008	\$26,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Lake Champlain	Town of Elizabethtown	Community Development	Planning	Comp Plans / Land Use Updates	Town of Elizabethtown	<b>Town of Elizabethtown Comprehensive Plan</b> Develop a comprehensive plan, providing the Town with a smart growth expansion plan to include pedestrian linkages, public sewer, and prioritization of projects	2011	\$37,000	Complete
Adirondack Park - Lake Champlain	Town of Lewis	Community Development	Planning	Comp Plans / Land Use Updates	Town of Lewis	<b>Town of Lewis Comprehensive Plan</b> Develop a comprehensive plan, providing the Town with a land use plan and smart growth expansion framework to guide growth	2011	\$23,000	Complete
Adirondack Park - Lake Champlain	Willsboro	Recreation	Implementation	Park Improvement	Town of Willsboro	<b>Development for Florence Hathaway Recreation Park</b> Complete engineering design, environmental review, permitting and construction of facilities suitable for all ages, including a baseball/softball field, tennis courts, playground, soccer field and trail system.	2017	\$75,000	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	Bolton Landing	Hamlet Revitalization	Implementation	Infrastructure	Town of Bolton	<b>Cross Street Parking Facility</b> Construct a public parking facility that will unify the town’s public services including the Municipal Center, Health Center, Recreation Commission, Local Police Station, Farmers Market, Senior Center, and the Office for the Aging Meal Site. Utilize green infrastructure principles and best management practices for stormwater. The parking facility will accommodate 58 vehicles, supporting a centralized Town Center. It will serve visitors to the Lake George waterfront and downtown businesses.	2015	\$68,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Bolton Landing	Hamlet Revitalization	Planning	Strategic Plan	Town of Bolton	<b>Sustainability Plan for the Hamlet of Bolton Landing</b> Develop a sustainability plan for environmentally sound, responsible economic activity and detailing priorities for investment in the hamlet of Bolton Landing.	2008	\$50,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Bolton Landing, Hague, Lake George, Ticonderoga	Recreation	Planning	Strategic Plan	Town of Bolton with Town of Hague, Town of Lake George, and Village of Lake George	<b>Trails Master Plan for the West Side of Lake George</b> Develop a detailed master plan of hiking, biking and snowmobiling, including linkage of existing trail systems, community centers and municipal transportation and promotion of new tourism opportunities	2011	\$69,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Brant Lake	Hamlet Revitalization	Planning	Strategic Plan	Town of Horicon	<b>Town of Horicon Community Development Strategic Plan</b> Develop a Brant Lake hamlet plan addressing economic, housing and infrastructure needs of low to moderate-income hamlet residents	2008	\$23,585	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Corinth, Hadley, North Creek, Riparius, Stony Creek, The Glen, Thurman Station	Regional Economic Development	Implementation	Marketing and Promotion	Warren County, with nine local communities	<b>Promoting the First Wilderness</b> Implement priority goals of the First Wilderness Heritage Corridor Marketing and Promotion Plan, specifically: create graphic displays for public spaces such as Albany International Airport, Rensselaer Train Station, and the Glens Falls Civic Center; design and produce promotional items and print material; and develop a geocache trail through the Corridor communities.	2017	\$67,936.10	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	Lake George	Hamlet Revitalization	Project Advancement	Engineering Plans	Village of Lake George	<b>South Canada Street Site Improvements Design</b> Develop design and construction documents for streetscape improvements along the west side of Canada St. in Lake George Village. This stretch of Canada St. (roughly 0.37 miles long) connects the intersection of Million Dollar Beach Rd. and Canada St. with the entrance to the Charles R. Wood Park.	2016	\$22,250	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Lake Luzerne	Cultural Amenities	Implementation	Marketing and Promotion	Adirondack Folk School, Inc. in Lake Luzerne	<b>Discover the Adirondack Folk School in Lake Luzerne, NY!</b> Produce professional videos, promoting classes unique to the Adirondack Folk School along with the surrounding natural beauty of Lake Luzerne.	2017	\$18,700	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Lake George / Schroon / Hudson River	Lake Luzerne	Cultural Amenities	Implementation	Marketing and Outreach	Town of Lake Luzerne with Adirondack Folk School	<b>Adirondack Folk School</b> Develop and implement a comprehensive outreach program to draw instructors and students into the community of Lake Luzerne and its school of traditional Adirondack arts, crafts and culture	2011	\$40,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	North Creek	Recreation	Implementation	Park Improvement	Town of Johnsburg	<b>Ski Bowl Park Improvements</b> Further improve Ski Bowl Park, a municipal park and tourist attraction adjacent to the hamlet of North Creek used by Gore Mountain for alpine and Nordic skiing in winter. Enhance the park experience for residents and tourists during other seasons by expanding the sandy public beach area and extending an existing non-motorized, multi-use trail by 2.2 km to reach the summit of Little Gore Mt.	2017	\$73,981	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	North Creek	Recreation	Implementation	Trail Building	Town of Johnsburg	<b>North Creek Ski Bowl Trails, Kiosks, and Signs</b> Enhance spring, summer, and fall non-motorized multiple-use of the North Creek Ski Bowl Park; an exceptional community and destination recreational trail system. Place kiosks at trailheads, develop trailhead signage, strategically install trail map boards, and build an additional 1km of trails to connect with the existing network. Develop brochures and an interactive mapping app. Install benches and picnic tables on trails and at the picnic area.	2015	\$37,121	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Pilot Knob	Recreation	Implementation	Trail Building	Lake George Land Conservancy	<b>Pilot Knob Trail Reconstruction</b> Reconstruct and reroute the current trail system that is in place at the popular Lynn Schumann Preserve to protect environmental resources, decrease erosion, improve safety & walk-ability and support residents and tourists using the trail to hike, explore and seek scenic views of Lake George.	2017	\$40,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Stony Creek	Hamlet Revitalization	Planning	Strategic Plan	Town of Stony Creek	<b>Revitalization Study for the Hamlet of Stony Creek</b> Develop a strategic plan for reasonably scaled revitalization activity in the hamlet	2008	\$25,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Town of Chester	Community Development	Planning	Strategic Plan	Town of Chester	<b>Town of Chester Community Housing Plan</b> Develop town-wide plan to retain existing and establish new housing opportunities that are affordable to working residents	2008	\$35,000	Complete
Adirondack Park - Moose River / Old Forge / Fulton Chain	Lewis County	Community Development	Planning	Comp Plans / Land Use Updates	Lewis County with its Adirondack towns	<b>Lewis County, Countywide Comprehensive Plan</b> Include in the countywide planning process, the needs of Adirondack communities; the Town of Diana, Town of Croghan, Town of Watson, Town of Greig, and Town of Lyonsdale	2008	\$34,310	Complete
Adirondack Park - Moose River / Old Forge / Fulton Chain	Otter Lake	Community Development	Project Advancement	Feasibility Study	Otter Lake Fire Company Inc. in Forestport	<b>Otter Lake Fire Co. Feasibility Study for Senior Citizen Apartments</b> Develop plan for conversion of the former Otter Lake Fire Station, located at 14015 St Rt 28, in the Hamlet of Otter Lake into Senior Citizen apartments. Acquire professional services for design and engineering, as well as studying the financial and logistical aspects associated with the long term management of such a facility.	2017	\$19,210	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Northern Foothills	Duane Center	Community Development	Implementation	Capital Improvement / Construction	Town of Duane	<b>Duane 1884 Church</b> Preserve a small church built in 1884 that is listed on the National Register of Historic Places. Prevent the foundation of the church’s bell tower from failing. The building and the bell tower will be raised so the failing foundation walls can be replaced, and the intact stone wall shored up. The church helps identify Duane Center as the hub of the community – an area the Town is working to develop for small businesses. Improvements to the church will also promote increased use of the adjacent Town-owned recreational trail system for hiking and cross-country skiing and wildlife viewing via a remote overlook.	2015	\$74,029	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Lake Placid	Hamlet Revitalization	Implementation	Infrastructure	Lake Placid Village, Inc.	<b>Mirror Lake Stormwater Improvement Project</b> Upgrade the stormwater collection system along 1,100 ft. of Mirror Lake Dr. in the Village of Lake Placid to improve the water quality of Mirror Lake and downstream water bodies, including the Ausable River. The Village will also install a decorative concrete sidewalk and pedestrian lighting along the sidewalk to enhance aesthetics and safety along this popular route.	2016	\$75,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Cultural Amenities	Implementation	Capital Improvement / Construction	BluSeed Studios, Inc. in Saranac Lake	<b>A New View of BluSeed Studios: Building and Site Improvements Along a Village Travel Corridor</b> Restore building exterior, improving appearance and functionality to capitalize on potential rail trail connection and continue BluSeed Studio's role as a prospering center for the arts and culture in the region.	2017	\$39,010	In Progress
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Recreation	Implementation	Trail Building	Village of Saranac Lake	<b>Saranac Lake Southern Gateway Multi-Use Trail</b> Design and construct a 900’ multi-use trail between the proposed Adirondack Rail Trail and Lake Flower Avenue. The “Southern Gateway Trail” will connect the commercial district and residential neighborhoods along Lake Flower Avenue in the Village to the planned rail trail.	2017	\$75,000	In Progress
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Hamlet Revitalization	Implementation	Marketing and Outreach	Biodiversity Research Institute (BRI), with Adirondack Hamlets to Huts, and the Village of Saranac Lake.	<b>Adirondack Community-Based Trails, Loons, Lakes and Lodging</b> Revitalize two significant buildings in downtown Saranac Lake as 1) shared space for BRI’s Adirondack Center for Loon Conservation and Adirondack Hamlets to Huts, two small but significant conservation organizations; 2) a “Leave No Trace” educational center highlighting environmental issues critical to the health of the Adirondacks and its inhabitants, both wild and human; and 3) a retail store to provide support for the long-term sustainability of the organizations.	2016	\$50,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Town of Brighton	Community Development	Planning	Strategic Plan	Town of Brighton with Adirondack Watershed Institute	<b>Brighton Smart Growth Assessment Project</b> Develop a natural-resource based land use assessment and cooperative community effort to attract sustainable economic growth	2008	\$46,400	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Hamlet Revitalization	Project Advancement	Engineering Plans	Town of Wilmington	<b>Alternative Wastewater System for Economic Development</b> Develop the Town’s Alternative Wastewater System design and associated engineering plans, focused on development of a downtown node, encouraging gradual improvements and in-situ growth within the hamlet. A 2015 Wastewater Feasibility Study defined the specific type of treatment and design parameters needed to support lodging facilities currently dispersed on lots within the hamlet as well as for any new larger scale hotel.	2016	\$40,000	In Progress
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Recreation	Implementation	Marketing and Outreach	Town of Wilmington	<b>Wilmington Mountain Bike Trail System</b> Develop a web page and brochures marketing mountain biking opportunities in the Town	2011	\$5,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Hamlet Revitalization	Project Advancement	Feasibility Study	Town of Wilmington	<b>Community Center Feasibility Study</b> Economic Impact Feasibility Study for a Community Center, Municipal Offices, Historical Society Building and a Fly Fishing Museum	2008	\$50,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	Cranberry Lake, Fine, Newton Falls, Oswegatchie, Star Lake, Wanakena	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Fine with Town of Clifton, and partners	<b>Building Community Capacity to Sustain the Economic and Community Revitalization Efforts in the Towns of Clifton and Fine (Part II)</b> Continue advancement of regional community development priorities for the northwestern Adirondack Park, in partnership with St. Lawrence County, Wildlife Conservation Society, and Clifton-Fine Economic Development Corporation.	2011	\$75,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	Cranberry Lake, Fine, Newton Falls, Oswegatchie, Star Lake, Wanakena	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Fine with Town of Clifton	<b>Building Community Capacity in the Towns of Clifton and Fine</b> Advance priority projects to sustain the region’s economic and community revitalization efforts in partnership with St. Lawrence County, Wildlife Conservation Society, and Clifton-Fine Economic Development Corporation	2008	\$98,250	Complete
Adirondack Park - Tupper / Adirondack Seaway	St. Lawrence County	Recreation	Implementation	Marketing and Outreach	St. Lawrence County	<b>A User's Guide to the Adirondacks in St. Lawrence County</b> Develop a comprehensive tourism guide cataloguing recreational opportunities in the Adirondack Park in St. Lawrence County	2008	\$45,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	Star Lake	Local Site Development	Project Advancement	Building Demolition	St. Lawrence County, with the towns of Clifton and Fine	<b>Demolition/Abatement of former Jones &amp; Laughlin (J&amp;L) Steel</b> Support Phase 2 of the abatement of hazardous materials and demolition of dilapidated structures at the former J&L Steel site in the Town of Clifton. Mitigate or eliminate the blighting influence of structures at this mill site, closed since 1977, and allow productive use of industrial zoned land.	2017	\$75,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Implementation	Capital Improvement / Construction	Town of Tupper Lake	<b>Tupper Lake Rail &amp; Rail-Trail Readiness Program</b> Develop a Readiness Action Plan for the planned Adirondack Rail-Trail & returned rail service coming to the region, develop a feasibility study & design concept for the Tupper Lake Train Depot, shore up the Tupper Lake Depot parking area, implement the first phase of the Rail and Rail-Trail Readiness Action Plan by becoming more “bike friendly,” and work with other communities along the Adirondack Rail-Trail Corridor to provide a consistent user experience.	2017	\$75,000	In Progress
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Cultural Amenities	Project Advancement	Engineering Plans	Town of Tupper Lake, with Adirondack Public Observatory, Inc.	<b>Support for the Adirondack Public Observatory</b> Assist the Adirondack Public Observatory (APO) to accomplish its goal of capitalizing on the Park’s dark and clear night skies to attract residents and visitors to explore the Cosmos. Develop architectural and engineering design for the museum / observatory, a communications strategy, and a fundraising campaign strategy.	2016	\$70,000	In Progress
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Implementation	Capital Improvement / Construction	Town of Tupper Lake with Village of Tupper Lake	<b>Improving Tupper Lake's 21st Century Curb Appeal</b> Install a new building façade in the traditional rustic Adirondack style at ROOST’s Tupper Lake Information Center on Park Street. Assist tourism businesses and attractions to improve their digital “curb appeal” and thereby maximize the value of the community’s investment in ROOST’s marketing services. Together, Tupper Lake and the Regional Office Of Sustainable Tourism	2015	\$50,000	In Progress
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Planning	Strategic Plan	Town of Tupper Lake with Village of Tupper Lake	<b>Joint Planning to Implement Tupper Lake Community Development Priorities</b> Advance priority projects and develop a visual identity through community design guidelines	2008	\$100,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Parkwide	Catskill Park	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Shandaken, with nine neighboring local governments	<b>Catskill Park Scenic Byways Implementation Project</b> Increase coordination between the 9 local governments comprising the two designated scenic byways in the Catskill Park; implement key components of byway plans and regional and state plans; extend the Mountain Cloves Scenic Byway and make a second connection with the Catskill Mountains Scenic Byway; work with NYSDOT to implement longstanding Park-wide transportation recommendations; and produce promotional materials, audio tours and website enhancements.	2017	\$74,734	In Progress
Catskill Park - Parkwide	Catskill Park	Recreation	Implementation	Wayfinding Signs and Kiosks	Catskill Watershed Corporation	<b>Catskill Park Wayfinding Sign Project</b> Implement a roadside wayfinding sign system for recreational resources located adjacent to or accessible from state and local roads throughout the Catskill Park. This project will consist of a coordinated work program that will involve key stakeholders and partners in the identification of local, state, and New York City-owned recreational resources and the installation of signage over three years.	2015	\$50,000	Complete
Catskill Park - Catskill Mountains Scenic Byway	Andes	Community Development	Implementation	Infrastructure	Town of Andes	<b>Andes Secondary Water Source Project</b> Construct a second source for the Andes water system. The town administers the Andes Water District which covers the hamlet of Andes, plus additional customers in the Gladstone Hollow area. The current water system has decreased in capacity. To meet the demands of the system, a second well is required. The hamlet is a key resource to the Park, with visitor services, tremendous historic resources, a walkable central district, local sourced food and cultural activities.	2016	\$64,500	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Andes	Community Development	Implementation	Park Improvement	Town of Andes	<b>Ballantyne Park Improvements</b> Create two new structures within the historic Ballantyne Park at the western edge of the hamlet of Andes, building a gazebo and footbridge to augment the hamlet’s self-guided history trail. This scenic, rural and well-situated hamlet is listed as a historic district on the National Register of Historic Places. The hamlet is well-preserved; while maintaining economic activity downtown, it has thus far avoided sprawling development that would counter its picturesque walkable character.	2015	\$45,481	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Andes	Cultural Amenities	Implementation	Capital Improvement / Construction	Town of Andes with Andes Society for History and Culture and Catskill Center for Conservation & Development	<b>Project Calico - Phase 1 &amp; 2</b> Establish a hamlet walking tour, guided by markers, leading to a foot-path and access bridge in the town park, culminating at the historic rail station. Develop a town logo, insignia, flags, banners and historic plaques based on the town's role in America's agricultural Anti-rent Wars	2010	\$82,390	Complete
Catskill Park - Catskill Mountains Scenic Byway	Arkville	Cultural Amenities	Implementation	Capital Improvements / Construction	Catskill Revitalization Corp./ dba Delaware & Ulster Railroad	<b>Delaware &amp; Ulster Railroad Beautification Project</b> Relocate historic engine and caboose for public display. Install landscape plantings and materials, including benches, picnic tables, bike racks, and related amenities to implement a landscape plan for a key gateway location in the historic and increasingly walkable hamlet of Arkville.	2010	\$51,993	Complete
Catskill Park - Catskill Mountains Scenic Byway	Arkville	Hamlet Revitalization	Implementation	Infrastructure	Town of Middletown	<b>Arkville Hamlet NYS Route 28 Corridor Improvement Projects</b> Construct new sidewalk, the erect "Welcome" signs, and install park benches, garbage receptacles, and planter boxes in the hamlet of Arkville. Repair the stone facade of the historic town schoolhouse, to complete aesthetic and functional improvements along the NYS Route 28 corridor.	2010	\$83,333	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Catskill Mountains Scenic Byway	Ashokan	Community Development	Implementation	Park Improvement	Town of Olive with NYC DEP, Ulster County Planning Dept., and Catskill Mountain Railroad Co.	<b>Ashokan Roadside Picnic Park</b> Construct an attractive resting place for travelers along Route 28, including a pavilion with two picnic tables, a clean water source, toilet facility and a kiosk to provide information about local history and culture, activities, and nearby attractions	2010	\$43,000	Withdrawn
Catskill Park - Catskill Mountains Scenic Byway	Big Indian, Mt Tremper, Phoenicia, Pine Hill, Shandaken	Community Development	Implementation	Park Improvement	Town of Shandaken	<b>Shandaken is En"lightening"</b> Improve town parks and informational signage. Install solar lighting and landscaping for town signs erected under a previous Smart Growth Grant, improve town parks to include additional children's equipment, a new attraction, benches and picnic tables, and electricity and lighting in the only town park without it. New signage will denote the amenities available at each park and will include a town-wide map showing locations of all town parks and the amenities available at each.	2016	\$28,450	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Big Indian, Mt Tremper, Phoenicia, Pine Hill, Shandaken	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Shandaken	<b>The Faces of Shandaken</b> Design and install solar-lighted informational kiosks, attractive roadside welcome signs, and a small information center to be placed along Route 28, near the eastern entrance into town. Improve the facade of Shandaken Town Hall	2010	\$83,000	Complete
Catskill Park - Catskill Mountains Scenic Byway	Fleischmanns	Community Development	Implementation	Park Improvement	Village of Fleischmanns	<b>Village of Fleischmanns Gateway Project</b> Develop a Village gateway enhancement project to draw visitors into the Village and complement the scenic Route 28 corridor. The project area is located at the easternmost entrance to the village which is directly connected to NYS Route 28. Design and develop a pocket park to include landscaping, benches, street lamps and signage. Improve the visibility and aesthetics of the entrance to the village while creating a welcoming environment for cyclists and pedestrians.	2015	\$45,482	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Fleischmanns	Hamlet Revitalization	Implementation	Infrastructure	Village of Fleischmanns with The MARK Group	<b>Fleischmanns Sidewalk and Park Improvement Project</b> Construct new sidewalk and enhance the Village Park, including replacement of deteriorated iron safety rail and the installation of period lights and rustic benches and railings along historic Wagner Avenue, to connect open space and cultural amenities in the Village	2010	\$83,100	Complete
Catskill Park - Catskill Mountains Scenic Byway	Margaretville	Hamlet Revitalization	Implementation	Infrastructure	Village of Margaretville	<b>Margaretville Gateway Improvements</b> Install context sensitive street lights, welcome signs, new trees and an interpretive kiosk to make key Village entry locations more attractive and walkable and provide interpretation of nearby resources.	2010	\$83,288	Complete
Catskill Park - Catskill Mountains Scenic Byway	Mt Tremper	Cultural Amenities	Project Advancement	Engineering Plans	Catskill Center for Conservation & Development, with support from the Town of Shandaken	<b>Creating an Interpretive Design for the Catskill Interpretive Center</b> Develop conceptual design for exhibits and visitor services both inside and outside the Catskill Interpretive Center’s building to maximize use of existing space. The Maurice D. Hinchey Catskill Interpretive Center opened in July 2015, with the mission to interpret the rich natural and cultural environment in the Catskill Park and to provide information to visitors about the wide variety of recreational and cultural offerings throughout the park.	2016	\$30,992	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Catskill Mountains Scenic Byway	Phoenicia	Cultural Amenities	Implementation	Capital Improvement / Construction	Shandaken Theatrical Society, Inc., in Phoenicia	<b>Shandaken Theatrical Society – Fostering Community Through Theater</b> Renovate century-old theater to increase its appeal and relevance to the community. Work includes: exterior renovation, outdoor lighting, marquee and signage, and landscaping including a patio with tables, chairs and fencing. Revitalizing the building will beautify a prominent landmark, engender community involvement & create gathering space for community members and theater patrons.	2017	\$50,210	In Progress
