

Restricted Areas

Map Legend

Restricted Areas

All public access including the following activities are prohibited within the restricted areas:

- Rock climbing, ice climbing and rappelling.
- No throwing, pushing or rolling items into the gorge.
- Jumping into the water from any portion of the falls or cliffs.
- On top of the falls, access is prohibited beyond the restricted signs or within 15 feet of the cliffs edge.
- Swimming and wading is prohibited in plunge pool below the falls.

These areas have been restricted in order to protect the habitat of threatened plant species, limit falling rock hazards, and minimize injuries and deaths associated with falling from the steep banks and cliffs.
