Gordon Wright, Chairman
Town of Reading Planning Board
P O Box 11
Reading Center NY 14876

Regarding: Correction
Inergy Midstream LLC / Finger Lakes LPG Storage LLC
Liquified Petroleum Gas Storage Facility
Town of Reading, Schuyler County

Dear Mr. Wright:

As we discussed on the phone yesterday, the information in the letter dated October 7, 2009, regarding the need for an Article 15 Dam Safety Permit for the proposed LPG storage facility's brine pond was incorrect.

Our Division of Water staff has indicated that a Dam Safety Permit will not be required.

Other issues indicated in the October 7 letter remain. The Department will coordinate review with the Town, and intends to require newspaper publication of a public notice when the application(s) are complete, with a 30 day public comment period.

We have received your e-mail message indicating agreement to extend the time frame for establishment of SEQR Lead Agency until October 28, 2009, and will provide any additional information you request regarding the Lead Agency issue.

If you have any questions or require additional information, please contact me at this office.

Sincerely,

Roger McDonough
Environmental Analyst
Division of Environmental Permits