Catskill Park - Mountain Cloves	Hunter, Lanesville, Palenville, Tannersville	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Hunter	<b>Mountain Cloves Scenic Byway Gateway Signage Project</b> Design and install 5 informational kiosks to mark and interpret the 41-mile “Mountain Cloves Scenic Byway,” the first Catskill Park Scenic Byway, designated by the NYS Senate in 2013. Kiosks will be placed in the Village of Hunter, Village of Tannersville, Hamlet of Palenville (Town of Catskill), Hamlet of Lanesville and Town of Hunter. Design and print a brochure to promote the byway and the hamlets and villages within the Town of Hunter.	2015	\$26,131	In Progress
Catskill Park - Mountain Cloves	Lexington	Hamlet Revitalization	Implementation	Park Improvement	Town of Lexington	<b>Lexington Waterfront Park</b> Create a streamside pocket park on the north bank of the Schoharie Creek, on County Route 13a to improve public access to the community’s natural resources. The Lexington Waterfront Park will include 150 yards of riverfront in the center of town and adjacent to an NYSDEC fishing access site.	2015	\$62,425	Complete
Catskill Park - Mountain Cloves	Tannersville	Recreation	Project Advancement	Strategic Plan	Town of Hunter, with the Village of Tannersville	<b>Town of Hunter Trails Initiative</b> Develop a townwide trails plan including conceptual design, branding strategy and promotional materials as well as construction specifications and cost estimates for the Kaaterskill Rail Trail, Phase Three.	2017	\$75,000	In Progress
Catskill Park - Mountain Cloves	Tannersville	Cultural Amenities	Implementation	Capital Improvement / Construction	Mountain Top Arboretum, in Tannersville	<b>Mountain Top Arboretum Education Center Building Project</b> Complete a new education center building to accommodate large groups and offer public educational and cultural programs year-round. The building incorporates local timber from the major tree species native to the Catskill Park which can also be seen throughout the arboretum grounds.	2017	\$60,000	Complete
Catskill Park - Mountain Cloves	Tannersville	Cultural Amenities	Implementation	Capital Improvement / Construction	Mountain Top Arboretum, with support from the town of Hunter	<b>The Mountain Top Arboretum Safe Entry Project</b> Widen the arboretum’s access road to accommodate emergency vehicles and buses and improve safety. Improve drainage from County Route 23C and the expanded access road, to reduce erosion and water runoff. Replace existing signage in three locations so visitors can better identify the site. Upgrades to the facility will provide a better visitor experience and attract and accommodate additional visitors.	2016	\$24,875	Complete
Catskill Park - Mountain Cloves	Tannersville	Hamlet Revitalization	Implementation	Wayfinding Signs and Kiosks	Village of Tannersville	<b>Main Street Village of Tannersville Visitor Information Kiosk Project</b> Install two, four-sided kiosks on Main Street in Tannersville to orient visitors to lodging, shops, services, parking, cultural and recreational assets. The structures will be eight feet tall, sturdy and attractive. They will be custom built and designed to reflect the "Painted Village in the Sky" visual and cultural identity that is unique to the Village. The panels are designed for the transparent cover to be easily removed allowing for updating graphics as recreation or commercial assets expand.	2016	\$20,500	Complete
Catskill Park - Route 23 Corridor	Ashland	Recreation	Implementation	Park Improvement	Town of Ashland	<b>Ashland Town Park</b> Purchase and install a 60' octagonal pavilion, which will become a center point of the park allowing for community gatherings and enhanced park use, positively impacting the hamlet of Ashland.	2017	\$75,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Route 23 Corridor	Cairo	Community Development	Implementation	Infrastructure	Town of Cairo	<b>Cairo Main Street Multi-Modal Pathway</b> Construct a multi-modal pathway linking the central business district in the Hamlet of Cairo with newer development at its east end. The project is an integral part of the planned Main Street revitalization and includes construction of approximately ½ mile of sidewalks/bike path on the east end of Main Street (County Route 23B) and several pocket parks.	2015	\$75,000	In Progress
Catskill Park - Route 23 Corridor	Prattsville	Recreation	Implementation	Park Improvement	Town of Prattsville, with support from the towns of Lexington and Ashland	<b>Pavilion at Conine Field Recreation Area</b> Build a park pavilion within the new Conine Field recreation area, which serves as a gateway to the town with over 2,600 cars passing by each day. The pavilion adds the final element to the recreation area, enticing people to enjoy the park's scenic and natural resources. It will help attract and retain young families, service aging residents and support youth activities, serving the new housing development in town which will have 44 senior apartments and 16 low/moderate income homes.	2016	\$53,683	Complete
Catskill Park - Route 23 Corridor	Windham	Recreation	Implementation	Trail Building	Windham Area Recreation Foundation Inc. with support from the Town of Windham	<b>Windham Path Phase III - Hensonville Center to Maplecrest Center</b> Develop a hard-packed, non-paved, non-motorized multiple use trail appropriate for cyclists, pedestrians, cross-country skiers and snowshoers, connecting the residential, business and activity centers of Windham, Hensonville and Maplecrest along the Batavia Kill. This is an extension of the Windham Path, the centerpiece of the vision to develop Windham as a four-season destination area that attracts outdoor enthusiasts and improves the quality of life for its residents.	2015	\$50,000	In Progress
Catskill Park - Sullivan / Sundown	Neversink	Recreation	Implementation	Park Improvement	Town of Neversink	<b>Neversink Town Park</b> Create a walking path around the perimeter of the Town’s new recreational park, as well as planting trees, shrubs and storm water retention plantings throughout the park. The park features new ball fields and a picnic pavilion. The exercise path and bioretention rain gardens will further enhance the beauty and recreational potential of the park and make it more inviting for the community and visitors.	2015	\$45,481	Complete
Catskill Park - Sullivan / Sundown	Town of Rockland	Community Development	Planning	Comp Plans / Land Use Updates	Town of Rockland	<b>Town of Rockland Comprehensive Plan</b> Develop a town-wide comprehensive plan, which includes a vision, goals, objectives, and a detailed implementation plan that reflect the current topics, opportunities and challenges in the town and the greater region. The plan will provide detailed analyses of population, economic, and natural resources data, as well as a series of maps to illustrate existing conditions and patterns of change. The plan will also isolate three or four major themes to help focus on and advance priority actions.	2017	\$35,000	In Progress

SORTED BY GENERAL FOCUS / GOAL OF GRANT

Adirondack Park - Lake George / Schroon / Hudson River	Stony Creek	Hamlet Revitalization	Planning	Strategic Plan	Town of Stony Creek	<b>Revitalization Study for the Hamlet of Stony Creek</b> Develop a strategic plan for reasonably scaled revitalization activity in the hamlet	2008	\$25,000	Complete
Adirondack Park - Parkwide	Ausable Forks, Blue Mtn. Lake, Caroga Lake, Indian Lake, Long Lake	Hamlet Revitalization	Project Advancement	Strategic Plan	Essex County with the Adirondack Community Housing Trust	<b>Hamlets 3, Training and Implementation Workshops</b> Provide technical assistance for several Park communities to use the new planning guide for hamlet expansion and infill.	2011	\$88,000	Complete
Adirondack Park - Parkwide	Adirondack Park	Hamlet Revitalization	Planning	Strategic Plan	Essex County with Adirondack Community Housing Trust	<b>Hamlets of the Adirondacks, Phase 3</b> Develop an Adirondack Park focused planning guide for hamlet expansion and infill	2008	\$120,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Lake Placid	Hamlet Revitalization	Implementation	Infrastructure	Lake Placid Village, Inc.	<b>Mirror Lake Stormwater Improvement Project</b> Upgrade the stormwater collection system along 1,100 ft. of Mirror Lake Dr. in the Village of Lake Placid to improve the water quality of Mirror Lake and downstream water bodies, including the Ausable River. The Village will also install a decorative concrete sidewalk and pedestrian lighting along the sidewalk to enhance aesthetics and safety along this popular route.	2016	\$75,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Hamlet Revitalization	Implementation	Marketing and Outreach	Biodiversity Research Institute (BRI), with Adirondack Hamlets to Huts, and the Village of Saranac Lake.	<b>Adirondack Community-Based Trails, Loons, Lakes and Lodging</b> Revitalize two significant buildings in downtown Saranac Lake as 1) shared space for BRI’s Adirondack Center for Loon Conservation and Adirondack Hamlets to Huts, two small but significant conservation organizations; 2) a “Leave No Trace” educational center highlighting environmental issues critical to the health of the Adirondacks and its inhabitants, both wild and human; and 3) a retail store to provide support for the long-term sustainability of the organizations.	2016	\$50,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Hamlet Revitalization	Project Advancement	Engineering Plans	Town of Wilmington	<b>Alternative Wastewater System for Economic Development</b> Develop the Town’s Alternative Wastewater System design and associated engineering plans, focused on development of a downtown node, encouraging gradual improvements and in-situ growth within the hamlet. A 2015 Wastewater Feasibility Study defined the specific type of treatment and design parameters needed to support lodging facilities currently dispersed on lots within the hamlet as well as for any new larger scale hotel.	2016	\$40,000	In Progress
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Hamlet Revitalization	Project Advancement	Feasibility Study	Town of Wilmington	<b>Community Center Feasibility Study</b> Economic Impact Feasibility Study for a Community Center, Municipal Offices, Historical Society Building and a Fly Fishing Museum	2008	\$50,000	Complete
Catskill Park - Catskill Mountains Scenic Byway	Arkville	Hamlet Revitalization	Implementation	Infrastructure	Town of Middletown	<b>Arkville Hamlet NYS Route 28 Corridor Improvement Projects</b> Construct new sidewalk, the erect "Welcome" signs, and install park benches, garbage receptacles, and planter boxes in the hamlet of Arkville. Repair the stone facade of the historic town schoolhouse, to complete aesthetic and functional improvements along the NYS Route 28 corridor.	2010	\$83,333	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Catskill Mountains Scenic Byway	Fleischmanns	Hamlet Revitalization	Implementation	Infrastructure	Village of Fleischmanns with The MARK Group	<b>Fleischmanns Sidewalk and Park Improvement Project</b> Construct new sidewalk and enhance the Village Park, including replacement of deteriorated iron safety rail and the installation of period lights and rustic benches and railings along historic Wagner Avenue, to connect open space and cultural amenities in the Village	2010	\$83,100	Complete
Catskill Park - Catskill Mountains Scenic Byway	Margaretville	Hamlet Revitalization	Implementation	Infrastructure	Village of Margaretville	<b>Margaretville Gateway Improvements</b> Install context sensitive street lights, welcome signs, new trees and an interpretive kiosk to make key Village entry locations more attractive and walkable and provide interpretation of nearby resources.	2010	\$83,288	Complete
Catskill Park - Mountain Cloves	Tannersville	Hamlet Revitalization	Implementation	Wayfinding Signs and Kiosks	Village of Tannersville	<b>Main Street Village of Tannersville Visitor Information Kiosk Project</b> Install two, four-sided kiosks on Main Street in Tannersville to orient visitors to lodging, shops, services, parking, cultural and recreational assets. The structures will be eight feet tall, sturdy and attractive. They will be custom built and designed to reflect the "Painted Village in the Sky" visual and cultural identity that is unique to the Village. The panels are designed for the transparent cover to be easily removed allowing for updating graphics as recreation or commercial assets expand.	2016	\$20,500	Complete
Catskill Park - Mountain Cloves	Lexington	Hamlet Revitalization	Implementation	Park Improvement	Town of Lexington	<b>Lexington Waterfront Park</b> Create a streamside pocket park on the north bank of the Schoharie Creek, on County Route 13a to improve public access to the community’s natural resources. The Lexington Waterfront Park will include 150 yards of riverfront in the center of town and adjacent to an NYSDEC fishing access site.	2015	\$62,425	Complete
Adirondack Park - Central Adirondacks	Newcomb	Local Site Development	Project Advancement	Feasibility Study	Town of Newcomb with SUNY ESF Adirondack Ecological Center	<b>Northern Forest Conservation Education and Leadership Training Institute</b> Business feasibility study for conference facility and adaptive reuse of Masten House	2008	\$50,000	Complete
Adirondack Park - Lake Champlain	Crown Point	Local Site Development	Implementation	Infrastructure	Town of Crown Point	<b>War Canoe Spirits Distillery Water Service Upgrades</b> Upgrade the public water supply in support of restoration of a historic barn in the hamlet of Crown Point which will become a flagship retail store, tasting room, and reception room for public functions. The upgraded water supply will allow for fire safety and will support the process of distilling liquors for sale and distribution.	2017	\$75,000	In Progress
Adirondack Park - Lake Champlain	Port Henry	Local Site Development	Project Advancement	Marketing and Promotion	Town of Moriah	<b>Building Moriah's New Waterfront Destination</b> Begin implementation of a vision for two Town-owned properties on Lake Champlain waterfront in the hamlet of Port Henry. The project was developed through phases, surveys and meetings involving the Moriah Economic Development Taskforce. A public process will result in selection of a developer for one property and dedication of the other property as public parkland.	2017	\$75,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	Star Lake	Local Site Development	Project Advancement	Building Demolition	St. Lawrence County, with the towns of Clifton and Fine	<b>Demolition/Abatement of former Jones &amp; Laughlin (J&amp;L) Steel</b> Support Phase 2 of the abatement of hazardous materials and demolition of dilapidated structures at the former J&L Steel site in the Town of Clifton. Mitigate or eliminate the blighting influence of structures at this mill site, closed since 1977, and allow productive use of industrial zoned land.	2017	\$75,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Caroga / Piseco / Lake Pleasant / Sacandaga	Wheelerville	Recreation	Project Advancement	Feasibility Study	Town of Caroga	<b>Wheelerville Trails</b> Develop a feasibility study and conceptual plan for a high quality multi-use, non-motorized trail system that includes evaluation of recreation opportunities for mountain biking, hiking and nature observation on Town-owned property between State Highway 29/10 and Irving Pond.	2017	\$6,000	Complete
Adirondack Park - Lake Champlain	Willsboro	Recreation	Implementation	Park Improvement	Town of Willsboro	<b>Development for Florence Hathaway Recreation Park</b> Complete engineering design, environmental review, permitting and construction of facilities suitable for all ages, including a baseball/softball field, tennis courts, playground, soccer field and trail system.	2017	\$75,000	In Progress
Adirondack Park - Lake Champlain	Lewis, North Elba, Willsboro	Recreation	Implementation	Trail Building	Town of Willsboro with Town of North Elba and Town of Lewis	<b>Multi-Town Trail Development: Willsboro, North Elba &amp; Lewis</b> Develop multi-use recreational trails in the towns of Willsboro, Lewis and North Elba. Essex County is rapidly becoming known as a premiere mountain biking destination through the efforts of BETA in the creation of over 30 miles of IMBA sanctioned trails on public and private lands, primarily in the Wilmington-Lake Placid area. The trail projects in Lewis and North Elba will reinforce the Adirondacks as a mountain biking destination. The trail project in Willsboro will connect the hamlet of Willsboro with recreational assets along the Boquet River.	2015	\$74,948	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	North Creek	Recreation	Implementation	Park Improvement	Town of Johnsburg	<b>Ski Bowl Park Improvements</b> Further improve Ski Bowl Park, a municipal park and tourist attraction adjacent to the hamlet of North Creek used by Gore Mountain for alpine and Nordic skiing in winter. Enhance the park experience for residents and tourists during other seasons by expanding the sandy public beach area and extending an existing non-motorized, multi-use trail by 2.2 km to reach the summit of Little Gore Mt.	2017	\$73,981	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	Pilot Knob	Recreation	Implementation	Trail Building	Lake George Land Conservancy	<b>Pilot Knob Trail Reconstruction</b> Reconstruct and reroute the current trail system that is in place at the popular Lynn Schumann Preserve to protect environmental resources, decrease erosion, improve safety & walk-ability and support residents and tourists using the trail to hike, explore and seek scenic views of Lake George.	2017	\$40,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	North Creek	Recreation	Implementation	Trail Building	Town of Johnsburg	<b>North Creek Ski Bowl Trails, Kiosks, and Signs</b> Enhance spring, summer, and fall non-motorized multiple-use of the North Creek Ski Bowl Park; an exceptional community and destination recreational trail system. Place kiosks at trailheads, develop trailhead signage, strategically install trail map boards, and build an additional 1km of trails to connect with the existing network. Develop brochures and an interactive mapping app. Install benches and picnic tables on trails and at the picnic area.	2015	\$37,121	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Bolton Landing, Hague, Lake George, Ticonderoga	Recreation	Planning	Strategic Plan	Town of Bolton with Town of Hague, Town of Lake George, and Village of Lake George	<b>Trails Master Plan for the West Side of Lake George</b> Develop a detailed master plan of hiking, biking and snowmobiling, including linkage of existing trail systems, community centers and municipal transportation and promotion of new tourism opportunities	2011	\$69,000	Complete
Adirondack Park - Parkwide	Adirondack Park	Recreation	Project Advancement	Regional Coordination / Asset Trails	Hamilton County, with ROOST and Wildlife Conservation Society	<b>Adirondack Cycling Strategy, Phase One, The Great South Woods</b> Create a bicycle tourism program including a regional marketing strategy to promote existing assets to travelers. Objectives are: a) enhance cycling related infrastructure to support bicycle tourism; b) create bicycling-friendly destination communities; and c) develop a collaborative partnership to grow the bicycle tourism economy.	2017	\$60,000	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Recreation	Implementation	Trail Building	Village of Saranac Lake	<b>Saranac Lake Southern Gateway Multi-Use Trail</b> Design and construct a 900’ multi-use trail between the proposed Adirondack Rail Trail and Lake Flower Avenue. The “Southern Gateway Trail” will connect the commercial district and residential neighborhoods along Lake Flower Avenue in the Village to the planned rail trail.	2017	\$75,000	In Progress
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Recreation	Implementation	Marketing and Outreach	Town of Wilmington	<b>Wilmington Mountain Bike Trail System</b> Develop a web page and brochures marketing mountain biking opportunities in the Town	2011	\$5,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	St. Lawrence County	Recreation	Implementation	Marketing and Outreach	St. Lawrence County	<b>A User's Guide to the Adirondacks in St. Lawrence County</b> Develop a comprehensive tourism guide cataloguing recreational opportunities in the Adirondack Park in St. Lawrence County	2008	\$45,000	Complete
Catskill Park - Mountain Cloves	Tannersville	Recreation	Project Advancement	Strategic Plan	Town of Hunter, with the Village of Tannersville	<b>Town of Hunter Trails Initiative</b> Develop a townwide trails plan including conceptual design, branding strategy and promotional materials as well as construction specifications and cost estimates for the Kaaterskill Rail Trail, Phase Three.	2017	\$75,000	In Progress
Catskill Park - Parkwide	Catskill Park	Recreation	Implementation	Wayfinding Signs and Kiosks	Catskill Watershed Corporation	<b>Catskill Park Wayfinding Sign Project</b> Implement a roadside wayfinding sign system for recreational resources located adjacent to or accessible from state and local roads throughout the Catskill Park. This project will consist of a coordinated work program that will involve key stakeholders and partners in the identification of local, state, and New York City-owned recreational resources and the installation of signage over three years.	2015	\$50,000	Complete
Catskill Park - Route 23 Corridor	Ashland	Recreation	Implementation	Park Improvement	Town of Ashland	<b>Ashland Town Park</b> Purchase and install a 60' octagonal pavilion, which will become a center point of the park allowing for community gatherings and enhanced park use, positively impacting the hamlet of Ashland.	2017	\$75,000	Complete
Catskill Park - Route 23 Corridor	Prattsville	Recreation	Implementation	Park Improvement	Town of Prattsville, with support from the towns of Lexington and Ashland	<b>Pavilion at Conine Field Recreation Area</b> Build a park pavilion within the new Conine Field recreation area, which serves as a gateway to the town with over 2,600 cars passing by each day. The pavilion adds the final element to the recreation area, enticing people to enjoy the park's scenic and natural resources. It will help attract and retain young families, service aging residents and support youth activities, serving the new housing development in town which will have 44 senior apartments and 16 low/moderate income homes.	2016	\$53,683	Complete
Catskill Park - Route 23 Corridor	Windham	Recreation	Implementation	Trail Building	Windham Area Recreation Foundation Inc. with support from the Town of Windham	<b>Windham Path Phase III - Hensonville Center to Maplecrest Center</b> Develop a hard-packed, non-paved, non-motorized multiple use trail appropriate for cyclists, pedestrians, cross-country skiers and snowshoers, connecting the residential, business and activity centers of Windham, Hensonville and Maplecrest along the Batavia Kill. This is an extension of the Windham Path, the centerpiece of the vision to develop Windham as a four-season destination area that attracts outdoor enthusiasts and improves the quality of life for its residents.	2015	\$50,000	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Sullivan / Sundown	Neversink	Recreation	Implementation	Park Improvement	Town of Neversink	<b>Neversink Town Park</b> Create a walking path around the perimeter of the Town’s new recreational park, as well as planting trees, shrubs and storm water retention plantings throughout the park. The park features new ball fields and a picnic pavilion. The exercise path and bioretention rain gardens will further enhance the beauty and recreational potential of the park and make it more inviting for the community and visitors.	2015	\$45,481	Complete
Adirondack Park - Lake Champlain	Crown Point	Community Development	Implementation	Capital Improvement / Construction	Essex County Department of Community Resources, with the Town of Crown Point	<b>Fishing for Opportunity: Essex Co. Fish Hatchery/Crown Point Shared Services</b> Address water supply issues and make structural improvements to the Essex County fish hatchery and the Town's municipal water system. Drill a new water well and construct a new municipal water treatment and control facility on hatchery property, complete with office space and restrooms for employees and visitors.	2016	\$75,000	In Progress
Adirondack Park - Caroga / Piseco / Lake Pleasant / Sacandaga	Northville	Community Development	Implementation	Comp Plans / Land Use Updates	Village of Northville	<b>Village of Northville Zoning Update</b> With a Draft Comprehensive Plan in the final stages of adoption, the Village of Northville prepared to move forward to update their existing 1995 Zoning Ordinance. The zoning update will implement priorities identified within the Comprehensive Plan update.	2017	\$42,000	In Progress
