

**New York State Department of Environmental Conservation
Waste Tire Stockpile Assessment Summary Sheet - Site 4-05**

**Almag Construction
(Formerly Doran Site)
Town of Pittstown**

Region 4, Rensselaer County

Site Setup:

Junkyard along the highway.

Approximately 11 piles of varying sizes around the site. There is other debris on site as well, some of it is mixed in with the tires. Tires are spread out in a low pile. There are unimproved roads on site.

Number of tires: 110,000 estimated

Piles range in size from 500 to 40,000 tires

Condition of tires:

Many of the tires are dirty, old and partially buried. There is other debris mixed in the piles. Most appear to have no rims.

Access to Site:

Access can be gained from the driveway and roads on site.

Concerns:

There have been fires involving other debris at the site. Mosquitos.
