SARATOGA TREE NURSERY

Tree and Shrub Seedlings for
Planting in New York State

2018

January 2 – May 9

Trees and Shrubs...

- Improve air and water quality
- Stabilize streambanks
- Create windbreaks and conserve energy
- Reforest idle land
- Produce wood products
- Produce wildlife food and cover
- Improve aesthetic value of the landscape

www.dec.ny.gov/animals/9395.html

The Department of Environmental Conservation operates the State Tree Nursery in Saratoga Springs. The nursery produces tree and shrub seedlings for conservation plantings on private and public lands using New York seed sources when available. Available to NY residents and residents of bordering states.

2018 Ordering Information

See our website (www.dec.ny.gov/animals/9395.html) for species descriptions and availability, pictures and order forms.

Before ordering, consider specific space requirements for each type of tree:

Species	Spacing in Feet	Trees/Acre
Wildlife	6 x 6	1,210
Conifer	8 x 8	680
Hardwood	12 x 12	300

For Christmas tree planting, allow enough distance between rows to accommodate two to three feet of growth plus the width of mowing equipment.

How to Order

By Phone:

Order seedlings from January 2 through early to mid-May by calling **518-587-1120**, Monday-Friday, 8 AM to 4 PM. This is the best way to order because operators will have the latest availability information.

Operators can answer questions or direct you to the proper office for other information. An order will be completed over the phone and an invoice will be sent to you via mail for your signature and payment.

By Mail:

Complete the order form on our website at: www.dec.ny.gov/animals/9395.html

Send it to:

NYSDEC Tree Nursery
2369 Route 50 S
Saratoga Springs, NY 12866-4771

Do not send payment at this time. An invoice will be sent to customers, who must sign and return it within 10 days along with a check or money order to complete the purchase unless other arrangements have been made. **DO NOT SEND CASH.**

SAVINGS: Order 1,000 or more seedlings of one species (if available) and receive 10% discount for that line item.

Icon Key

 indicates native species that provide food for pollinators.

 indicates native species that support at least 60 species of insects that birds rely on to raise their young. (Ninety-six percent of our songbirds require insect larvae to raise their young.)

Shipping Options and Instructions

Please make shipping arrangements when you place your order. There are three options:

1. Pick up your order at the Saratoga Tree Nursery, located just south of Saratoga Springs on Route 50, approximately 30 miles north of Albany. You will be notified by mail when your order is ready.
2. Preferred method: For a fee, seedlings are shipped by designated truckers to a single location within certain counties. Customers pick up their orders at designated locations on pre-determined dates. These dates are not set until early April. **Do not choose this option if you need delivery by or on a specific date.** Orders shipped this way are given preference over option #3. **Orders must be placed by March 31, 2018 for this option.** See web page for drop off locations
3. UPS delivery: Limited to customers who do not have the "designated trucker" option, need shipment on a specific date or who place orders after March 31, 2017. Fee per order: \$5.00 plus 20% of the total bill or \$15.00, whichever is higher. Orders placed after May 1st, must be picked up at the nursery.

Mail requests are filled after January 2, in the order received. Species sell out quickly, so order early.

Shipments are sent mid-April through early May. Exact shipping dates are weather dependent. Seedlings should be planted as soon as possible. Until planted, keep seedlings cool and out of direct sunlight. Don't let roots dry out.

For **technical advice only** on your planting project, contact your regional forestry office (found at www.dec.ny.gov/about/27790.html), or call the nursery office at 518-581-1439, Monday-Friday, 8 AM to 4 PM.

To place an order, call 518-587-1120.