Adirondack Park - Caroga / Piseco / Lake Pleasant / Sacandaga	Town of Arietta	Community Development	Planning	Comp Plans / Land Use Updates	Town of Arietta	<b>Town of Arietta Comprehensive Plan</b> Develop the Town of Arietta 2008 Comprehensive Plan	2008	\$50,000	Complete
Adirondack Park - Central Adirondacks	Indian Lake	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Indian Lake	<b>Essex Chain Lakes and Cedar River Flow Hamlet Gateway Facilities</b> Develop facilities along NYS Route 28 at the entrances to two extensive natural areas; the Essex Chain Lakes and the Cedar River Flow. Project features include wayfinding and interpretive signage, pedestrian access, gateway design elements (e.g., welcome/entryway signage, landscaping, lighting, etc.). This project is intended to foster Hamlet revitalization and access to nature, bolstering tourism and providing related infrastructure.	2017	\$73,500	In Progress
Adirondack Park - Central Adirondacks	Newcomb	Community Development	Planning	Strategic Plan	Town of Newcomb	<b>Town of Newcomb Main Street &amp; Marketing Plan</b> Develop a strategic plan that includes site-specific land use recommendations, a complete streets plan and a marketing strategy	2011	\$40,000	Complete
Adirondack Park - Lake Champlain	Port Henry	Community Development	Implementation	Comp Plans / Land Use Updates	Village of Port Henry	<b>Implementing a Port Henry Blue Print</b> Develop land use ordinances to enact the Village of Port Henry's priorities, developed over years of public meetings, public hearings and zoning commission report recommendations. Formally adopt the current informal Comprehensive Plan. Over time, the project will help preserve the historic nature and character of the Village. Potential new rules will help harmonize landscapes in neighborhoods, address building design, size, facade and arrangement for physical and aesthetic continuity. There will also be a focus on mixed-use development, rehabilitation, waterfront improvement and walkable areas	2015	\$24,000	In Progress
Adirondack Park - Lake Champlain	Town of Elizabethtown	Community Development	Planning	Comp Plans / Land Use Updates	Town of Elizabethtown	<b>Town of Elizabethtown Comprehensive Plan</b> Develop a comprehensive plan, providing the Town with a smart growth expansion plan to include pedestrian linkages, public sewer, and prioritization of projects	2011	\$37,000	Complete
Adirondack Park - Lake Champlain	Town of Lewis	Community Development	Planning	Comp Plans / Land Use Updates	Town of Lewis	<b>Town of Lewis Comprehensive Plan</b> Develop a comprehensive plan, providing the Town with a land use plan and smart growth expansion framework to guide growth	2011	\$23,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Lake Champlain	Town of AuSable	Community Development	Planning	Comp Plans / Land Use Updates	Town of AuSable	<b>Town of AuSable Comprehensive Plan</b> Develop a town-wide Comprehensive Plan	2008	\$26,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Town of Chester	Community Development	Planning	Strategic Plan	Town of Chester	<b>Town of Chester Community Housing Plan</b> Develop town-wide plan to retain existing and establish new housing opportunities that are affordable to working residents	2008	\$35,000	Complete
Adirondack Park - Moose River / Old Forge / Fulton Chain	Otter Lake	Community Development	Project Advancement	Feasibility Study	Otter Lake Fire Company Inc. in Forestport	<b>Otter Lake Fire Co. Feasibility Study for Senior Citizen Apartments</b> Develop plan for conversion of the former Otter Lake Fire Station, located at 14015 St Rt 28, in the Hamlet of Otter Lake into Senior Citizen apartments. Acquire professional services for design and engineering, as well as studying the financial and logistical aspects associated with the long term management of such a facility.	2017	\$19,210	Complete
Adirondack Park - Moose River / Old Forge / Fulton Chain	Lewis County	Community Development	Planning	Comp Plans / Land Use Updates	Lewis County with its Adirondack towns	<b>Lewis County, Countywide Comprehensive Plan</b> Include in the countywide planning process, the needs of Adirondack communities; the Town of Diana, Town of Croghan, Town of Watson, Town of Greig, and Town of Lyonsdale	2008	\$34,310	Complete
Adirondack Park - Northern Foothills	Duane Center	Community Development	Implementation	Capital Improvement / Construction	Town of Duane	<b>Duane 1884 Church</b> Preserve a small church built in 1884 that is listed on the National Register of Historic Places. Prevent the foundation of the church’s bell tower from failing. The building and the bell tower will be raised so the failing foundation walls can be replaced, and the intact stone wall shored up. The church helps identify Duane Center as the hub of the community – an area the Town is working to develop for small businesses. Improvements to the church will also promote increased use of the adjacent Town-owned recreational trail system for hiking and cross-country skiing and wildlife viewing via a remote overlook	2015	\$74,029	Complete
Adirondack Park - Parkwide	Adirondack Park	Community Development	Project Advancement	Regional Coordination / Asset Trails	Hamilton County, with members of the Adirondack Partnership	<b>Adirondacks USA Implementation</b> Identify, inventory, link, and market non-recreation amenity trails to implement the Adirondack Trail Towns Strategic Plan. Non-recreation amenity trails integrate food, historic preservation, history, art, cultural attractions, activities and events in smaller communities, encouraging private investment through hamlet revitalization, small business growth and tourism investment. Administer / develop program and coalition, develop financing plan, prepare e-marketing strategy, deliver community assessments, and develop community/business toolkit and program guidelines.	2016	\$75,000	In Progress
Adirondack Park - Parkwide	Adirondack Park	Community Development	Planning	Strategic Plan	Town of Long Lake with Wildlife Conservation Society and Adirondack North Country Association	<b>Common Ground Alliance "Blueprint for the Blue Line"</b> Update the "Blueprint" document and conduct outreach and annual meeting	2008	\$11,600	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Town of Brighton	Community Development	Planning	Strategic Plan	Town of Brighton with Adirondack Watershed Institute	<b>Brighton Smart Growth Assessment Project</b> Develop a natural-resource based land use assessment and cooperative community effort to attract sustainable economic growth	2008	\$46,400	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Implementation	Capital Improvement / Construction	Town of Tupper Lake	<b>Tupper Lake Rail &amp; Rail-Trail Readiness Program</b> Develop a Readiness Action Plan for the planned Adirondack Rail-Trail & returned rail service coming to the region, develop a feasibility study & design concept for the Tupper Lake Train Depot, shore up the Tupper Lake Depot parking area, implement the first phase of the Rail and Rail-Trail Readiness Action Plan by becoming more “bike friendly,” and work with other communities along the Adirondack Rail-Trail Corridor to provide a consistent user experience.	2017	\$75,000	In Progress
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Implementation	Capital Improvement / Construction	Town of Tupper Lake with Village of Tupper Lake	<b>Improving Tupper Lake's 21st Century Curb Appeal</b> Install a new building façade in the traditional rustic Adirondack style at ROOST’s Tupper Lake Information Center on Park Street. Assist tourism businesses and attractions to improve their digital “curb appeal” and thereby maximize the value of the community’s investment in ROOST’s marketing services. Together, Tupper Lake and the Regional Office Of Sustainable Tourism (ROOST) will improve the community’s 21st Century “curb appeal”.	2015	\$50,000	In Progress
Adirondack Park - Tupper / Adirondack Seaway	Cranberry Lake, Fine, Newton Falls, Oswegatchie, Star Lake, Wanakena	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Fine with Town of Clifton, and partners	<b>Building Community Capacity to Sustain the Economic and Community Revitalization Efforts in the Towns of Clifton and Fine (Part II)</b> Continue advancement of regional community development priorities for the northwestern Adirondack Park, in partnership with St. Lawrence County, Wildlife Conservation Society, and Clifton-Fine Economic Development Corporation.	2011	\$75,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	Cranberry Lake, Fine, Newton Falls, Oswegatchie, Star Lake, Wanakena	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Fine with Town of Clifton	<b>Building Community Capacity in the Towns of Clifton and Fine</b> Advance priority projects to sustain the region’s economic and community revitalization efforts in partnership with St. Lawrence County, Wildlife Conservation Society, and Clifton-Fine Economic Development Corporation	2008	\$98,250	Complete
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Planning	Strategic Plan	Town of Tupper Lake with Village of Tupper Lake	<b>Joint Planning to Implement Tupper Lake Community Development Priorities</b> Advance priority projects and develop a visual identity through community design guidelines	2008	\$100,000	Complete
Catskill Park - Catskill Mountains Scenic Byway	Andes	Community Development	Implementation	Infrastructure	Town of Andes	<b>Andes Secondary Water Source Project</b> Construct a second source for the Andes water system. The town administers the Andes Water District which covers the hamlet of Andes, plus additional customers in the Gladstone Hollow area. The current water system has decreased in capacity. To meet the demands of the system, a second well is required. The hamlet is a key resource to the Park, with visitor services, tremendous historic resources, a walkable central district, local sourced food and cultural activities.	2016	\$64,500	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Big Indian, Mt Tremper, Phoenicia, Pine Hill, Shandaken	Community Development	Implementation	Park Improvement	Town of Shandaken	<b>Shandaken is En"lightening"</b> Improve town parks and informational signage. Install solar lighting and landscaping for town signs erected under a previous Smart Growth Grant, improve town parks to include additional children's equipment, a new attraction, benches and picnic tables, and electricity and lighting in the only town park without it. New signage will denote the amenities available at each park and will include a town-wide map showing locations of all town parks and the amenities available at each.	2016	\$28,450	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Catskill Mountains Scenic Byway	Andes	Community Development	Implementation	Park Improvement	Town of Andes	<b>Ballantyne Park Improvements</b> Create two new structures within the historic Ballantyne Park at the western edge of the hamlet of Andes, building a gazebo and footbridge to augment the hamlet’s self-guided history trail. This scenic, rural and well-situated hamlet is listed as a historic district on the National Register of Historic Places. The hamlet is well-preserved; while maintaining economic activity downtown, it has thus far avoided sprawling development that would counter its picturesque walkable character.	2015	\$45,481	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Fleischmanns	Community Development	Implementation	Park Improvement	Village of Fleischmanns	<b>Village of Fleischmanns Gateway Project</b> Develop a Village gateway enhancement project to draw visitors into the Village and complement the scenic Route 28 corridor. The project area is located at the easternmost entrance to the village which is directly connected to NYS Route 28. Design and develop a pocket park to include landscaping, benches, street lamps and signage. Improve the visibility and aesthetics of the entrance to the village while creating a welcoming environment for cyclists and pedestrians.	2015	\$45,482	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Big Indian, Mt Tremper, Phoenicia, Pine Hill, Shandaken	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Shandaken	<b>The Faces of Shandaken</b> Design and install solar-lighted informational kiosks, attractive roadside welcome signs, and a small information center to be placed along Route 28, near the eastern entrance into town. Improve the facade of Shandaken Town Hall	2010	\$83,000	Complete
Catskill Park - Mountain Cloves	Hunter, Lanesville, Palenville, Tannersville	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Hunter	<b>Mountain Cloves Scenic Byway Gateway Signage Project</b> Design and install 5 informational kiosks to mark and interpret the 41-mile “Mountain Cloves Scenic Byway,” the first Catskill Park Scenic Byway, designated by the NYS Senate in 2013. Kiosks will be placed in the Village of Hunter, Village of Tannersville, Hamlet of Palenville (Town of Catskill), Hamlet of Lanesville and Town of Hunter. Design and print a brochure to promote the byway and the hamlets and villages within the Town of Hunter.	2015	\$26,131	In Progress
Catskill Park - Parkwide	Catskill Park	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Shandaken, with nine neighboring local governments	<b>Catskill Park Scenic Byways Implementation Project</b> Increase coordination between the 9 local governments comprising the two designated scenic byways in the Catskill Park; implement key components of byway plans and regional and state plans; extend the Mountain Cloves Scenic Byway and make a second connection with the Catskill Mountains Scenic Byway; work with NYSDOT to implement longstanding Park-wide transportation recommendations; and produce promotional materials, audio tours and website enhancements.	2017	\$74,734	In Progress
Catskill Park - Route 23 Corridor	Cairo	Community Development	Implementation	Infrastructure	Town of Cairo	<b>Cairo Main Street Multi-Modal Pathway</b> Construct a multi-modal pathway linking the central business district in the Hamlet of Cairo with newer development at its east end. The project is an integral part of the planned Main Street revitalization and includes construction of approximately ½ mile of sidewalks/bike path on the east end of Main Street (County Route 23B) and several pocket parks.	2015	\$75,000	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Sullivan / Sundown	Town of Rockland	Community Development	Planning	Comp Plans / Land Use Updates	Town of Rockland	<b>Town of Rockland Comprehensive Plan</b> Develop a town-wide comprehensive plan, which includes a vision, goals, objectives, and a detailed implementation plan that reflect the current topics, opportunities and challenges in the town and the greater region. The plan will provide detailed analyses of population, economic, and natural resources data, as well as a series of maps to illustrate existing conditions and patterns of change. The plan will also isolate three or four major themes to help focus on and advance priority actions.	2017	\$35,000	In Progress
Adirondack Park - Lake Champlain	Lake Placid, Port Henry, Saranac Lake, Schroon Lake, Ticonderoga, Wilmington	Regional Economic Development	Planning	Strategic Plan	Essex County with Town of Moriah, Town of North Elba, Town of Schroon, Town of Ticonderoga, and Town of Wilmington	<b>Essex County Destination Master Plan</b> Convene local leaders within each of the County’s leading tourism communities to support a countywide effort to transform tourism into a sustainable, locally-led, year-round economy	2008	\$100,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Corinth, Hadley, North Creek, Riparius, Stony Creek, The Glen, Thurman Station	Regional Economic Development	Implementation	Marketing and Promotion	Warren County, with nine local communities	<b>Promoting the First Wilderness</b> Implement priority goals of the First Wilderness Heritage Corridor Marketing and Promotion Plan, specifically: create graphic displays for public spaces such as Albany International Airport, Rensselaer Train Station, and the Glens Falls Civic Center; design and produce promotional items and print material; and develop a geocache trail through the Corridor communities.	2017	\$67,936.10	In Progress
Adirondack Park - Parkwide	Adirondack Park	Regional Economic Development	Implementation	Regional Coordination / Asset Trails	Cornell Cooperative Extension of Essex County, with the towns of Elizabethtown and Willsboro	<b>Adirondack Harvest Technology Expansion</b> Upgrade the Adirondack Harvest website with a more accessible home page search option, more inviting overall appearance, “smartphone friendly” configuration and new map pages to include wood products, community supported agriculture (CSA) and local food processors. Add wood product businesses in the Park, conduct a North Country-wide media promotion including “new” website features, and revamp the Essex County local food guide.	2016	\$74,772	In Progress
Adirondack Park - Parkwide	Adirondack Park	Regional Economic Development	Planning	Strategic Plan	Hamilton County with members of the Adirondack Partnership	<b>The Adirondack Park Economic Development Strategy</b> Develop a parkwide action plan, utilizing smart growth principles, to improve economic conditions, in partnership with: <ul style="list-style-type: none"><li>● Adirondack Community Housing Trust</li><li>● Adirondack Landowners Association</li><li>● North Country Chamber of Commerce</li><li>● Paul Smith’s College</li><li>● The Center for Economic Growth</li><li>● Adirondack Communities and Conservation Program</li><li>● Adirondack Association of Towns and Villages</li><li>● Adirondack Regional Tourism Council</li><li>● Lake Champlain - Lake George Regional Planning Commission</li><li>● The Adirondack Council</li></ul>	2011	\$123,000	Complete

Adirondack Park - Central Adirondacks	Newcomb	Local Site Development	Project Advancement	Feasibility Study	Town of Newcomb with SUNY ESF Adirondack Ecological Center	<b>Northern Forest Conservation Education and Leadership Training Institute</b> Business feasibility study for conference facility and adaptive reuse of Masten House	2008	\$50,000	Complete
Adirondack Park - Lake Champlain	Boquet, Port Henry, Willsboro	Cultural Resources	Implementation	Capital Improvement / Construction	Town of Moriah with Town of Willsboro and Town of Essex	<b>Champlain Valley Historic Heritage Partnership Implementation</b> Restore three regionally-significant historic structures located along the Champlain Valley, NYS Path through History, and Lakes to Locks Passage Scenic Byway that help tell the story of the Champlain Valley region of the Adirondack Park. <ul style="list-style-type: none"><li>the Adsit (AD-SIT) Cabin, the oldest known log cabin in the United States;</li><li>the Iron Center, an 1891 Carriage House building that illustrates Moriah’s historic role in supplying high-grade Iron Ore; and</li><li>the Boquet (BOW-KET) School House, an octagonal schoolhouse that has retained its original design and material since construction in 1826.</li></ul>	2015	\$39,902	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Lake Champlain	Lake Placid, Port Henry, Saranac Lake, Schroon Lake, Ticonderoga, Wilmington	Regional Economic Development	Planning	Strategic Plan	Essex County with Town of Moriah, Town of North Elba, Town of Schroon, Town of Ticonderoga, and Town of Wilmington	<b>Essex County Destination Master Plan</b> Convene local leaders within each of the County’s leading tourism communities to support a countywide effort to transform tourism into a sustainable, locally-led, year-round economy	2008	\$100,000	Complete
Adirondack Park - Lake Champlain	Port Henry	Local Site Development	Project Advancement	Marketing and Promotion	Town of Moriah	<b>Building Moriah's New Waterfront Destination</b> Begin implementation of a vision for two Town-owned properties on Lake Champlain waterfront in the hamlet of Port Henry. The project was developed through phases, surveys and meetings involving the Moriah Economic Development Taskforce. A public process will result in selection of a developer for one property and dedication of the other property as public parkland.	2017	\$75,000	Complete
Adirondack Park - Lake Champlain	Ticonderoga	Cultural Amenities	Implementation	Capital Improvement / Construction	Fort Ticonderoga Association, with the Town of Ticonderoga	<b>Fort Ticonderoga Deck Repair</b> Repair stone deck on the east and northeast sections of the historic fort, preventing water infiltration into the original 18th-century French bake ovens and the education center, which provides year-round education and hospitality functions for over 75,000 visitors each year.	2017	\$25,000	Complete
Adirondack Park - Lake Champlain	Ticonderoga	Hamlet Revitalization	Project Advancement	Engineering Plans	Town of Ticonderoga	<b>Construction Drawings for the Reconstruction of the 18th Century French Sawmill</b> Develop construction drawings for Reconstruction of the 18th Century French Sawmill to be located on the LaChute River, the historic river flowing through downtown Ticonderoga and the waterway that connects Lake George with Lake Champlain. Construction drawings will include approximately 50 sheets graphically describing every part of the sawmill site, building and machinery and how each of the parts are related.	2016	\$50,752	Complete
Adirondack Park - Lake Champlain	Town of AuSable	Community Development	Planning	Comp Plans / Land Use Updates	Town of AuSable	<b>Town of AuSable Comprehensive Plan</b> Develop a town-wide Comprehensive Plan	2008	\$26,000	Complete
Adirondack Park - Lake Champlain	Town of Elizabethtown	Community Development	Planning	Comp Plans / Land Use Updates	Town of Elizabethtown	<b>Town of Elizabethtown Comprehensive Plan</b> Develop a comprehensive plan, providing the Town with a smart growth expansion plan to include pedestrian linkages, public sewer, and prioritization of projects	2011	\$37,000	Complete
Adirondack Park - Lake Champlain	Town of Lewis	Community Development	Planning	Comp Plans / Land Use Updates	Town of Lewis	<b>Town of Lewis Comprehensive Plan</b> Develop a comprehensive plan, providing the Town with a land use plan and smart growth expansion framework to guide growth	2011	\$23,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Bolton Landing	Hamlet Revitalization	Implementation	Infrastructure	Town of Bolton	<b>Cross Street Parking Facility</b> Construct a public parking facility that will unify the town’s public services including the Municipal Center, Health Center, Recreation Commission, Local Police Station, Farmers Market, Senior Center, and the Office for the Aging Meal Site. Utilize green infrastructure principles and best management practices for stormwater. The parking facility will accommodate 58 vehicles, supporting a centralized Town Center. It will serve visitors to the Lake George waterfront and downtown businesses.	2015	\$68,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Bolton Landing	Hamlet Revitalization	Planning	Strategic Plan	Town of Bolton	<b>Sustainability Plan for the Hamlet of Bolton Landing</b> Develop a sustainability plan for environmentally sound, responsible economic activity and detailing priorities for investment in the hamlet of Bolton Landing.	2008	\$50,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Lake George / Schroon / Hudson River	<b>Bolton Landing, Hague, Lake George, Ticonderoga</b>	Recreation	Planning	Strategic Plan	<b>Town of Bolton</b> with Town of Hague, Town of Lake George, and Village of Lake George	<b>Trails Master Plan for the West Side of Lake George</b> Develop a detailed master plan of hiking, biking and snowmobiling, including linkage of existing trail systems, community centers and municipal transportation and promotion of new tourism opportunities	2011	\$69,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	<b>Brant Lake</b>	Hamlet Revitalization	Planning	Strategic Plan	<b>Town of Horicon</b>	<b>Town of Horicon Community Development Strategic Plan</b> Develop a Brant Lake hamlet plan addressing economic, housing and infrastructure needs of low to moderate-income hamlet residents	2008	\$23,585	Complete
Adirondack Park - Lake George / Schroon / Hudson River	<b>Lake George</b>	Hamlet Revitalization	Project Advancement	Engineering Plans	<b>Village of Lake George</b>	<b>South Canada Street Site Improvements Design</b> Develop design and construction documents for streetscape improvements along the west side of Canada St. in Lake George Village. This stretch of Canada St. (roughly 0.37 miles long) connects the intersection of Million Dollar Beach Rd. and Canada St. with the entrance to the Charles R. Wood Park.	2016	\$22,250	Complete
Adirondack Park - Lake George / Schroon / Hudson River	<b>Lake Luzerne</b>	Cultural Amenities	Implementation	Marketing and Promotion	<b>Adirondack Folk School, Inc.</b> in Lake Luzerne	<b>Discover the Adirondack Folk School in Lake Luzerne, NY!</b> Produce professional videos, promoting classes unique to the Adirondack Folk School along with the surrounding natural beauty of Lake Luzerne.	2017	\$18,700	Complete
Adirondack Park - Lake George / Schroon / Hudson River	<b>Lake Luzerne</b>	Cultural Amenities	Implementation	Marketing and Outreach	<b>Town of Lake Luzerne</b> with Adirondack Folk School	<b>Adirondack Folk School</b> Develop and implement a comprehensive outreach program to draw instructors and students into the community of Lake Luzerne and its school of traditional Adirondack arts, crafts and culture	2011	\$40,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	<b>North Creek</b>	Recreation	Implementation	Trail Building	<b>Town of Johnsburg</b>	<b>North Creek Ski Bowl Trails, Kiosks, and Signs</b> Enhance spring, summer, and fall non-motorized multiple-use of the North Creek Ski Bowl Park; an exceptional community and destination recreational trail system. Place kiosks at trailheads, develop trailhead signage, strategically install trail map boards, and build an additional 1km of trails to connect with the existing network. Develop brochures and an interactive mapping app. Install benches and picnic tables on trails and at the picnic area.	2015	\$37,121	Complete
Adirondack Park - Lake George / Schroon / Hudson River	<b>Pilot Knob</b>	Recreation	Implementation	Trail Building	<b>Lake George Land Conservancy</b>	<b>Pilot Knob Trail Reconstruction</b> Reconstruct and reroute the current trail system that is in place at the popular Lynn Schumann Preserve to protect environmental resources, decrease erosion, improve safety & walk-ability and support residents and tourists using the trail to hike, explore and seek scenic views of Lake George.	2017	\$40,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	<b>Stony Creek</b>	Hamlet Revitalization	Planning	Strategic Plan	<b>Town of Stony Creek</b>	<b>Revitalization Study for the Hamlet of Stony Creek</b> Develop a strategic plan for reasonably scaled revitalization activity in the hamlet	2008	\$25,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	<b>Town of Chester</b>	Community Development	Planning	Strategic Plan	<b>Town of Chester</b>	<b>Town of Chester Community Housing Plan</b> Develop town-wide plan to retain existing and establish new housing opportunities that are affordable to working residents	2008	\$35,000	Complete
Adirondack Park - Moose River / Old Forge / Fulton Chain	<b>Lewis County</b>	Community Development	Planning	Comp Plans / Land Use Updates	<b>Lewis County</b> with its Adirondack towns	<b>Lewis County, Countywide Comprehensive Plan</b> Include in the countywide planning process, the needs of Adirondack communities; the Town of Diana, Town of Croghan, Town of Watson, Town of Greig, and Town of Lyonsdale	2008	\$34,310	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Moose River / Old Forge / Fulton Chain	Otter Lake	Community Development	Project Advancement	Feasibility Study	Otter Lake Fire Company Inc. in Forestport	<b>Otter Lake Fire Co. Feasibility Study for Senior Citizen Apartments</b> Develop plan for conversion of the former Otter Lake Fire Station, located at 14015 St Rt 28, in the Hamlet of Otter Lake into Senior Citizen apartments. Acquire professional services for design and engineering, as well as studying the financial and logistical aspects associated with the long term management of such a facility.	2017	\$19,210	Complete
Adirondack Park - Northern Foothills	Duane Center	Community Development	Implementation	Capital Improvement / Construction	Town of Duane	<b>Duane 1884 Church</b> Preserve a small church built in 1884 that is listed on the National Register of Historic Places. Prevent the foundation of the church’s bell tower from failing. The building and the bell tower will be raised so the failing foundation walls can be replaced, and the intact stone wall shored up. The church helps identify Duane Center as the hub of the community – an area the Town is working to develop for small businesses. Improvements to the church will also promote increased use of the adjacent Town-owned recreational trail system for hiking and cross-country skiing and wildlife viewing via a remote overlook.	2015	\$74,029	Complete
Adirondack Park - Parkwide	Adirondack Park	Regional Economic Development	Planning	Strategic Plan	Hamilton County with members of the Adirondack Partnership	<b>The Adirondack Park Economic Development Strategy</b> Develop a parkwide action plan, utilizing smart growth principles, to improve economic conditions, in partnership with: <ul style="list-style-type: none"><li>● Adirondack Community Housing Trust</li><li>● Adirondack Landowners Association</li><li>● North Country Chamber of Commerce</li><li>● Paul Smith’s College</li><li>● The Center for Economic Growth</li><li>● Adirondack Communities and Conservation Program</li><li>● Adirondack Association of Towns and Villages</li><li>● Adirondack Regional Tourism Council</li><li>● Lake Champlain - Lake George Regional Planning Commission</li><li>● The Adirondack Council</li></ul>	2011	\$123,000	Complete
Adirondack Park - Parkwide	Adirondack Park	Regional Economic Development	Project Advancement	Strategic Plan	Town of Saranac with Technical Assistance Center at SUNY Plattsburgh and Adirondack North Country Association	<b>The Wireless Clearinghouse</b> Identify and catalog existing structures with the potential to accommodate cell phone and wireless communications facilities	2008	\$106,971	Complete
Adirondack Park - Parkwide	Adirondack Park	Hamlet Revitalization	Planning	Strategic Plan	Essex County with Adirondack Community Housing Trust	<b>Hamlets of the Adirondacks, Phase 3</b> Develop an Adirondack Park focused planning guide for hamlet expansion and infill	2008	\$120,000	Complete
Adirondack Park - Parkwide	Adirondack Park	Community Development	Planning	Strategic Plan	Town of Long Lake with Wildlife Conservation Society and Adirondack North Country Association	<b>Common Ground Alliance "Blueprint for the Blue Line"</b> Update the "Blueprint" document and conduct outreach and annual meeting	2008	\$11,600	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Parkwide	Ausable Forks, Blue Mtn. Lake, Caroga Lake, Indian Lake, Long Lake	Hamlet Revitalization	Project Advancement	Strategic Plan	Essex County with the Adirondack Community Housing Trust	<b>Hamlets 3, Training and Implementation Workshops</b> Provide technical assistance for several Park communities to use the new planning guide for hamlet expansion and infill.	2011	\$88,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Lake Placid	Hamlet Revitalization	Implementation	Infrastructure	Lake Placid Village, Inc.	<b>Mirror Lake Stormwater Improvement Project</b> Upgrade the stormwater collection system along 1,100 ft. of Mirror Lake Dr. in the Village of Lake Placid to improve the water quality of Mirror Lake and downstream water bodies, including the Ausable River. The Village will also install a decorative concrete sidewalk and pedestrian lighting along the sidewalk to enhance aesthetics and safety along this popular route.	2016	\$75,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Hamlet Revitalization	Implementation	Marketing and Outreach	Biodiversity Research Institute (BRI), with Adirondack Hamlets to Huts, and the Village of Saranac Lake.	<b>Adirondack Community-Based Trails, Loons, Lakes and Lodging</b> Revitalize two significant buildings in downtown Saranac Lake as 1) shared space for BRI’s Adirondack Center for Loon Conservation and Adirondack Hamlets to Huts, two small but significant conservation organizations; 2) a “Leave No Trace” educational center highlighting environmental issues critical to the health of the Adirondacks and its inhabitants, both wild and human; and 3) a retail store to provide support for the long-term sustainability of the organizations.	2016	\$50,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Town of Brighton	Community Development	Planning	Strategic Plan	Town of Brighton with Adirondack Watershed Institute	<b>Brighton Smart Growth Assessment Project</b> Develop a natural-resource based land use assessment and cooperative community effort to attract sustainable economic growth	2008	\$46,400	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Recreation	Implementation	Marketing and Outreach	Town of Wilmington	<b>Wilmington Mountain Bike Trail System</b> Develop a web page and brochures marketing mountain biking opportunities in the Town	2011	\$5,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Hamlet Revitalization	Project Advancement	Feasibility Study	Town of Wilmington	<b>Community Center Feasibility Study</b> Economic Impact Feasibility Study for a Community Center, Municipal Offices, Historical Society Building and a Fly Fishing Museum	2008	\$50,000	Complete

Adirondack Park - Tupper / Adirondack Seaway	Cranberry Lake, Fine, Newton Falls, Oswegatchie, Star Lake, Wanakena	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Fine with Town of Clifton	<b>Building Community Capacity in the Towns of Clifton and Fine</b> Advance priority projects to sustain the region’s economic and community revitalization efforts in partnership with St. Lawrence County, Wildlife Conservation Society, and Clifton-Fine Economic Development Corporation	2008	\$98,250	Complete
Adirondack Park - Tupper / Adirondack Seaway	St. Lawrence County	Recreation	Implementation	Marketing and Outreach	St. Lawrence County	<b>A User's Guide to the Adirondacks in St. Lawrence County</b> Develop a comprehensive tourism guide cataloguing recreational opportunities in the Adirondack Park in St. Lawrence County	2008	\$45,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Tupper / Adirondack Seaway	Star Lake	Local Site Development	Project Advancement	Building Demolition	St. Lawrence County, with the towns of Clifton and Fine	<b>Demolition/Abatement of former Jones &amp; Laughlin (J&amp;L) Steel</b> Support Phase 2 of the abatement of hazardous materials and demolition of dilapidated structures at the former J&L Steel site in the Town of Clifton. Mitigate or eliminate the blighting influence of structures at this mill site, closed since 1977, and allow productive use of industrial zoned land.	2017	\$75,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Planning	Strategic Plan	Town of Tupper Lake with Village of Tupper Lake	<b>Joint Planning to Implement Tupper Lake Community Development Priorities</b> Advance priority projects and develop a visual identity through community design guidelines	2008	\$100,000	Complete
Adirondack Park - Caroga / Piseco / Lake Pleasant / Sacandaga	Northville	Community Development	Implementation	Comp Plans / Land Use Updates	Village of Northville	<b>Village of Northville Zoning Update</b> With a Draft Comprehensive Plan in the final stages of adoption, the Village of Northville prepared to move forward to update their existing 1995 Zoning Ordinance. The zoning update will implement priorities identified within the Comprehensive Plan update.	2017	\$42,000	In Progress
Adirondack Park - Central Adirondacks	Indian Lake	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Indian Lake	<b>Essex Chain Lakes and Cedar River Flow Hamlet Gateway Facilities</b> Develop facilities along NYS Route 28 at the entrances to two extensive natural areas; the Essex Chain Lakes and the Cedar River Flow. Project features include wayfinding and interpretive signage, pedestrian access, gateway design elements (e.g., welcome/entryway signage, landscaping, lighting, etc.). This project is intended to foster Hamlet revitalization and access to nature, bolstering tourism and providing related infrastructure.	2017	\$73,500	In Progress
Adirondack Park - Central Adirondacks	Raquette Lake	Cultural Amenities	Implementation	Events and Programming	Sagamore Institute of the Adirondacks in Raquette Lake	<b>Great Camp Sagamore Visitor Interpretation and Education Project</b> Expand educational opportunities that will engage regional tourists in guided hikes, historical and environmental programs and other activities that visitors to the Adirondacks are looking for. Expand access and tourism services at this National Historic Landmark by creating new programs and recreational opportunities including hiking, mountain biking and paddle sports in a beautiful setting.	2017	\$67,620	In Progress
Adirondack Park - Lake Champlain	Crown Point	Local Site Development	Implementation	Infrastructure	Town of Crown Point	<b>War Canoe Spirits Distillery Water Service Upgrades</b> Upgrade the public water supply in support of restoration of a historic barn in the hamlet of Crown Point which will become a flagship retail store, tasting room, and reception room for public functions. The upgraded water supply will allow for fire safety and will support the process of distilling liquors for sale and distribution.	2017	\$75,000	In Progress
Adirondack Park - Lake Champlain	Crown Point	Community Development	Implementation	Capital Improvement / Construction	Essex County Department of Community Resources, with the Town of Crown Point	<b>Fishing for Opportunity: Essex Co. Fish Hatchery/Crown Point Shared Services</b> Address water supply issues and make structural improvements to the Essex County fish hatchery and the Town's municipal water system. Drill a new water well and construct a new municipal water treatment and control facility on hatchery property, complete with office space and restrooms for employees and visitors.	2016	\$75,000	In Progress
Adirondack Park - Lake Champlain	Keeseville	Hamlet Revitalization	Implementation	Building Demolition	Town of Ausable, with Adirondack Architectural Heritage (AARCH)	<b>Town of Ausable Riverside Park</b> Remove the deteriorated 15,000 square foot "Red Mill" in Keeseville. On the vacated land, create a public waterfront park along the Ausable River, the village's most significant natural resource. The river's west bank will be transformed, through abatement and demolition, from a deteriorating industrial site to a beautiful 2.3-acre greenspace for hosting events, a farmers' market, interpretive signage, walking path, and a playground adjacent to the historic Stone Mill.	2016	\$75,000	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Lake Champlain	Lewis, North Elba, Willsboro	Recreation	Implementation	Trail Building	Town of Willsboro with Town of North Elba and Town of Lewis	<b>Multi-Town Trail Development: Willsboro, North Elba &amp; Lewis</b> Develop multi-use recreational trails in the towns of Willsboro, Lewis and North Elba. Essex County is rapidly becoming known as a premiere mountain biking destination through the efforts of BETA in the creation of over 30 miles of IMBA sanctioned trails on public and private lands, primarily in the Wilmington-Lake Placid area. The trail projects in Lewis and North Elba will reinforce the Adirondacks as a mountain biking destination. The trail project in Willsboro will connect the hamlet of Willsboro with recreational assets along the Boquet River.	2015	\$74,948	In Progress
Adirondack Park - Lake Champlain	Port Henry	Community Development	Implementation	Comp Plans / Land Use Updates	Village of Port Henry	<b>Implementing a Port Henry Blue Print</b> Develop land use ordinances to enact the Village of Port Henry's priorities, developed over years of public meetings, public hearings and zoning commission report recommendations. Formally adopt the current informal Comprehensive Plan. Over time, the project will help preserve the historic nature and character of the Village. Potential new rules will help harmonize landscapes in neighborhoods, address building design, size, facade and arrangement for physical and aesthetic continuity. There will also be a focus on mixed-use development, rehabilitation, waterfront improvement and walkable areas	2015	\$24,000	In Progress
Adirondack Park - Lake Champlain	Willsboro	Recreation	Implementation	Park Improvement	Town of Willsboro	<b>Development for Florence Hathaway Recreation Park</b> Complete engineering design, environmental review, permitting and construction of facilities suitable for all ages, including a baseball/softball field, tennis courts, playground, soccer field and trail system.	2017	\$75,000	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	Corinth, Hadley, North Creek, Riparius, Stony Creek, The Glen, Thurman Station	Regional Economic Development	Implementation	Marketing and Promotion	Warren County, with nine local communities	<b>Promoting the First Wilderness</b> Implement priority goals of the First Wilderness Heritage Corridor Marketing and Promotion Plan, specifically: create graphic displays for public spaces such as Albany International Airport, Rensselaer Train Station, and the Glens Falls Civic Center; design and produce promotional items and print material; and develop a geocache trail through the Corridor communities.	2017	\$67,936.10	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	North Creek	Recreation	Implementation	Park Improvement	Town of Johnsburg	<b>Ski Bowl Park Improvements</b> Further improve Ski Bowl Park, a municipal park and tourist attraction adjacent to the hamlet of North Creek used by Gore Mountain for alpine and Nordic skiing in winter. Enhance the park experience for residents and tourists during other seasons by expanding the sandy public beach area and extending an existing non-motorized, multi-use trail by 2.2 km to reach the summit of Little Gore Mt.	2017	\$73,981	In Progress
Adirondack Park - Parkwide	Adirondack Park	Recreation	Project Advancement	Regional Coordination / Asset Trails	Hamilton County, with ROOST and Wildlife Conservation Society	<b>Adirondack Cycling Strategy, Phase One, The Great South Woods</b> Create a bicycle tourism program including a regional marketing strategy to promote existing assets to travelers. Objectives are: a) enhance cycling related infrastructure to support bicycle tourism; b) create bicycling-friendly destination communities; and c) develop a collaborative partnership to grow the bicycle tourism economy.	2017	\$60,000	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Parkwide	Adirondack Park	Regional Economic Development	Implementation	Regional Coordination / Asset Trails	Cornell Cooperative Extension of Essex County, with the towns of Elizabethtown and Willsboro	<b>Adirondack Harvest Technology Expansion</b> Upgrade the Adirondack Harvest website with a more accessible home page search option, more inviting overall appearance, “smartphone friendly” configuration and new map pages to include wood products, community supported agriculture (CSA) and local food processors. Add wood product businesses in the Park, conduct a North Country-wide media promotion including “new” website features, and revamp the Essex County local food guide.	2016	\$74,772	In Progress
Adirondack Park - Parkwide	Adirondack Park	Community Development	Project Advancement	Regional Coordination / Asset Trails	Hamilton County, with members of the Adirondack Partnership	<b>Adirondacks USA Implementation</b> Identify, inventory, link, and market non-recreation amenity trails to implement the Adirondack Trail Towns Strategic Plan. Non-recreation amenity trails integrate food, historic preservation, history, art, cultural attractions, activities and events in smaller communities, encouraging private investment through hamlet revitalization, small business growth and tourism investment. Administer / develop program and coalition, develop financing plan, prepare e-marketing strategy, deliver community assessments, and develop community/business toolkit and program guidelines.	2016	\$75,000	In Progress
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Cultural Amenities	Implementation	Capital Improvement / Construction	BluSeed Studios, Inc. in Saranac Lake	<b>A New View of BluSeed Studios: Building and Site Improvements Along a Village Travel Corridor</b> Restore building exterior, improving appearance and functionality to capitalize on potential rail trail connection and continue BluSeed Studio's role as a prospering center for the arts and culture in the region.	2017	\$39,010	In Progress
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Recreation	Implementation	Trail Building	Village of Saranac Lake	<b>Saranac Lake Southern Gateway Multi-Use Trail</b> Design and construct a 900’ multi-use trail between the proposed Adirondack Rail Trail and Lake Flower Avenue. The “Southern Gateway Trail” will connect the commercial district and residential neighborhoods along Lake Flower Avenue in the Village to the planned rail trail.	2017	\$75,000	In Progress
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Hamlet Revitalization	Project Advancement	Engineering Plans	Town of Wilmington	<b>Alternative Wastewater System for Economic Development</b> Develop the Town’s Alternative Wastewater System design and associated engineering plans, focused on development of a downtown node, encouraging gradual improvements and in-situ growth within the hamlet. A 2015 Wastewater Feasibility Study defined the specific type of treatment and design parameters needed to support lodging facilities currently dispersed on lots within the hamlet as well as for any new larger scale hotel.	2016	\$40,000	In Progress
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Implementation	Capital Improvement / Construction	Town of Tupper Lake	<b>Tupper Lake Rail &amp; Rail-Trail Readiness Program</b> Develop a Readiness Action Plan for the planned Adirondack Rail-Trail & returned rail service coming to the region, develop a feasibility study & design concept for the Tupper Lake Train Depot, shore up the Tupper Lake Depot parking area, implement the first phase of the Rail and Rail-Trail Readiness Action Plan by becoming more “bike friendly,” and work with other communities along the Adirondack Rail-Trail Corridor to provide a consistent user experience.	2017	\$75,000	In Progress
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Cultural Amenities	Project Advancement	Engineering Plans	Town of Tupper Lake, with Adirondack Public Observatory, Inc.	<b>Support for the Adirondack Public Observatory</b> Assist the Adirondack Public Observatory (APO) to accomplish its goal of capitalizing on the Park’s dark and clear night skies to attract residents and visitors to explore the Cosmos. Develop architectural and engineering design for the museum / observatory, a communications strategy, and a fundraising campaign strategy.	2016	\$70,000	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Implementation	Capital Improvement / Construction	Town of Tupper Lake with Village of Tupper Lake	<b>Improving Tupper Lake's 21st Century Curb Appeal</b> Install a new building façade in the traditional rustic Adirondack style at ROOST’s Tupper Lake Information Center on Park Street. Assist tourism businesses and attractions to improve their digital “curb appeal” and thereby maximize the value of the community’s investment in ROOST’s marketing services. Together, Tupper Lake and the Regional Office Of Sustainable Tourism (ROOST) will improve the community’s 21st Century “curb appeal”.	2015	\$50,000	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Andes	Cultural Amenities	Implementation	Capital Improvement / Construction	Town of Andes with Andes Society for History and Culture and Catskill Center for Conservation & Development	<b>Project Calico - Phase 1 &amp; 2</b> Establish a hamlet walking tour, guided by markers, leading to a foot-path and access bridge in the town park, culminating at the historic rail station. Develop a town logo, insignia, flags, banners and historic plaques based on the town's role in America's agricultural Anti-rent Wars	2010	\$82,390	Complete
Catskill Park - Catskill Mountains Scenic Byway	Arkville	Cultural Amenities	Implementation	Capital Improvements / Construction	Catskill Revitalization Corp./ dba Delaware & Ulster Railroad	<b>Delaware &amp; Ulster Railroad Beautification Project</b> Relocate historic engine and caboose for public display. Install landscape plantings and materials, including benches, picnic tables, bike racks, and related amenities to implement a landscape plan for a key gateway location in the historic and increasingly walkable hamlet of Arkville.	2010	\$51,993	Complete
Catskill Park - Catskill Mountains Scenic Byway	Arkville	Hamlet Revitalization	Implementation	Infrastructure	Town of Middletown	<b>Arkville Hamlet NYS Route 28 Corridor Improvement Projects</b> Construct new sidewalk, the erect "Welcome" signs, and install park benches, garbage receptacles, and planter boxes in the hamlet of Arkville. Repair the stone facade of the historic town schoolhouse, to complete aesthetic and functional improvements along the NYS Route 28 corridor.	2010	\$83,333	Complete
Catskill Park - Catskill Mountains Scenic Byway	Big Indian, Mt Tremper, Phoenicia, Pine Hill, Shandaken	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Shandaken	<b>The Faces of Shandaken</b> Design and install solar-lighted informational kiosks, attractive roadside welcome signs, and a small information center to be placed along Route 28, near the eastern entrance into town. Improve the facade of Shandaken Town Hall	2010	\$83,000	Complete
Catskill Park - Catskill Mountains Scenic Byway	Fleischmanns	Hamlet Revitalization	Implementation	Infrastructure	Village of Fleischmanns with The MARK Group	<b>Fleischmanns Sidewalk and Park Improvement Project</b> Construct new sidewalk and enhance the Village Park, including replacement of deteriorated iron safety rail and the installation of period lights and rustic benches and railings along historic Wagner Avenue, to connect open space and cultural amenities in the Village	2010	\$83,100	Complete
Catskill Park - Catskill Mountains Scenic Byway	Margaretville	Hamlet Revitalization	Implementation	Infrastructure	Village of Margaretville	<b>Margaretville Gateway Improvements</b> Install context sensitive street lights, welcome signs, new trees and an interpretive kiosk to make key Village entry locations more attractive and walkable and provide interpretation of nearby resources.	2010	\$83,288	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Catskill Mountains Scenic Byway	Mt Tremper	Cultural Amenities	Project Advancement	Engineering Plans	Catskill Center for Conservation & Development, with support from the Town of Shandaken	<b>Creating an Interpretive Design for the Catskill Interpretive Center</b> Develop conceptual design for exhibits and visitor services both inside and outside the Catskill Interpretive Center’s building to maximize use of existing space. The Maurice D. Hinchey Catskill Interpretive Center opened in July 2015, with the mission to interpret the rich natural and cultural environment in the Catskill Park and to provide information to visitors about the wide variety of recreational and cultural offerings throughout the park.	2016	\$30,992	Complete
Catskill Park - Mountain Cloves	Lexington	Hamlet Revitalization	Implementation	Park Improvement	Town of Lexington	<b>Lexington Waterfront Park</b> Create a streamside pocket park on the north bank of the Schoharie Creek, on County Route 13a to improve public access to the community’s natural resources. The Lexington Waterfront Park will include 150 yards of riverfront in the center of town and adjacent to an NYSDEC fishing access site.	2015	\$62,425	Complete
Catskill Park - Mountain Cloves	Tannersville	Cultural Amenities	Implementation	Capital Improvement / Construction	Mountain Top Arboretum, in Tannersville	<b>Mountain Top Arboretum Education Center Building Project</b> Complete a new education center building to accommodate large groups and offer public educational and cultural programs year-round. The building incorporates local timber from the major tree species native to the Catskill Park which can also be seen throughout the arboretum grounds.	2017	\$60,000	Complete
Catskill Park - Mountain Cloves	Tannersville	Cultural Amenities	Implementation	Capital Improvement / Construction	Mountain Top Arboretum, with support from the town of Hunter	<b>The Mountain Top Arboretum Safe Entry Project</b> Widen the arboretum’s access road to accommodate emergency vehicles and buses and improve safety. Improve drainage from County Route 23C and the expanded access road, to reduce erosion and water runoff. Replace existing signage in three locations so visitors can better identify the site. Upgrades to the facility will provide a better visitor experience and attract and accommodate additional visitors.	2016	\$24,875	Complete
Catskill Park - Mountain Cloves	Tannersville	Hamlet Revitalization	Implementation	Wayfinding Signs and Kiosks	Village of Tannersville	<b>Main Street Village of Tannersville Visitor Information Kiosk Project</b> Install two, four-sided kiosks on Main Street in Tannersville to orient visitors to lodging, shops, services, parking, cultural and recreational assets. The structures will be eight feet tall, sturdy and attractive. They will be custom built and designed to reflect the "Painted Village in the Sky" visual and cultural identity that is unique to the Village. The panels are designed for the transparent cover to be easily removed allowing for updating graphics as recreation or commercial assets expand.	2016	\$20,500	Complete
Catskill Park - Parkwide	Catskill Park	Recreation	Implementation	Wayfinding Signs and Kiosks	Catskill Watershed Corporation	<b>Catskill Park Wayfinding Sign Project</b> Implement a roadside wayfinding sign system for recreational resources located adjacent to or accessible from state and local roads throughout the Catskill Park. This project will consist of a coordinated work program that will involve key stakeholders and partners in the identification of local, state, and New York City-owned recreational resources and the installation of signage over three years.	2015	\$50,000	Complete
Catskill Park - Route 23 Corridor	Ashland	Recreation	Implementation	Park Improvement	Town of Ashland	<b>Pavilion at Ashland Town Park</b> Purchase and install a 60' octagonal pavilion, which will become a center point of the park allowing for community gatherings and enhanced park use, positively impacting the hamlet of Ashland.	2017	\$75,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Route 23 Corridor	Prattsville	Recreation	Implementation	Park Improvement	Town of Prattsville, with support from the towns of Lexington and Ashland	<b>Pavilion at Conine Field Recreation Area</b> Build a park pavilion within the new Conine Field recreation area, which serves as a gateway to the town with over 2,600 cars passing by each day. The pavilion adds the final element to the recreation area, enticing people to enjoy the park's scenic and natural resources. It will help attract and retain young families, service aging residents and support youth activities, serving the new housing development in town which will have 44 senior apartments and 16 low/moderate income homes.	2016	\$53,683	Complete
Catskill Park - Sullivan / Sundown	Neversink	Recreation	Implementation	Park Improvement	Town of Neversink	<b>Neversink Town Park</b> Create a walking path around the perimeter of the Town’s new recreational park, as well as planting trees, shrubs and storm water retention plantings throughout the park. The park features new ball fields and a picnic pavilion. The exercise path and bioretention rain gardens will further enhance the beauty and recreational potential of the park and make it more inviting for the community and visitors.	2015	\$45,481	Complete
Catskill Park - Catskill Mountains Scenic Byway	Andes	Community Development	Implementation	Infrastructure	Town of Andes	<b>Andes Secondary Water Source Project</b> Construct a second source for the Andes water system. The town administers the Andes Water District which covers the hamlet of Andes, plus additional customers in the Gladstone Hollow area. The current water system has decreased in capacity. To meet the demands of the system, a second well is required. The hamlet is a key resource to the Park, with visitor services, tremendous historic resources, a walkable central district, local sourced food and cultural activities.	2016	\$64,500	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Andes	Community Development	Implementation	Park Improvement	Town of Andes	<b>Ballantyne Park Improvements</b> Create two new structures within the historic Ballantyne Park at the western edge of the hamlet of Andes, building a gazebo and footbridge to augment the hamlet’s self-guided history trail. This scenic, rural and well-situated hamlet is listed as a historic district on the National Register of Historic Places. The hamlet is well-preserved; while maintaining economic activity downtown, it has thus far avoided sprawling development that would counter its picturesque walkable character.	2015	\$45,481	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Big Indian, Mt Tremper, Phoenicia, Pine Hill, Shandaken	Community Development	Implementation	Park Improvement	Town of Shandaken	<b>Shandaken is En"lightening"</b> Improve town parks and informational signage. Install solar lighting and landscaping for town signs erected under a previous Smart Growth Grant, improve town parks to include additional children's equipment, a new attraction, benches and picnic tables, and electricity and lighting in the only town park without it. New signage will denote the amenities available at each park and will include a town-wide map showing locations of all town parks and the amenities available at each.	2016	\$28,450	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Fleischmanns	Community Development	Implementation	Park Improvement	Village of Fleischmanns	<b>Village of Fleischmanns Gateway Project</b> Develop a Village gateway enhancement project to draw visitors into the Village and complement the scenic Route 28 corridor. The project area is located at the easternmost entrance to the village which is directly connected to NYS Route 28. Design and develop a pocket park to include landscaping, benches, street lamps and signage. Improve the visibility and aesthetics of the entrance to the village while creating a welcoming environment for cyclists and pedestrians.	2015	\$45,482	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Catskill Mountains Scenic Byway	Phoenicia	Cultural Amenities	Implementation	Capital Improvement / Construction	Shandaken Theatrical Society, Inc., in Phoenicia	<b>Shandaken Theatrical Society – Fostering Community Through Theater</b> Renovate century-old theater to increase its appeal and relevance to the community. Work includes: exterior renovation, outdoor lighting, marquee and signage, and landscaping including a patio with tables, chairs and fencing. Revitalizing the building will beautify a prominent landmark, engender community involvement & create gathering space for community members and theater patrons.	2017	\$50,210	In Progress
Catskill Park - Mountain Cloves	Hunter, Lanesville, Palenville, Tannersville	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Hunter	<b>Mountain Cloves Scenic Byway Gateway Signage Project</b> Design and install 5 informational kiosks to mark and interpret the 41-mile “Mountain Cloves Scenic Byway,” the first Catskill Park Scenic Byway, designated by the NYS Senate in 2013. Kiosks will be placed in the Village of Hunter, Village of Tannersville, Hamlet of Palenville (Town of Catskill), Hamlet of Lanesville and Town of Hunter. Design and print a brochure to promote the byway and the hamlets and villages within the Town of Hunter.	2015	\$26,131	In Progress
Catskill Park - Mountain Cloves	Tannersville	Recreation	Project Advancement	Strategic Plan	Town of Hunter, with the Village of Tannersville	<b>Town of Hunter Trails Initiative</b> Develop a townwide trails plan including conceptual design, branding strategy and promotional materials as well as construction specifications and cost estimates for the Kaaterskill Rail Trail, Phase Three.	2017	\$75,000	In Progress
Catskill Park - Parkwide	Catskill Park	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Shandaken, with nine neighboring local governments	<b>Catskill Park Scenic Byways Implementation Project</b> Increase coordination between the 9 local governments comprising the two designated scenic byways in the Catskill Park; implement key components of byway plans and regional and state plans; extend the Mountain Cloves Scenic Byway and make a second connection with the Catskill Mountains Scenic Byway; work with NYSDOT to implement longstanding Park-wide transportation recommendations; and produce promotional materials, audio tours and website enhancements.	2017	\$74,734	In Progress
Catskill Park - Route 23 Corridor	Cairo	Community Development	Implementation	Infrastructure	Town of Cairo	<b>Cairo Main Street Multi-Modal Pathway</b> Construct a multi-modal pathway linking the central business district in the Hamlet of Cairo with newer development at its east end. The project is an integral part of the planned Main Street revitalization and includes construction of approximately ½ mile of sidewalks/bike path on the east end of Main Street (County Route 23B) and several pocket parks.	2015	\$75,000	In Progress
Catskill Park - Route 23 Corridor	Windham	Recreation	Implementation	Trail Building	Windham Area Recreation Foundation Inc. with support from the Town of Windham	<b>Windham Path Phase III - Hensonville Center to Maplecrest Center</b> Develop a hard-packed, non-paved, non-motorized multiple use trail appropriate for cyclists, pedestrians, cross-country skiers and snowshoers, connecting the residential, business and activity centers of Windham, Hensonville and Maplecrest along the Batavia Kill. This is an extension of the Windham Path, the centerpiece of the vision to develop Windham as a four-season destination area that attracts outdoor enthusiasts and improves the quality of life for its residents.	2015	\$50,000	In Progress
Catskill Park - Sullivan / Sundown	Town of Rockland	Community Development	Planning	Comp Plans / Land Use Updates	Town of Rockland	<b>Town of Rockland Comprehensive Plan</b> Develop a town-wide comprehensive plan, which includes a vision, goals, objectives, and a detailed implementation plan that reflect the current topics, opportunities and challenges in the town and the greater region. The plan will provide detailed analyses of population, economic, and natural resources data, as well as a series of maps to illustrate existing conditions and patterns of change. The plan will also isolate three or four major themes to help focus on and advance priority actions.	2017	\$35,000	In Progress

SORTED BY WORK STAGE AND ACTIVITY									
Park & Region	Location	Focus / Goals	Work Stage	Work Activity	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Lake Champlain	Keeseville	Hamlet Revitalization	Implementation	Building Demolition	Town of Ausable, with Adirondack Architectural Heritage (AARCH)	<b>Town of Ausable Riverside Park</b> Remove the deteriorated 15,000 square foot "Red Mill" in Keeseville. On the vacated land, create a public waterfront park along the Ausable River, the village’s most significant natural resource. The river’s west bank will be transformed, through abatement and demolition, from a deteriorating industrial site to a beautiful 2.3-acre greenspace for hosting events, a farmers’ market, interpretive signage, walking path, and a playground adjacent to the historic Stone Mill.	2016	\$75,000	In Progress
Adirondack Park - Central Adirondacks	Indian Lake	Cultural Amenities	Implementation	Capital Improvement / Construction	Indian Lake Theater, Inc., with the Town of Indian Lake	<b>Indian Lake Theater Energy Efficiency and Sustainability Project</b> Update the downtown theater’s energy audit, insulate and air seal the projection room to better protect and manage the operating conditions for the digital projection system, assess theatrical lighting to improve its efficiency, and train staff on how to deploy lighting most effectively.	2016	\$15,000	Complete
Adirondack Park - Lake Champlain	Boquet, Port Henry, Willsboro	Cultural Resources	Implementation	Capital Improvement / Construction	Town of Moriah with Town of Willsboro and Town of Essex	<b>Champlain Valley Historic Heritage Partnership Implementation</b> Restore three regionally-significant historic structures located along the Champlain Valley, NYS Path through History, and Lakes to Locks Passage Scenic Byway that help tell the story of the Champlain Valley region of the Adirondack Park. <ul style="list-style-type: none"> <li>the Adsit (AD-SIT) Cabin, the oldest known log cabin in the United States;</li> <li>the Iron Center, an 1891 Carriage House building that illustrates Moriah’s historic role in supplying high-grade Iron Ore; and</li> <li>the Boquet (BOW-KET) School House, an octagonal schoolhouse that has retained its original design and material since construction in 1826.</li> </ul>	2015	\$39,902	Complete
Adirondack Park - Lake Champlain	Crown Point	Community Development	Implementation	Capital Improvement / Construction	Essex County Department of Community Resources, with the Town of Crown Point	<b>Fishing for Opportunity: Essex Co. Fish Hatchery/Crown Point Shared Services</b> Address water supply issues and make structural improvements to the Essex County fish hatchery and the Town's municipal water system. Drill a new water well and construct a new municipal water treatment and control facility on hatchery property, complete with office space and restrooms for employees and visitors.	2016	\$75,000	In Progress
Adirondack Park - Lake Champlain	Ticonderoga	Cultural Amenities	Implementation	Capital Improvement / Construction	Fort Ticonderoga Association, with the Town of Ticonderoga	<b>Fort Ticonderoga Deck Repair</b> Repair stone deck on the east and northeast sections of the historic fort, preventing water infiltration into the original 18th-century French bake ovens and the education center, which provides year-round education and hospitality functions for over 75,000 visitors each year.	2017	\$25,000	Complete
Adirondack Park - Northern Foothills	Duane Center	Community Development	Implementation	Capital Improvement / Construction	Town of Duane	<b>Duane 1884 Church</b> Preserve a small church built in 1884 that is listed on the National Register of Historic Places. Prevent the foundation of the church’s bell tower from failing. The building and the bell tower will be raised so the failing foundation walls can be replaced, and the intact stone wall shored up. The church helps identify Duane Center as the hub of the community – an area the Town is working to develop for small businesses. Improvements to the church will also promote increased use of the adjacent Town-owned recreational trail system for hiking and cross-country skiing and wildlife viewing via a remote overlook.	2015	\$74,029	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Cultural Amenities	Implementation	Capital Improvement / Construction	BluSeed Studios, Inc. in Saranac Lake	<b>A New View of BluSeed Studios: Building and Site Improvements Along a Village Travel Corridor</b> Restore building exterior, improving appearance and functionality to capitalize on potential rail trail connection and continue BluSeed Studio's role as a prospering center for the arts and culture in the region.	2017	\$39,010	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Work Activity	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Implementation	Capital Improvement / Construction	Town of Tupper Lake	<b>Tupper Lake Rail &amp; Rail-Trail Readiness Program</b> Develop a Readiness Action Plan for the planned Adirondack Rail-Trail & returned rail service coming to the region, develop a feasibility study & design concept for the Tupper Lake Train Depot, shore up the Tupper Lake Depot parking area, implement the first phase of the Rail and Rail-Trail Readiness Action Plan by becoming more “bike friendly,” and work with other communities along the Adirondack Rail-Trail Corridor to provide a consistent user experience.	2017	\$75,000	In Progress
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Implementation	Capital Improvement / Construction	Town of Tupper Lake with Village of Tupper Lake	<b>Improving Tupper Lake's 21st Century Curb Appeal</b> Install a new building façade in the traditional rustic Adirondack style at ROOST’s Tupper Lake Information Center on Park Street. Assist tourism businesses and attractions to improve their digital “curb appeal” and thereby maximize the value of the community’s investment in ROOST’s marketing services. Together, Tupper Lake and the Regional Office Of Sustainable Tourism (ROOST) will improve the community’s 21st Century “curb appeal”.	2015	\$50,000	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Andes	Cultural Amenities	Implementation	Capital Improvement / Construction	Town of Andes with Andes Society for History and Culture and Catskill Center for Conservation & Development	<b>Project Calico - Phase 1 &amp; 2</b> Establish a hamlet walking tour, guided by markers, leading to a foot-path and access bridge in the town park, culminating at the historic rail station. Develop a town logo, insignia, flags, banners and historic plaques based on the town's role in America's agricultural Anti-rent Wars	2010	\$82,390	Complete
Catskill Park - Catskill Mountains Scenic Byway	Phoenicia	Cultural Amenities	Implementation	Capital Improvement / Construction	Shandaken Theatrical Society, Inc., in Phoenicia	<b>Shandaken Theatrical Society – Fostering Community Through Theater</b> Renovate century-old theater to increase its appeal and relevance to the community. Work includes: exterior renovation, outdoor lighting, marquee and signage, and landscaping including a patio with tables, chairs and fencing. Revitalizing the building will beautify a prominent landmark, engender community involvement & create gathering space for community members and theater patrons.	2017	\$50,210	In Progress
Catskill Park - Mountain Cloves	Tannersville	Cultural Amenities	Implementation	Capital Improvement / Construction	Mountain Top Arboretum, in Tannersville	<b>Mountain Top Arboretum Education Center Building Project</b> Complete a new education center building to accommodate large groups and offer public educational and cultural programs year-round. The building incorporates local timber from the major tree species native to the Catskill Park which can also be seen throughout the arboretum grounds.	2017	\$60,000	Complete
Catskill Park - Mountain Cloves	Tannersville	Cultural Amenities	Implementation	Capital Improvement / Construction	Mountain Top Arboretum, with support from the town of Hunter	<b>The Mountain Top Arboretum Safe Entry Project</b> Widen the arboretum’s access road to accommodate emergency vehicles and buses and improve safety. Improve drainage from County Route 23C and the expanded access road, to reduce erosion and water runoff. Replace existing signage in three locations so visitors can better identify the site. Upgrades to the facility will provide a better visitor experience and attract and accommodate additional visitors.	2016	\$24,875	Complete
Catskill Park - Catskill Mountains Scenic Byway	Arkville	Cultural Amenities	Implementation	Capital Improvements / Construction	Catskill Revitalization Corp./ dba Delaware & Ulster Railroad	<b>Delaware &amp; Ulster Railroad Beautification Project</b> Relocate historic engine and caboose for public display. Install landscape plantings and materials, including benches, picnic tables, bike racks, and related amenities to implement a landscape plan for a key gateway location in the historic and increasingly walkable hamlet of Arkville.	2010	\$51,993	Complete

Park & Region	Location	Focus / Goals	Work Stage	Work Activity	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Caroga / Piseco / Lake Pleasant / Sacandaga	Northville	Community Development	Implementation	Comp Plans / Land Use Updates	Village of Northville	<b>Village of Northville Zoning Update</b> With a Draft Comprehensive Plan in the final stages of adoption, the Village of Northville prepared to move forward to update their existing 1995 Zoning Ordinance. The zoning update will implement priorities identified within the Comprehensive Plan update.	2017	\$42,000	In Progress
Adirondack Park - Lake Champlain	Port Henry	Community Development	Implementation	Comp Plans / Land Use Updates	Village of Port Henry	<b>Implementing a Port Henry Blue Print</b> Develop land use ordinances to enact the Village of Port Henry's priorities, developed over years of public meetings, public hearings and zoning commission report recommendations. Formally adopt the current informal Comprehensive Plan. Over time, the project will help preserve the historic nature and character of the Village. Potential new rules will help harmonize landscapes in neighborhoods, address building design, size, facade and arrangement for physical and aesthetic continuity. There will also be a focus on mixed-use development, rehabilitation, waterfront improvement and walkable areas	2015	\$24,000	In Progress
Adirondack Park - Central Adirondacks	Raquette Lake	Cultural Amenities	Implementation	Events and Programming	Sagamore Institute of the Adirondacks in Raquette Lake	<b>Great Camp Sagamore Visitor Interpretation and Education Project</b> Expand educational opportunities that will engage regional tourists in guided hikes, historical and environmental programs and other activities that visitors to the Adirondacks are looking for. Expand access and tourism services at this National Historic Landmark by creating new programs and recreational opportunities including hiking, mountain biking and paddle sports in a beautiful setting.	2017	\$67,620	In Progress
Adirondack Park - Lake Champlain	Crown Point	Local Site Development	Implementation	Infrastructure	Town of Crown Point	<b>War Canoe Spirits Distillery Water Service Upgrades</b> Upgrade the public water supply in support of restoration of a historic barn in the hamlet of Crown Point which will become a flagship retail store, tasting room, and reception room for public functions. The upgraded water supply will allow for fire safety and will support the process of distilling liquors for sale and distribution.	2017	\$75,000	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	Bolton Landing	Hamlet Revitalization	Implementation	Infrastructure	Town of Bolton	<b>Cross Street Parking Facility</b> Construct a public parking facility that will unify the town’s public services including the Municipal Center, Health Center, Recreation Commission, Local Police Station, Farmers Market, Senior Center, and the Office for the Aging Meal Site. Utilize green infrastructure principles and best management practices for stormwater. The parking facility will accommodate 58 vehicles, supporting a centralized Town Center. It will serve visitors to the Lake George waterfront and downtown businesses.	2015	\$68,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Lake Placid	Hamlet Revitalization	Implementation	Infrastructure	Lake Placid Village, Inc.	<b>Mirror Lake Stormwater Improvement Project</b> Upgrade the stormwater collection system along 1,100 ft. of Mirror Lake Dr. in the Village of Lake Placid to improve the water quality of Mirror Lake and downstream water bodies, including the Ausable River. The Village will also install a decorative concrete sidewalk and pedestrian lighting along the sidewalk to enhance aesthetics and safety along this popular route.	2016	\$75,000	Complete
Catskill Park - Catskill Mountains Scenic Byway	Andes	Community Development	Implementation	Infrastructure	Town of Andes	<b>Andes Secondary Water Source Project</b> Construct a second source for the Andes water system. The town administers the Andes Water District which covers the hamlet of Andes, plus additional customers in the Gladstone Hollow area. The current water system has decreased in capacity. To meet the demands of the system, a second well is required. The hamlet is a key resource to the Park, with visitor services, tremendous historic resources, a walkable central district, local sourced food and cultural activities.	2016	\$64,500	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Work Activity	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Catskill Mountains Scenic Byway	Arkville	Hamlet Revitalization	Implementation	Infrastructure	Town of Middletown	<b>Arkville Hamlet NYS Route 28 Corridor Improvement Projects</b> Construct new sidewalk, the erect "Welcome" signs, and install park benches, garbage receptacles, and planter boxes in the hamlet of Arkville. Repair the stone facade of the historic town schoolhouse, to complete aesthetic and functional improvements along the NYS Route 28 corridor.	2010	\$83,333	Complete
Catskill Park - Catskill Mountains Scenic Byway	Fleischmanns	Hamlet Revitalization	Implementation	Infrastructure	Village of Fleischmanns with The MARK Group	<b>Fleischmanns Sidewalk and Park Improvement Project</b> Construct new sidewalk and enhance the Village Park, including replacement of deteriorated iron safety rail and the installation of period lights and rustic benches and railings along historic Wagner Avenue, to connect open space and cultural amenities in the Village	2010	\$83,100	Complete
Catskill Park - Catskill Mountains Scenic Byway	Margaretville	Hamlet Revitalization	Implementation	Infrastructure	Village of Margaretville	<b>Margaretville Gateway Improvements</b> Install context sensitive street lights, welcome signs, new trees and an interpretive kiosk to make key Village entry locations more attractive and walkable and provide interpretation of nearby resources.	2010	\$83,288	Complete
Catskill Park - Route 23 Corridor	Cairo	Community Development	Implementation	Infrastructure	Town of Cairo	<b>Cairo Main Street Multi-Modal Pathway</b> Construct a multi-modal pathway linking the central business district in the Hamlet of Cairo with newer development at its east end. The project is an integral part of the planned Main Street revitalization and includes construction of approximately ½ mile of sidewalks/bike path on the east end of Main Street (County Route 23B) and several pocket parks.	2015	\$75,000	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	Corinth, Hadley, North Creek, Riparius, Stony Creek, The Glen, Thurman Station	Regional Economic Development	Implementation	Marketing and Promotion	Warren County, with nine local communities	<b>Promoting the First Wilderness</b> Implement priority goals of the First Wilderness Heritage Corridor Marketing and Promotion Plan, specifically: create graphic displays for public spaces such as Albany International Airport, Rensselaer Train Station, and the Glens Falls Civic Center; design and produce promotional items and print material; and develop a geocache trail through the Corridor communities.	2017	\$67,936.10	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	Lake Luzerne	Cultural Amenities	Implementation	Marketing and Promotion	Adirondack Folk School, Inc. in Lake Luzerne	<b>Discover the Adirondack Folk School in Lake Luzerne, NY!</b> Produce professional videos, promoting classes unique to the Adirondack Folk School along with the surrounding natural beauty of Lake Luzerne.	2017	\$18,700	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Lake Luzerne	Cultural Amenities	Implementation	Marketing and Promotion	Town of Lake Luzerne with Adirondack Folk School	<b>Adirondack Folk School</b> Develop and implement a comprehensive outreach program to draw instructors and students into the community of Lake Luzerne and its school of traditional Adirondack arts, crafts and culture	2011	\$40,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Hamlet Revitalization	Implementation	Marketing and Promotion	Biodiversity Research Institute (BRI), with Adirondack Hamlets to Huts, and the Village of Saranac Lake.	<b>Adirondack Community-Based Trails, Loons, Lakes and Lodging</b> Revitalize two significant buildings in downtown Saranac Lake as 1) shared space for BRI’s Adirondack Center for Loon Conservation and Adirondack Hamlets to Huts, two small but significant conservation organizations; 2) a “Leave No Trace” educational center highlighting environmental issues critical to the health of the Adirondacks and its inhabitants, both wild and human; and 3) a retail store to provide support for the long-term sustainability of the organizations.	2016	\$50,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Recreation	Implementation	Marketing and Promotion	Town of Wilmington	<b>Wilmington Mountain Bike Trail System</b> Develop a web page and brochures marketing mountain biking opportunities in the Town	2011	\$5,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Work Activity	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Tupper / Adirondack Seaway	St. Lawrence County	Recreation	Implementation	Marketing and Promotion	St. Lawrence County	<b>A User's Guide to the Adirondacks in St. Lawrence County</b> Develop a comprehensive tourism guide cataloguing recreational opportunities in the Adirondack Park in St. Lawrence County	2008	\$45,000	Complete
Adirondack Park - Lake Champlain	Willsboro	Recreation	Implementation	Park Improvement	Town of Willsboro	<b>Development for Florence Hathaway Recreation Park</b> Complete engineering design, environmental review, permitting and construction of facilities suitable for all ages, including a baseball/softball field, tennis courts, playground, soccer field and trail system.	2017	\$75,000	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	North Creek	Recreation	Implementation	Park Improvement	Town of Johnsburg	<b>Ski Bowl Park Improvements</b> Further improve Ski Bowl Park, a municipal park and tourist attraction adjacent to the hamlet of North Creek used by Gore Mountain for alpine and Nordic skiing in winter. Enhance the park experience for residents and tourists during other seasons by expanding the sandy public beach area and extending an existing non-motorized, multi-use trail by 2.2 km to reach the summit of Little Gore Mt.	2017	\$73,981	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Andes	Community Development	Implementation	Park Improvement	Town of Andes	<b>Ballantyne Park Improvements</b> Create two new structures within the historic Ballantyne Park at the western edge of the hamlet of Andes, building a gazebo and footbridge to augment the hamlet’s self-guided history trail. This scenic, rural and well-situated hamlet is listed as a historic district on the National Register of Historic Places. The hamlet is well-preserved; while maintaining economic activity downtown, it has thus far avoided sprawling development that would counter its picturesque walkable character.	2015	\$45,481	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Big Indian, Mt Tremper, Phoenicia, Pine Hill, Shandaken	Community Development	Implementation	Park Improvement	Town of Shandaken	<b>Shandaken is En"lightening"</b> Improve town parks and informational signage. Install solar lighting and landscaping for town signs erected under a previous Smart Growth Grant, improve town parks to include additional children's equipment, a new attraction, benches and picnic tables, and electricity and lighting in the only town park without it. New signage will denote the amenities available at each park and will include a town-wide map showing locations of all town parks and the amenities available at each.	2016	\$28,450	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Fleischmanns	Community Development	Implementation	Park Improvement	Village of Fleischmanns	<b>Village of Fleischmanns Gateway Project</b> Develop a Village gateway enhancement project to draw visitors into the Village and complement the scenic Route 28 corridor. The project area is located at the easternmost entrance to the village which is directly connected to NYS Route 28. Design and develop a pocket park to include landscaping, benches, street lamps and signage. Improve the visibility and aesthetics of the entrance to the village while creating a welcoming environment for cyclists and pedestrians.	2015	\$45,482	In Progress
Catskill Park - Mountain Cloves	Lexington	Hamlet Revitalization	Implementation	Park Improvement	Town of Lexington	<b>Lexington Waterfront Park</b> Create a streamside pocket park on the north bank of the Schoharie Creek, on County Route 13a to improve public access to the community’s natural resources. The Lexington Waterfront Park will include 150 yards of riverfront in the center of town and adjacent to an NYSDEC fishing access site.	2015	\$62,425	Complete
Catskill Park - Route 23 Corridor	Ashland	Recreation	Implementation	Park Improvement	Town of Ashland	<b>Ashland Town Park</b> Purchase and install a 60' octagonal pavilion, which will become a center point of the park allowing for community gatherings and enhanced park use, positively impacting the hamlet of Ashland.	2017	\$75,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Work Activity	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Route 23 Corridor	Prattsville	Recreation	Implementation	Park Improvement	Town of Prattsville, with support from the towns of Lexington and Ashland	<b>Pavilion at Conine Field Recreation Area</b> Build a park pavilion within the new Conine Field recreation area, which serves as a gateway to the town with over 2,600 cars passing by each day. The pavilion adds the final element to the recreation area, enticing people to enjoy the park's scenic and natural resources. It will help attract and retain young families, service aging residents and support youth activities, serving the new housing development in town which will have 44 senior apartments and 16 low/moderate income homes.	2016	\$53,683	Complete
Catskill Park - Sullivan / Sundown	Neversink	Recreation	Implementation	Park Improvement	Town of Neversink	<b>Neversink Town Park</b> Create a walking path around the perimeter of the Town’s new recreational park, as well as planting trees, shrubs and storm water retention plantings throughout the park. The park features new ball fields and a picnic pavilion. The exercise path and bioretention rain gardens will further enhance the beauty and recreational potential of the park and make it more inviting for the community and visitors.	2015	\$45,481	Complete
Adirondack Park - Parkwide	Adirondack Park	Regional Economic Development	Implementation	Regional Coordination / Asset Trails	Cornell Cooperative Extension of Essex County, with the towns of Elizabethtown and Willsboro	<b>Adirondack Harvest Technology Expansion</b> Upgrade the Adirondack Harvest website with a more accessible home page search option, more inviting overall appearance, “smartphone friendly” configuration and new map pages to include wood products, community supported agriculture (CSA) and local food processors. Add wood product businesses in the Park, conduct a North Country-wide media promotion including “new” website features, and revamp the Essex County local food guide.	2016	\$74,772	In Progress
Adirondack Park - Lake Champlain	Lewis, North Elba, Willsboro	Recreation	Implementation	Trail Building	Town of Willsboro with Town of North Elba and Town of Lewis	<b>Multi-Town Trail Development: Willsboro, North Elba &amp; Lewis</b> Develop multi-use recreational trails in the towns of Willsboro, Lewis and North Elba. Essex County is rapidly becoming known as a premiere mountain biking destination through the efforts of BETA in the creation of over 30 miles of IMBA sanctioned trails on public and private lands, primarily in the Wilmington-Lake Placid area. The trail projects in Lewis and North Elba will reinforce the Adirondacks as a mountain biking destination. The trail project in Willsboro will connect the hamlet of Willsboro with recreational assets along the Boquet River.	2015	\$74,948	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	North Creek	Recreation	Implementation	Trail Building	Town of Johnsburg	<b>North Creek Ski Bowl Trails, Kiosks, and Signs</b> Enhance spring, summer, and fall non-motorized multiple-use of the North Creek Ski Bowl Park; an exceptional community and destination recreational trail system. Place kiosks at trailheads, develop trailhead signage, strategically install trail map boards, and build an additional 1km of trails to connect with the existing network. Develop brochures and an interactive mapping app. Install benches and picnic tables on trails and at the picnic area.	2015	\$37,121	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Pilot Knob	Recreation	Implementation	Trail Building	Lake George Land Conservancy	<b>Pilot Knob Trail Reconstruction</b> Reconstruct and reroute the current trail system that is in place at the popular Lynn Schumann Preserve to protect environmental resources, decrease erosion, improve safety & walk-ability and support residents and tourists using the trail to hike, explore and seek scenic views of Lake George.	2017	\$40,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Recreation	Implementation	Trail Building	Village of Saranac Lake	<b>Saranac Lake Southern Gateway Multi-Use Trail</b> Design and construct a 900’ multi-use trail between the proposed Adirondack Rail Trail and Lake Flower Avenue. The “Southern Gateway Trail” will connect the commercial district and residential neighborhoods along Lake Flower Avenue in the Village to the planned rail trail.	2017	\$75,000	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Work Activity	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Route 23 Corridor	Windham	Recreation	Implementation	Trail Building	Windham Area Recreation Foundation Inc. with support from the Town of Windham	<b>Windham Path Phase III - Hensonville Center to Maplecrest Center</b> Develop a hard-packed, non-paved, non-motorized multiple use trail appropriate for cyclists, pedestrians, cross-country skiers and snowshoers, connecting the residential, business and activity centers of Windham, Hensonville and Maplecrest along the Batavia Kill. This is an extension of the Windham Path, the centerpiece of the vision to develop Windham as a four-season destination area that attracts outdoor enthusiasts and improves the quality of life for its residents.	2015	\$50,000	In Progress
Adirondack Park - Central Adirondacks	Indian Lake	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Indian Lake	<b>Essex Chain Lakes and Cedar River Flow Hamlet Gateway Facilities</b> Develop facilities along NYS Route 28 at the entrances to two extensive natural areas; the Essex Chain Lakes and the Cedar River Flow. Project features include wayfinding and interpretive signage, pedestrian access, gateway design elements (e.g., welcome/entryway signage, landscaping, lighting, etc.). This project is intended to foster Hamlet revitalization and access to nature, bolstering tourism and providing related infrastructure.	2017	\$73,500	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Big Indian, Mt Tremper, Phoenicia, Pine Hill, Shandaken	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Shandaken	<b>The Faces of Shandaken</b> Design and install solar-lighted informational kiosks, attractive roadside welcome signs, and a small information center to be placed along Route 28, near the eastern entrance into town. Improve the facade of Shandaken Town Hall	2010	\$83,000	Complete
Catskill Park - Mountain Cloves	Hunter, Lanesville, Palenville, Tannersville	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Hunter	<b>Mountain Cloves Scenic Byway Gateway Signage Project</b> Design and install 5 informational kiosks to mark and interpret the 41-mile “Mountain Cloves Scenic Byway,” the first Catskill Park Scenic Byway, designated by the NYS Senate in 2013. Kiosks will be placed in the Village of Hunter, Village of Tannersville, Hamlet of Palenville (Town of Catskill), Hamlet of Lanesville and Town of Hunter. Design and print a brochure to promote the byway and the hamlets and villages within the Town of Hunter.	2015	\$26,131	In Progress
Catskill Park - Mountain Cloves	Tannersville	Hamlet Revitalization	Implementation	Wayfinding Signs and Kiosks	Village of Tannersville	<b>Main Street Village of Tannersville Visitor Information Kiosk Project</b> Install two, four-sided kiosks on Main Street in Tannersville to orient visitors to lodging, shops, services, parking, cultural and recreational assets. The structures will be eight feet tall, sturdy and attractive. They will be custom built and designed to reflect the "Painted Village in the Sky" visual and cultural identity that is unique to the Village. The panels are designed for the transparent cover to be easily removed allowing for updating graphics as recreation or commercial assets expand.	2016	\$20,500	Complete
Catskill Park - Parkwide	Catskill Park	Recreation	Implementation	Wayfinding Signs and Kiosks	Catskill Watershed Corporation	<b>Catskill Park Wayfinding Sign Project</b> Implement a roadside wayfinding sign system for recreational resources located adjacent to or accessible from state and local roads throughout the Catskill Park. This project will consist of a coordinated work program that will involve key stakeholders and partners in the identification of local, state, and New York City-owned recreational resources and the installation of signage over three years.	2015	\$50,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	Star Lake	Local Site Development	Project Advancement	Building Demolition	St. Lawrence County, with the towns of Clifton and Fine	<b>Demolition/Abatement of former Jones &amp; Laughlin (J&amp;L) Steel</b> Support Phase 2 of the abatement of hazardous materials and demolition of dilapidated structures at the former J&L Steel site in the Town of Clifton. Mitigate or eliminate the blighting influence of structures at this mill site, closed since 1977, and allow productive use of industrial zoned land.	2017	\$75,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Work Activity	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Central Adirondacks	Blue Mountain Lake	Cultural Amenities	Project Advancement	Engineering Plans	Adirondack Historical Association with support from the Town of Indian Lake	<b>The Adirondack Museum's New Exhibition - The Adirondack Experience</b> Design and supervise installation of The Adirondack Experience project at the Adirondack Museum (AM); an exceptional cultural tourist attraction that’s vital to the economy of the North Country. The Adirondack Experience transformation will generate substantial economic activity that strengthens the North Country’s tourism industry; result in the retention of existing jobs, as well as the creation of new jobs; and guarantee AM will continue to serve as a regional economic engine.	2015	\$75,000	Complete
Adirondack Park - Lake Champlain	Ticonderoga	Hamlet Revitalization	Project Advancement	Engineering Plans	Town of Ticonderoga	<b>Construction Drawings for the Reconstruction of the 18th Century French Sawmill</b> Develop construction drawings for Reconstruction of the 18th Century French Sawmill to be located on the LaChute River, the historic river flowing through downtown Ticonderoga and the waterway that connects Lake George with Lake Champlain. Construction drawings will include approximately 50 sheets graphically describing every part of the sawmill site, building and machinery and how each of the parts are related.	2016	\$50,752	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Lake George	Hamlet Revitalization	Project Advancement	Engineering Plans	Village of Lake George	<b>South Canada Street Site Improvements Design</b> Develop design and construction documents for streetscape improvements along the west side of Canada St. in Lake George Village. This stretch of Canada St. (roughly 0.37 miles long) connects the intersection of Million Dollar Beach Rd. and Canada St. with the entrance to the Charles R. Wood Park.	2016	\$22,250	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Hamlet Revitalization	Project Advancement	Engineering Plans	Town of Wilmington	<b>Alternative Wastewater System for Economic Development</b> Develop the Town’s Alternative Wastewater System design and associated engineering plans, focused on development of a downtown node, encouraging gradual improvements and in-situ growth within the hamlet. A 2015 Wastewater Feasibility Study defined the specific type of treatment and design parameters needed to support lodging facilities currently dispersed on lots within the hamlet as well as for any new larger scale hotel.	2016	\$40,000	In Progress
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Cultural Amenities	Project Advancement	Engineering Plans	Town of Tupper Lake, with Adirondack Public Observatory, Inc.	<b>Support for the Adirondack Public Observatory</b> Assist the Adirondack Public Observatory (APO) to accomplish its goal of capitalizing on the Park’s dark and clear night skies to attract residents and visitors to explore the Cosmos. Develop architectural and engineering design for the museum / observatory, a communications strategy, and a fundraising campaign strategy.	2016	\$70,000	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Mt Tremper	Cultural Amenities	Project Advancement	Engineering Plans	Catskill Center for Conservation & Development, with support from the Town of Shandaken	<b>Creating an Interpretive Design for the Catskill Interpretive Center</b> Develop conceptual design for exhibits and visitor services both inside and outside the Catskill Interpretive Center’s building to maximize use of existing space. The Maurice D. Hinchey Catskill Interpretive Center opened in July 2015, with the mission to interpret the rich natural and cultural environment in the Catskill Park and to provide information to visitors about the wide variety of recreational and cultural offerings throughout the park.	2016	\$30,992	Complete
Adirondack Park - Caroga / Piseco / Lake Pleasant / Sacandaga	Wheelerville	Recreation	Project Advancement	Feasibility Study	Town of Caroga	<b>Wheelerville Trails</b> Develop a feasibility study and conceptual plan for a high quality multi-use, non-motorized trail system that includes evaluation of recreation opportunities for mountain biking, hiking and nature observation on Town-owned property between State Highway 29/10 and Irving Pond.	2017	\$6,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Work Activity	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Central Adirondacks	Newcomb	Local Site Development	Project Advancement	Feasibility Study	Town of Newcomb with SUNY ESF Adirondack Ecological Center	<b>Northern Forest Conservation Education and Leadership Training Institute</b> Business feasibility study for conference facility and adaptive reuse of Masten House	2008	\$50,000	Complete
Adirondack Park - Moose River / Old Forge / Fulton Chain	Otter Lake	Community Development	Project Advancement	Feasibility Study	Otter Lake Fire Company Inc. in Forestport	<b>Otter Lake Fire Co. Feasibility Study for Senior Citizen Apartments</b> Develop plan for conversion of the former Otter Lake Fire Station, located at 14015 St Rt 28, in the Hamlet of Otter Lake into Senior Citizen apartments. Acquire professional services for design and engineering, as well as studying the financial and logistical aspects associated with the long term management of such a facility.	2017	\$19,210	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Hamlet Revitalization	Project Advancement	Feasibility Study	Town of Wilmington	<b>Community Center Feasibility Study</b> Economic Impact Feasibility Study for a Community Center, Municipal Offices, Historical Society Building and a Fly Fishing Museum	2008	\$50,000	Complete
Adirondack Park - Lake Champlain	Port Henry	Local Site Development	Project Advancement	Marketing and Promotion	Town of Moriah	<b>Building Moriah's New Waterfront Destination</b> Begin implementation of a vision for two Town-owned properties on Lake Champlain waterfront in the hamlet of Port Henry. The project was developed through phases, surveys and meetings involving the Moriah Economic Development Taskforce. A public process will result in selection of a developer for one property and dedication of the other property as public parkland.	2017	\$75,000	Complete
Adirondack Park - Parkwide	Adirondack Park	Recreation	Project Advancement	Regional Coordination / Asset Trails	Hamilton County, with ROOST and Wildlife Conservation Society	<b>Adirondack Cycling Strategy, Phase One, The Great South Woods</b> Create a bicycle tourism program including a regional marketing strategy to promote existing assets to travelers. Objectives are: a) enhance cycling related infrastructure to support bicycle tourism; b) create bicycling-friendly destination communities; and c) develop a collaborative partnership to grow the bicycle tourism economy.	2017	\$60,000	In Progress
Adirondack Park - Parkwide	Adirondack Park	Community Development	Project Advancement	Regional Coordination / Asset Trails	Hamilton County, with members of the Adirondack Partnership	<b>Adirondacks USA Implementation</b> Identify, inventory, link, and market non-recreation amenity trails to implement the Adirondack Trail Towns Strategic Plan. Non-recreation amenity trails integrate food, historic preservation, history, art, cultural attractions, activities and events in smaller communities, encouraging private investment through hamlet revitalization, small business growth and tourism investment. Administer / develop program and coalition, develop financing plan, prepare e-marketing strategy, deliver community assessments, and develop community/business toolkit and program guidelines.	2016	\$75,000	In Progress
Adirondack Park - Tupper / Adirondack Seaway	Cranberry Lake, Fine, Newton Falls, Oswegatchie, Star Lake, Wanakena	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Fine with Town of Clifton, and partners	<b>Building Community Capacity to Sustain the Economic and Community Revitalization Efforts in the Towns of Clifton and Fine (Part II)</b> Continue advancement of regional community development priorities for the northwestern Adirondack Park, in partnership with St. Lawrence County, Wildlife Conservation Society, and Clifton-Fine Economic Development Corporation.	2011	\$75,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	Cranberry Lake, Fine, Newton Falls, Oswegatchie, Star Lake, Wanakena	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Fine with Town of Clifton	<b>Building Community Capacity in the Towns of Clifton and Fine</b> Advance priority projects to sustain the region’s economic and community revitalization efforts in partnership with St. Lawrence County, Wildlife Conservation Society, and Clifton-Fine Economic Development Corporation	2008	\$98,250	Complete

Park & Region	Location	Focus / Goals	Work Stage	Work Activity	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Parkwide	Catskill Park	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Shandaken, with nine neighboring local governments	<b>Catskill Park Scenic Byways Implementation Project</b> Increase coordination between the 9 local governments comprising the two designated scenic byways in the Catskill Park; implement key components of byway plans and regional and state plans; extend the Mountain Cloves Scenic Byway and make a second connection with the Catskill Mountains Scenic Byway; work with NYSDOT to implement longstanding Park-wide transportation recommendations; and produce promotional materials, audio tours and website enhancements.	2017	\$74,734	In Progress
Adirondack Park - Central Adirondacks	Indian Lake	Cultural Amenities	Project Advancement	Strategic Plan	Town of Indian Lake with Adirondack Community Trust and The Indian Lake Theater	<b>Indian Lake Theater</b> Develop a strategic plan to reopen and support continued use of the Indian Lake Theater as a multi-purpose community center for special events, community theater, concerts, and movies	2008	\$42,600	Complete
Adirondack Park - Parkwide	Adirondack Park	Regional Economic Development	Project Advancement	Strategic Plan	Town of Saranac with Technical Assistance Center at SUNY Plattsburgh and Adirondack North Country Association	<b>The Wireless Clearinghouse</b> Identify and catalog existing structures with the potential to accommodate cell phone and wireless communications facilities	2008	\$106,971	Complete
Adirondack Park - Parkwide	Ausable Forks, Blue Mtn. Lake, Caroga Lake, Indian Lake, Long Lake	Hamlet Revitalization	Project Advancement	Strategic Plan	Essex County with the Adirondack Community Housing Trust	<b>Hamlets 3, Training and Implementation Workshops</b> Provide technical assistance for several Park communities to use the new planning guide for hamlet expansion and infill.	2011	\$88,000	Complete
Catskill Park - Mountain Cloves	Tannersville	Recreation	Project Advancement	Strategic Plan	Town of Hunter, with the Village of Tannersville	<b>Town of Hunter Trails Initiative</b> Develop a townwide trails plan including conceptual design, branding strategy and promotional materials as well as construction specifications and cost estimates for the Kaaterskill Rail Trail, Phase Three.	2017	\$75,000	In Progress
Adirondack Park - Caroga / Piseco / Lake Pleasant / Sacandaga	Town of Arietta	Community Development	Planning	Comp Plans / Land Use Updates	Town of Arietta	<b>Town of Arietta Comprehensive Plan</b> Develop the Town of Arietta 2008 Comprehensive Plan	2008	\$50,000	Complete
Adirondack Park - Lake Champlain	Town of AuSable	Community Development	Planning	Comp Plans / Land Use Updates	Town of AuSable	<b>Town of AuSable Comprehensive Plan</b> Develop a town-wide Comprehensive Plan	2008	\$26,000	Complete
Adirondack Park - Lake Champlain	Town of Elizabethtown	Community Development	Planning	Comp Plans / Land Use Updates	Town of Elizabethtown	<b>Town of Elizabethtown Comprehensive Plan</b> Develop a comprehensive plan, providing the Town with a smart growth expansion plan to include pedestrian linkages, public sewer, and prioritization of projects	2011	\$37,000	Complete
Adirondack Park - Lake Champlain	Town of Lewis	Community Development	Planning	Comp Plans / Land Use Updates	Town of Lewis	<b>Town of Lewis Comprehensive Plan</b> Develop a comprehensive plan, providing the Town with a land use plan and smart growth expansion framework to guide growth	2011	\$23,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Work Activity	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Moose River / Old Forge / Fulton Chain	Lewis County	Community Development	Planning	Comp Plans / Land Use Updates	Lewis County with its Adirondack towns	<b>Lewis County, Countywide Comprehensive Plan</b> Include in the countywide planning process, the needs of Adirondack communities; the Town of Diana, Town of Croghan, Town of Watson, Town of Greig, and Town of Lyonsdale	2008	\$34,310	Complete
Catskill Park - Sullivan / Sundown	Town of Rockland	Community Development	Planning	Comp Plans / Land Use Updates	Town of Rockland	<b>Town of Rockland Comprehensive Plan</b> Develop a town-wide comprehensive plan, which includes a vision, goals, objectives, and a detailed implementation plan that reflect the current topics, opportunities and challenges in the town and the greater region. The plan will provide detailed analyses of population, economic, and natural resources data, as well as a series of maps to illustrate existing conditions and patterns of change. The plan will also isolate three or four major themes to help focus on and advance priority actions.	2017	\$35,000	In Progress
Adirondack Park - Central Adirondacks	Newcomb	Community Development	Planning	Strategic Plan	Town of Newcomb	<b>Town of Newcomb Main Street &amp; Marketing Plan</b> Develop a strategic plan that includes site-specific land use recommendations, a complete streets plan and a marketing strategy	2011	\$40,000	Complete
Adirondack Park - Lake Champlain	Lake Placid, Port Henry, Saranac Lake, Schroon Lake, Ticonderoga, Wilmington	Regional Economic Development	Planning	Strategic Plan	Essex County with Town of Moriah, Town of North Elba, Town of Schroon, Town of Ticonderoga, and Town of Wilmington	<b>Essex County Destination Master Plan</b> Convene local leaders within each of the County’s leading tourism communities to support a countywide effort to transform tourism into a sustainable, locally-led, year-round economy	2008	\$100,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Bolton Landing	Hamlet Revitalization	Planning	Strategic Plan	Town of Bolton	<b>Sustainability Plan for the Hamlet of Bolton Landing</b> Develop a sustainability plan for environmentally sound, responsible economic activity and detailing priorities for investment in the hamlet of Bolton Landing.	2008	\$50,000	Complete

SORTED BY STATUS WITHIN WORK STAGE

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Central Adirondacks	Indian Lake	Cultural Amenities	Implementation	Capital Improvement / Construction	Indian Lake Theater, Inc., with the Town of Indian Lake	<b>Indian Lake Theater Energy Efficiency and Sustainability Project</b> Update the downtown theater’s energy audit, insulate and air seal the projection room to better protect and manage the operating conditions for the digital projection system, assess theatrical lighting to improve its efficiency, and train staff on how to deploy lighting most effectively.	2016	\$15,000	Complete
Adirondack Park - Lake Champlain	Boquet, Port Henry, Willsboro	Cultural Resources	Implementation	Capital Improvement / Construction	Town of Moriah with Town of Willsboro and Town of Essex	<b>Champlain Valley Historic Heritage Partnership Implementation</b> Restore three regionally-significant historic structures located along the Champlain Valley, NYS Path through History, and Lakes to Locks Passage Scenic Byway that help tell the story of the Champlain Valley region of the Adirondack Park. <ul style="list-style-type: none"> <li>the Adsit (AD-SIT) Cabin, the oldest known log cabin in the United States;</li> <li>the Iron Center, an 1891 Carriage House building that illustrates Moriah’s historic role in supplying high-grade Iron Ore; and</li> <li>the Boquet (BOW-KET) School House, an octagonal schoolhouse that has retained its original design and material since construction in 1826.</li> </ul>	2015	\$39,902	Complete
Adirondack Park - Lake Champlain	Ticonderoga	Cultural Amenities	Implementation	Capital Improvement / Construction	Fort Ticonderoga Association, with the Town of Ticonderoga	<b>Fort Ticonderoga Deck Repair</b> Repair stone deck on the east and northeast sections of the historic fort, preventing water infiltration into the original 18th-century French bake ovens and the education center, which provides year-round education and hospitality functions for over 75,000 visitors each year.	2017	\$25,000	Complete
Adirondack Park - Northern Foothills	Duane Center	Community Development	Implementation	Capital Improvement / Construction	Town of Duane	<b>Duane 1884 Church</b> Preserve a small church built in 1884 that is listed on the National Register of Historic Places. Prevent the foundation of the church’s bell tower from failing. The building and the bell tower will be raised so the failing foundation walls can be replaced, and the intact stone wall shored up. The church helps identify Duane Center as the hub of the community – an area the Town is working to develop for small businesses. Improvements to the church will also promote increased use of the adjacent Town-owned recreational trail system for hiking and cross-country skiing and wildlife viewing via a remote overlook.	2015	\$74,029	Complete
Catskill Park - Catskill Mountains Scenic Byway	Andes	Cultural Amenities	Implementation	Capital Improvement / Construction	Town of Andes with Andes Society for History and Culture and Catskill Center for Conservation & Development	<b>Project Calico - Phase 1 &amp; 2</b> Establish a hamlet walking tour, guided by markers, leading to a foot-path and access bridge in the town park, culminating at the historic rail station. Develop a town logo, insignia, flags, banners and historic plaques based on the town's role in America's agricultural Anti-rent Wars	2010	\$82,390	Complete
Catskill Park - Mountain Cloves	Tannersville	Cultural Amenities	Implementation	Capital Improvement / Construction	Mountain Top Arboretum, in Tannersville	<b>Mountain Top Arboretum Education Center Building Project</b> Complete a new education center building to accommodate large groups and offer public educational and cultural programs year-round. The building incorporates local timber from the major tree species native to the Catskill Park which can also be seen throughout the arboretum grounds.	2017	\$60,000	Complete
Catskill Park - Mountain Cloves	Tannersville	Cultural Amenities	Implementation	Capital Improvement / Construction	Mountain Top Arboretum, with support from the town of Hunter	<b>The Mountain Top Arboretum Safe Entry Project</b> Widen the arboretum’s access road to accommodate emergency vehicles and buses and improve safety. Improve drainage from County Route 23C and the expanded access road, to reduce erosion and water runoff. Replace existing signage in three locations so visitors can better identify the site. Upgrades to the facility will provide a better visitor experience and attract and accommodate additional visitors.	2016	\$24,875	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Catskill Mountains Scenic Byway	Arkville	Cultural Amenities	Implementation	Capital Improvements / Construction	Catskill Revitalization Corp./ dba Delaware & Ulster Railroad	<b>Delaware &amp; Ulster Railroad Beautification Project</b> Relocate historic engine and caboose for public display. Install landscape plantings and materials, including benches, picnic tables, bike racks, and related amenities to implement a landscape plan for a key gateway location in the historic and increasingly walkable hamlet of Arkville.	2010	\$51,993	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Bolton Landing	Hamlet Revitalization	Implementation	Infrastructure	Town of Bolton	<b>Cross Street Parking Facility</b> Construct a public parking facility that will unify the town’s public services including the Municipal Center, Health Center, Recreation Commission, Local Police Station, Farmers Market, Senior Center, and the Office for the Aging Meal Site. Utilize green infrastructure principles and best management practices for stormwater. The parking facility will accommodate 58 vehicles, supporting a centralized Town Center. It will serve visitors to the Lake George waterfront and downtown businesses.	2015	\$68,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Lake Placid	Hamlet Revitalization	Implementation	Infrastructure	Lake Placid Village, Inc.	<b>Mirror Lake Stormwater Improvement Project</b> Upgrade the stormwater collection system along 1,100 ft. of Mirror Lake Dr. in the Village of Lake Placid to improve the water quality of Mirror Lake and downstream water bodies, including the Ausable River. The Village will also install a decorative concrete sidewalk and pedestrian lighting along the sidewalk to enhance aesthetics and safety along this popular route.	2016	\$75,000	Complete
Catskill Park - Catskill Mountains Scenic Byway	Arkville	Hamlet Revitalization	Implementation	Infrastructure	Town of Middletown	<b>Arkville Hamlet NYS Route 28 Corridor Improvement Projects</b> Construct new sidewalk, the erect "Welcome" signs, and install park benches, garbage receptacles, and planter boxes in the hamlet of Arkville. Repair the stone facade of the historic town schoolhouse, to complete aesthetic and functional improvements along the NYS Route 28 corridor.	2010	\$83,333	Complete
Catskill Park - Catskill Mountains Scenic Byway	Fleischmanns	Hamlet Revitalization	Implementation	Infrastructure	Village of Fleischmanns with The MARK Group	<b>Fleischmanns Sidewalk and Park Improvement Project</b> Construct new sidewalk and enhance the Village Park, including replacement of deteriorated iron safety rail and the installation of period lights and rustic benches and railings along historic Wagner Avenue, to connect open space and cultural amenities in the Village	2010	\$83,100	Complete
Catskill Park - Catskill Mountains Scenic Byway	Margaretville	Hamlet Revitalization	Implementation	Infrastructure	Village of Margaretville	<b>Margaretville Gateway Improvements</b> Install context sensitive street lights, welcome signs, new trees and an interpretive kiosk to make key Village entry locations more attractive and walkable and provide interpretation of nearby resources.	2010	\$83,288	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Lake Luzerne	Cultural Amenities	Implementation	Marketing and Outreach	Town of Lake Luzerne with Adirondack Folk School	<b>Adirondack Folk School</b> Develop and implement a comprehensive outreach program to draw instructors and students into the community of Lake Luzerne and its school of traditional Adirondack arts, crafts and culture	2011	\$40,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Hamlet Revitalization	Implementation	Marketing and Outreach	Biodiversity Research Institute (BRI), with Adirondack Hamlets to Huts, and the Village of Saranac Lake.	<b>Adirondack Community-Based Trails, Loons, Lakes and Lodging</b> Revitalize two significant buildings in downtown Saranac Lake as 1) shared space for BRI’s Adirondack Center for Loon Conservation and Adirondack Hamlets to Huts, two small but significant conservation organizations; 2) a “Leave No Trace” educational center highlighting environmental issues critical to the health of the Adirondacks and its inhabitants, both wild and human; and 3) a retail store to provide support for the long-term sustainability of the organizations.	2016	\$50,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Recreation	Implementation	Marketing and Outreach	Town of Wilmington	<b>Wilmington Mountain Bike Trail System</b> Develop a web page and brochures marketing mountain biking opportunities in the Town	2011	\$5,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	St. Lawrence County	Recreation	Implementation	Marketing and Outreach	St. Lawrence County	<b>A User's Guide to the Adirondacks in St. Lawrence County</b> Develop a comprehensive tourism guide cataloguing recreational opportunities in the Adirondack Park in St. Lawrence County	2008	\$45,000	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Lake Luzerne	Cultural Amenities	Implementation	Marketing and Promotion	Adirondack Folk School, Inc. in Lake Luzerne	<b>Discover the Adirondack Folk School in Lake Luzerne, NY!</b> Produce professional videos, promoting classes unique to the Adirondack Folk School along with the surrounding natural beauty of Lake Luzerne.	2017	\$18,700	Complete
Catskill Park - Mountain Cloves	Lexington	Hamlet Revitalization	Implementation	Park Improvement	Town of Lexington	<b>Lexington Waterfront Park</b> Create a streamside pocket park on the north bank of the Schoharie Creek, on County Route 13a to improve public access to the community’s natural resources. The Lexington Waterfront Park will include 150 yards of riverfront in the center of town and adjacent to an NYSDEC fishing access site.	2015	\$62,425	Complete
Catskill Park - Route 23 Corridor	Ashland	Recreation	Implementation	Park Improvement	Town of Ashland	<b>Ashland Town Park</b> Purchase and install a 60' octagonal pavilion, which will become a center point of the park allowing for community gatherings and enhanced park use, positively impacting the hamlet of Ashland.	2017	\$75,000	Complete
Catskill Park - Route 23 Corridor	Prattsville	Recreation	Implementation	Park Improvement	Town of Prattsville, with support from the towns of Lexington and Ashland	<b>Pavilion at Conine Field Recreation Area</b> Build a park pavilion within the new Conine Field recreation area, which serves as a gateway to the town with over 2,600 cars passing by each day. The pavilion adds the final element to the recreation area, enticing people to enjoy the park's scenic and natural resources. It will help attract and retain young families, service aging residents and support youth activities, serving the new housing development in town which will have 44 senior apartments and 16 low/moderate income homes.	2016	\$53,683	Complete
Catskill Park - Sullivan / Sundown	Neversink	Recreation	Implementation	Park Improvement	Town of Neversink	<b>Neversink Town Park</b> Create a walking path around the perimeter of the Town’s new recreational park, as well as planting trees, shrubs and storm water retention plantings throughout the park. The park features new ball fields and a picnic pavilion. The exercise path and bioretention rain gardens will further enhance the beauty and recreational potential of the park and make it more inviting for the community and visitors.	2015	\$45,481	Complete
Adirondack Park - Lake George / Schroon / Hudson River	North Creek	Recreation	Implementation	Trail Building	Town of Johnsburg	<b>North Creek Ski Bowl Trails, Kiosks, and Signs</b> Enhance spring, summer, and fall non-motorized multiple-use of the North Creek Ski Bowl Park; an exceptional community and destination recreational trail system. Place kiosks at trailheads, develop trailhead signage, strategically install trail map boards, and build an additional 1km of trails to connect with the existing network. Develop brochures and an interactive mapping app. Install benches and picnic tables on trails and at the picnic area.	2015	\$37,121	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Pilot Knob	Recreation	Implementation	Trail Building	Lake George Land Conservancy	<b>Pilot Knob Trail Reconstruction</b> Reconstruct and reroute the current trail system that is in place at the popular Lynn Schumann Preserve to protect environmental resources, decrease erosion, improve safety & walk-ability and support residents and tourists using the trail to hike, explore and seek scenic views of Lake George.	2017	\$40,000	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Catskill Mountains Scenic Byway	Big Indian, Mt Tremper, Phoenicia, Pine Hill, Shandaken	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Shandaken	<b>The Faces of Shandaken</b> Design and install solar-lighted informational kiosks, attractive roadside welcome signs, and a small information center to be placed along Route 28, near the eastern entrance into town. Improve the facade of Shandaken Town Hall	2010	\$83,000	Complete
Catskill Park - Mountain Cloves	Tannersville	Hamlet Revitalization	Implementation	Wayfinding Signs and Kiosks	Village of Tannersville	<b>Main Street Village of Tannersville Visitor Information Kiosk Project</b> Install two, four-sided kiosks on Main Street in Tannersville to orient visitors to lodging, shops, services, parking, cultural and recreational assets. The structures will be eight feet tall, sturdy and attractive. They will be custom built and designed to reflect the "Painted Village in the Sky" visual and cultural identity that is unique to the Village. The panels are designed for the transparent cover to be easily removed allowing for updating graphics as recreation or commercial assets expand.	2016	\$20,500	Complete
Catskill Park - Parkwide	Catskill Park	Recreation	Implementation	Wayfinding Signs and Kiosks	Catskill Watershed Corporation	<b>Catskill Park Wayfinding Sign Project</b> Implement a roadside wayfinding sign system for recreational resources located adjacent to or accessible from state and local roads throughout the Catskill Park. This project will consist of a coordinated work program that will involve key stakeholders and partners in the identification of local, state, and New York City-owned recreational resources and the installation of signage over three years.	2015	\$50,000	Complete
Adirondack Park - Lake Champlain	Keeseville	Hamlet Revitalization	Implementation	Building Demolition	Town of Ausable, with Adirondack Architectural Heritage (AARCH)	<b>Town of Ausable Riverside Park</b> Remove the deteriorated 15,000 square foot "Red Mill" in Keeseville. On the vacated land, create a public waterfront park along the Ausable River, the village’s most significant natural resource. The river’s west bank will be transformed, through abatement and demolition, from a deteriorating industrial site to a beautiful 2.3-acre greenspace for hosting events, a farmers’ market, interpretive signage, walking path, and a playground adjacent to the historic Stone Mill.	2016	\$75,000	In Progress
Adirondack Park - Lake Champlain	Crown Point	Community Development	Implementation	Capital Improvement / Construction	Essex County Department of Community Resources, with the Town of Crown Point	<b>Fishing for Opportunity: Essex Co. Fish Hatchery/Crown Point Shared Services</b> Address water supply issues and make structural improvements to the Essex County fish hatchery and the Town's municipal water system. Drill a new water well and construct a new municipal water treatment and control facility on hatchery property, complete with office space and restrooms for employees and visitors.	2016	\$75,000	In Progress
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Cultural Amenities	Implementation	Capital Improvement / Construction	BluSeed Studios, Inc. in Saranac Lake	<b>A New View of BluSeed Studios: Building and Site Improvements Along a Village Travel Corridor</b> Restore building exterior, improving appearance and functionality to capitalize on potential rail trail connection and continue BluSeed Studio's role as a prospering center for the arts and culture in the region.	2017	\$39,010	In Progress
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Implementation	Capital Improvement / Construction	Town of Tupper Lake	<b>Tupper Lake Rail &amp; Rail-Trail Readiness Program</b> Develop a Readiness Action Plan for the planned Adirondack Rail-Trail & returned rail service coming to the region, develop a feasibility study & design concept for the Tupper Lake Train Depot, shore up the Tupper Lake Depot parking area, implement the first phase of the Rail and Rail-Trail Readiness Action Plan by becoming more “bike friendly,” and work with other communities along the Adirondack Rail-Trail Corridor to provide a consistent user experience.	2017	\$75,000	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Community Development	Implementation	Capital Improvement / Construction	Town of Tupper Lake with Village of Tupper Lake	<b>Improving Tupper Lake's 21st Century Curb Appeal</b> Install a new building façade in the traditional rustic Adirondack style at ROOST’s Tupper Lake Information Center on Park Street. Assist tourism businesses and attractions to improve their digital “curb appeal” and thereby maximize the value of the community’s investment in ROOST’s marketing services. Together, Tupper Lake and the Regional Office Of Sustainable Tourism	2015	\$50,000	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Phoenicia	Cultural Amenities	Implementation	Capital Improvement / Construction	Shandaken Theatrical Society, Inc., in Phoenicia	<b>Shandaken Theatrical Society – Fostering Community Through Theater</b> Renovate century-old theater to increase its appeal and relevance to the community. Work includes: exterior renovation, outdoor lighting, marquee and signage, and landscaping including a patio with tables, chairs and fencing. Revitalizing the building will beautify a prominent landmark, engender community involvement & create gathering space for community members and theater patrons.	2017	\$50,210	In Progress
Adirondack Park - Caroga / Piseco / Lake Pleasant / Sacandaga	Northville	Community Development	Implementation	Comp Plans / Land Use Updates	Village of Northville	<b>Village of Northville Zoning Update</b> With a Draft Comprehensive Plan in the final stages of adoption, the Village of Northville prepared to move forward to update their existing 1995 Zoning Ordinance. The zoning update will implement priorities identified within the Comprehensive Plan update.	2017	\$42,000	In Progress
Adirondack Park - Lake Champlain	Port Henry	Community Development	Implementation	Comp Plans / Land Use Updates	Village of Port Henry	<b>Implementing a Port Henry Blue Print</b> Develop land use ordinances to enact the Village of Port Henry's priorities, developed over years of public meetings, public hearings and zoning commission report recommendations. Formally adopt the current informal Comprehensive Plan. Over time, the project will help preserve the historic nature and character of the Village. Potential new rules will help harmonize landscapes in neighborhoods, address building design, size, facade and arrangement for physical and aesthetic continuity. There will also be a focus on mixed-use development, rehabilitation, waterfront improvement and walkable areas	2015	\$24,000	In Progress
Adirondack Park - Central Adirondacks	Raquette Lake	Cultural Amenities	Implementation	Events and Programming	Sagamore Institute of the Adirondacks in Raquette Lake	<b>Great Camp Sagamore Visitor Interpretation and Education Project</b> Expand educational opportunities that will engage regional tourists in guided hikes, historical and environmental programs and other activities that visitors to the Adirondacks are looking for. Expand access and tourism services at this National Historic Landmark by creating new programs and recreational opportunities including hiking, mountain biking and paddle sports in a beautiful setting.	2017	\$67,620	In Progress
Adirondack Park - Lake Champlain	Crown Point	Local Site Development	Implementation	Infrastructure	Town of Crown Point	<b>War Canoe Spirits Distillery Water Service Upgrades</b> Upgrade the public water supply in support of restoration of a historic barn in the hamlet of Crown Point which will become a flagship retail store, tasting room, and reception room for public functions. The upgraded water supply will allow for fire safety and will support the process of distilling liquors for sale and distribution.	2017	\$75,000	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Andes	Community Development	Implementation	Infrastructure	Town of Andes	<b>Andes Secondary Water Source Project</b> Construct a second source for the Andes water system. The town administers the Andes Water District which covers the hamlet of Andes, plus additional customers in the Gladstone Hollow area. The current water system has decreased in capacity. To meet the demands of the system, a second well is required. The hamlet is a key resource to the Park, with visitor services, tremendous historic resources, a walkable central district, local sourced food and cultural activities.	2016	\$64,500	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Catskill Park - Route 23 Corridor	Cairo	Community Development	Implementation	Infrastructure	Town of Cairo	<b>Cairo Main Street Multi-Modal Pathway</b> Construct a multi-modal pathway linking the central business district in the Hamlet of Cairo with newer development at its east end. The project is an integral part of the planned Main Street revitalization and includes construction of approximately ½ mile of sidewalks/bike path on the east end of Main Street (County Route 23B) and several pocket parks.	2015	\$75,000	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	Corinth, Hadley, North Creek, Riparius, Stony Creek, The Glen, Thurman Station	Regional Economic Development	Implementation	Marketing and Promotion	Warren County, with nine local communities	<b>Promoting the First Wilderness</b> Implement priority goals of the First Wilderness Heritage Corridor Marketing and Promotion Plan, specifically: create graphic displays for public spaces such as Albany International Airport, Rensselaer Train Station, and the Glens Falls Civic Center; design and produce promotional items and print material; and develop a geocache trail through the Corridor communities.	2017	\$67,936.10	In Progress
Adirondack Park - Lake Champlain	Willsboro	Recreation	Implementation	Park Improvement	Town of Willsboro	<b>Development for Florence Hathaway Recreation Park</b> Complete engineering design, environmental review, permitting and construction of facilities suitable for all ages, including a baseball/softball field, tennis courts, playground, soccer field and trail system.	2017	\$75,000	In Progress
Adirondack Park - Lake George / Schroon / Hudson River	North Creek	Recreation	Implementation	Park Improvement	Town of Johnsburg	<b>Ski Bowl Park Improvements</b> Further improve Ski Bowl Park, a municipal park and tourist attraction adjacent to the hamlet of North Creek used by Gore Mountain for alpine and Nordic skiing in winter. Enhance the park experience for residents and tourists during other seasons by expanding the sandy public beach area and extending an existing non-motorized, multi-use trail by 2.2 km to reach the summit of Little Gore Mt.	2017	\$73,981	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Andes	Community Development	Implementation	Park Improvement	Town of Andes	<b>Ballantyne Park Improvements</b> Create two new structures within the historic Ballantyne Park at the western edge of the hamlet of Andes, building a gazebo and footbridge to augment the hamlet’s self-guided history trail. This scenic, rural and well-situated hamlet is listed as a historic district on the National Register of Historic Places. The hamlet is well-preserved; while maintaining economic activity downtown, it has thus far avoided sprawling development that would counter its picturesque walkable character.	2015	\$45,481	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Big Indian, Mt Tremper, Phoenicia, Pine Hill, Shandaken	Community Development	Implementation	Park Improvement	Town of Shandaken	<b>Shandaken is En"lightening"</b> Improve town parks and informational signage. Install solar lighting and landscaping for town signs erected under a previous Smart Growth Grant, improve town parks to include additional children's equipment, a new attraction, benches and picnic tables, and electricity and lighting in the only town park without it. New signage will denote the amenities available at each park and will include a town-wide map showing locations of all town parks and the amenities available at each.	2016	\$28,450	In Progress
Catskill Park - Catskill Mountains Scenic Byway	Fleischmanns	Community Development	Implementation	Park Improvement	Village of Fleischmanns	<b>Village of Fleischmanns Gateway Project</b> Develop a Village gateway enhancement project to draw visitors into the Village and complement the scenic Route 28 corridor. The project area is located at the easternmost entrance to the village which is directly connected to NYS Route 28. Design and develop a pocket park to include landscaping, benches, street lamps and signage. Improve the visibility and aesthetics of the entrance to the village while creating a welcoming environment for cyclists and pedestrians.	2015	\$45,482	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Parkwide	Adirondack Park	Regional Economic Development	Implementation	Regional Coordination / Asset Trails	Cornell Cooperative Extension of Essex County, with the towns of Elizabethtown and Willsboro	Adirondack Harvest Technology Expansion Upgrade the Adirondack Harvest website with a more accessible home page search option, more inviting overall appearance, “smartphone friendly” configuration and new map pages to include wood products, community supported agriculture (CSA) and local food processors. Add wood product businesses in the Park, conduct a North Country-wide media promotion including “new” website features, and revamp the Essex County local food guide.	2016	\$74,772	In Progress
Adirondack Park - Lake Champlain	Lewis, North Elba, Willsboro	Recreation	Implementation	Trail Building	Town of Willsboro with Town of North Elba and Town of Lewis	Multi-Town Trail Development: Willsboro, North Elba & Lewis Develop multi-use recreational trails in the towns of Willsboro, Lewis and North Elba. Essex County is rapidly becoming known as a premiere mountain biking destination through the efforts of BETA in the creation of over 30 miles of IMBA sanctioned trails on public and private lands, primarily in the Wilmington-Lake Placid area. The trail projects in Lewis and North Elba will reinforce the Adirondacks as a mountain biking destination. The trail project in Willsboro will connect the hamlet of Willsboro with recreational assets along the Boquet River.	2015	\$74,948	In Progress
Adirondack Park - Saranac Lake / Placid / High Peaks	Saranac Lake	Recreation	Implementation	Trail Building	Village of Saranac Lake	Saranac Lake Southern Gateway Multi-Use Trail Design and construct a 900’ multi-use trail between the proposed Adirondack Rail Trail and Lake Flower Avenue. The “Southern Gateway Trail” will connect the commercial district and residential neighborhoods along Lake Flower Avenue in the Village to the planned rail trail.	2017	\$75,000	In Progress
Catskill Park - Route 23 Corridor	Windham	Recreation	Implementation	Trail Building	Windham Area Recreation Foundation Inc. with support from the Town of Windham	Windham Path Phase III - Hensonville Center to Maplecrest Center Develop a hard-packed, non-paved, non-motorized multiple use trail appropriate for cyclists, pedestrians, cross-country skiers and snowshoers, connecting the residential, business and activity centers of Windham, Hensonville and Maplecrest along the Batavia Kill. This is an extension of the Windham Path, the centerpiece of the vision to develop Windham as a four-season destination area that attracts outdoor enthusiasts and improves the quality of life for its residents.	2015	\$50,000	In Progress
Adirondack Park - Central Adirondacks	Indian Lake	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Indian Lake	Essex Chain Lakes and Cedar River Flow Hamlet Gateway Facilities Develop facilities along NYS Route 28 at the entrances to two extensive natural areas; the Essex Chain Lakes and the Cedar River Flow. Project features include wayfinding and interpretive signage, pedestrian access, gateway design elements (e.g., welcome/entryway signage, landscaping, lighting, etc.). This project is intended to foster Hamlet revitalization and access to nature, bolstering tourism and providing related infrastructure.	2017	\$73,500	In Progress
Catskill Park - Mountain Cloves	Hunter, Lanesville, Palenville, Tannersville	Community Development	Implementation	Wayfinding Signs and Kiosks	Town of Hunter	Mountain Cloves Scenic Byway Gateway Signage Project Design and install 5 informational kiosks to mark and interpret the 41-mile “Mountain Cloves Scenic Byway,” the first Catskill Park Scenic Byway, designated by the NYS Senate in 2013. Kiosks will be placed in the Village of Hunter, Village of Tannersville, Hamlet of Palenville (Town of Catskill), Hamlet of Lanesville and Town of Hunter. Design and print a brochure to promote the byway and the hamlets and villages within the Town of Hunter.	2015	\$26,131	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Tupper / Adirondack Seaway	Star Lake	Local Site Development	Project Advancement	Building Demolition	St. Lawrence County, with the towns of Clifton and Fine	<b>Demolition/Abatement of former Jones &amp; Laughlin (J&amp;L) Steel</b> Support Phase 2 of the abatement of hazardous materials and demolition of dilapidated structures at the former J&L Steel site in the Town of Clifton. Mitigate or eliminate the blighting influence of structures at this mill site, closed since 1977, and allow productive use of industrial zoned land.	2017	\$75,000	Complete
Adirondack Park - Central Adirondacks	Blue Mountain Lake	Cultural Amenities	Project Advancement	Engineering Design	Adirondack Historical Association with support from the Town of Indian Lake	<b>The Adirondack Museum's New Exhibition - The Adirondack Experience</b> Design and supervise installation of The Adirondack Experience project at the Adirondack Museum (AM); an exceptional cultural tourist attraction that’s vital to the economy of the North Country. The Adirondack Experience transformation will generate substantial economic activity that strengthens the North Country’s tourism industry; result in the retention of existing jobs, as well as the creation of new jobs; and guarantee AM will continue to serve as a regional economic engine.	2015	\$75,000	Complete
Adirondack Park - Lake Champlain	Ticonderoga	Hamlet Revitalization	Project Advancement	Engineering Plans	Town of Ticonderoga	<b>Construction Drawings for the Reconstruction of the 18th Century French Sawmill</b> Develop construction drawings for Reconstruction of the 18th Century French Sawmill to be located on the LaChute River, the historic river flowing through downtown Ticonderoga and the waterway that connects Lake George with Lake Champlain. Construction drawings will include approximately 50 sheets graphically describing every part of the sawmill site, building and machinery and how each of the parts are related.	2016	\$50,752	Complete
Adirondack Park - Lake George / Schroon / Hudson River	Lake George	Hamlet Revitalization	Project Advancement	Engineering Plans	Village of Lake George	<b>South Canada Street Site Improvements Design</b> Develop design and construction documents for streetscape improvements along the west side of Canada St. in Lake George Village. This stretch of Canada St. (roughly 0.37 miles long) connects the intersection of Million Dollar Beach Rd. and Canada St. with the entrance to the Charles R. Wood Park.	2016	\$22,250	Complete
Catskill Park - Catskill Mountains Scenic Byway	Mt Tremper	Cultural Amenities	Project Advancement	Engineering Plans	Catskill Center for Conservation & Development, with support from the Town of Shandaken	<b>Creating an Interpretive Design for the Catskill Interpretive Center</b> Develop conceptual design for exhibits and visitor services both inside and outside the Catskill Interpretive Center’s building to maximize use of existing space. The Maurice D. Hinchey Catskill Interpretive Center opened in July 2015, with the mission to interpret the rich natural and cultural environment in the Catskill Park and to provide information to visitors about the wide variety of recreational and cultural offerings throughout the park.	2016	\$30,992	Complete
Adirondack Park - Caroga / Piseco / Lake Pleasant / Sacandaga	Wheelerville	Recreation	Project Advancement	Feasibility Study	Town of Caroga	<b>Wheelerville Trails</b> Develop a feasibility study and conceptual plan for a high quality multi-use, non-motorized trail system that includes evaluation of recreation opportunities for mountain biking, hiking and nature observation on Town-owned property between State Highway 29/10 and Irving Pond.	2017	\$6,000	Complete
Adirondack Park - Central Adirondacks	Newcomb	Local Site Development	Project Advancement	Feasibility Study	Town of Newcomb with SUNY ESF Adirondack Ecological Center	<b>Northern Forest Conservation Education and Leadership Training Institute</b> Business feasibility study for conference facility and adaptive reuse of Masten House	2008	\$50,000	Complete
Adirondack Park - Moose River / Old Forge / Fulton Chain	Otter Lake	Community Development	Project Advancement	Feasibility Study	Otter Lake Fire Company Inc. in Forestport	<b>Otter Lake Fire Co. Feasibility Study for Senior Citizen Apartments</b> Develop plan for conversion of the former Otter Lake Fire Station, located at 14015 St Rt 28, in the Hamlet of Otter Lake into Senior Citizen apartments. Acquire professional services for design and engineering, as well as studying the financial and logistical aspects associated with the long term management of such a facility.	2017	\$19,210	Complete

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Hamlet Revitalization	Project Advancement	Feasibility Study	Town of Wilmington	<b>Community Center Feasibility Study</b> Economic Impact Feasibility Study for a Community Center, Municipal Offices, Historical Society Building and a Fly Fishing Museum	2008	\$50,000	Complete
Adirondack Park - Lake Champlain	Port Henry	Local Site Development	Project Advancement	Marketing and Promotion	Town of Moriah	<b>Building Moriah's New Waterfront Destination</b> Begin implementation of a vision for two Town-owned properties on Lake Champlain waterfront in the hamlet of Port Henry. The project was developed through phases, surveys and meetings involving the Moriah Economic Development Taskforce. A public process will result in selection of a developer for one property and dedication of the other property as public parkland.	2017	\$75,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	Cranberry Lake, Fine, Newton Falls, Oswegatchie, Star Lake, Wanakena	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Fine with Town of Clifton, and partners	<b>Building Community Capacity to Sustain the Economic and Community Revitalization Efforts in the Towns of Clifton and Fine (Part II)</b> Continue advancement of regional community development priorities for the northwestern Adirondack Park, in partnership with St. Lawrence County, Wildlife Conservation Society, and Clifton-Fine Economic Development Corporation.	2011	\$75,000	Complete
Adirondack Park - Tupper / Adirondack Seaway	Cranberry Lake, Fine, Newton Falls, Oswegatchie, Star Lake, Wanakena	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Fine with Town of Clifton	<b>Building Community Capacity in the Towns of Clifton and Fine</b> Advance priority projects to sustain the region’s economic and community revitalization efforts in partnership with St. Lawrence County, Wildlife Conservation Society, and Clifton-Fine Economic Development Corporation	2008	\$98,250	Complete
Adirondack Park - Central Adirondacks	Indian Lake	Cultural Amenities	Project Advancement	Strategic Plan	Town of Indian Lake with Adirondack Community Trust and The Indian Lake Theater	<b>Indian Lake Theater</b> Develop a strategic plan to reopen and support continued use of the Indian Lake Theater as a multi-purpose community center for special events, community theater, concerts, and movies	2008	\$42,600	Complete
Adirondack Park - Parkwide	Adirondack Park	Regional Economic Development	Project Advancement	Strategic Plan	Town of Saranac with Technical Assistance Center at SUNY Plattsburgh and Adirondack North Country Association	<b>The Wireless Clearinghouse</b> Identify and catalog existing structures with the potential to accommodate cell phone and wireless communications facilities	2008	\$106,971	Complete
Adirondack Park - Parkwide	Ausable Forks, Blue Mtn. Lake, Caroga Lake, Indian Lake, Long Lake	Hamlet Revitalization	Project Advancement	Strategic Plan	Essex County with the Adirondack Community Housing Trust	<b>Hamlets 3, Training and Implementation Workshops</b> Provide technical assistance for several Park communities to use the new planning guide for hamlet expansion and infill.	2011	\$88,000	Complete
Adirondack Park - Saranac Lake / Placid / High Peaks	Wilmington	Hamlet Revitalization	Project Advancement	Engineering Plans	Town of Wilmington	<b>Alternative Wastewater System for Economic Development</b> Develop the Town’s Alternative Wastewater System design and associated engineering plans, focused on development of a downtown node, encouraging gradual improvements and in-situ growth within the hamlet. A 2015 Wastewater Feasibility Study defined the specific type of treatment and design parameters needed to support lodging facilities currently dispersed on lots within the hamlet as well as for any new larger scale hotel.	2016	\$40,000	In Progress

Park & Region	Location	Focus / Goals	Work Stage	Types of Work	Recipient and Partners	Project Name and Description	Date Awarded	Amount Awarded	Status (2019)
Adirondack Park - Tupper / Adirondack Seaway	Tupper Lake	Cultural Amenities	Project Advancement	Engineering Plans	Town of Tupper Lake, with Adirondack Public Observatory, Inc.	<b>Support for the Adirondack Public Observatory</b> Assist the Adirondack Public Observatory (APO) to accomplish its goal of capitalizing on the Park’s dark and clear night skies to attract residents and visitors to explore the Cosmos. Develop architectural and engineering design for the museum / observatory, a communications strategy, and a fundraising campaign strategy.	2016	\$70,000	In Progress
Adirondack Park - Parkwide	Adirondack Park	Recreation	Project Advancement	Regional Coordination / Asset Trails	Hamilton County, with ROOST and Wildlife Conservation Society	<b>Adirondack Cycling Strategy, Phase One, The Great South Woods</b> Create a bicycle tourism program including a regional marketing strategy to promote existing assets to travelers. Objectives are: a) enhance cycling related infrastructure to support bicycle tourism; b) create bicycling-friendly destination communities; and c) develop a collaborative partnership to grow the bicycle tourism economy.	2017	\$60,000	In Progress
Adirondack Park - Parkwide	Adirondack Park	Community Development	Project Advancement	Regional Coordination / Asset Trails	Hamilton County, with members of the Adirondack Partnership	<b>Adirondacks USA Implementation</b> Identify, inventory, link, and market non-recreation amenity trails to implement the Adirondack Trail Towns Strategic Plan. Non-recreation amenity trails integrate food, historic preservation, history, art, cultural attractions, activities and events in smaller communities, encouraging private investment through hamlet revitalization, small business growth and tourism investment. Administer / develop program and coalition, develop financing plan, prepare e-marketing strategy, deliver community assessments, and develop community/business toolkit and program guidelines.	2016	\$75,000	In Progress
Catskill Park - Parkwide	Catskill Park	Community Development	Project Advancement	Regional Coordination / Asset Trails	Town of Shandaken, with nine neighboring local governments	<b>Catskill Park Scenic Byways Implementation Project</b> Increase coordination between the 9 local governments comprising the two designated scenic byways in the Catskill Park; implement key components of byway plans and regional and state plans; extend the Mountain Cloves Scenic Byway and make a second connection with the Catskill Mountains Scenic Byway; work with NYSDOT to implement longstanding Park-wide transportation recommendations; and produce promotional materials, audio tours and website enhancements.	2017	\$74,734	In Progress
Catskill Park - Mountain Cloves	Tannersville	Recreation	Project Advancement	Strategic Plan	Town of Hunter, with the Village of Tannersville	<b>Town of Hunter Trails Initiative</b> Develop a townwide trails plan including conceptual design, branding strategy and promotional materials as well as construction specifications and cost estimates for the Kaaterskill Rail Trail, Phase Three.	2017	\$75,000	In Progress
Adirondack Park - Caroga / Piseco / Lake Pleasant / Schoharie	Town of Arietta	Community Development	Planning	Comp Plans / Land Use Updates	Town of Arietta	<b>Town of Arietta Comprehensive Plan</b> Develop the Town of Arietta 2008 Comprehensive Plan	2008	\$50,000	Complete
Adirondack Park - Lake Champlain	Town of AuSable	Community Development	Planning	Comp Plans / Land Use Updates	Town of AuSable	<b>Town of AuSable Comprehensive Plan</b> Develop a town-wide Comprehensive Plan	2008	\$26,000	Complete
Adirondack Park - Lake Champlain	Town of Elizabethtown	Community Development	Planning	Comp Plans / Land Use Updates	Town of Elizabethtown	<b>Town of Elizabethtown Comprehensive Plan</b> Develop a comprehensive plan, providing the Town with a smart growth expansion plan to include pedestrian linkages, public sewer, and prioritization of projects	2011	\$37,000	Complete
