

**New York State Department of Environmental Conservation
Waste Tire Stockpile Assessment Summary Sheet - Site 8-09**

**Nixon's Truck Parts, Inc.
Town of Butler**

Region 8, Wayne County

Site Setup:

Site is mainly open with a portion in the center currently being mined. Three small tire piles are located toward the rear/west of the property. Small and large piles are over a gradual embankment and are approximately 100 feet into the woods.

Number of tire piles: 5

Number of Tires: 4,000 estimated

Condition of Tires:

Most tires in the open are old with mold observed. Truck tires off rims. Majority of tires in woody area are baled passenger tires.

Access:

Usable gate at front of property with flat drive up to area being mined. Tires in an open area fairly accessible during dry weather. Tires in the woody area are in large bales. Tire in this area are down an embankment and will be more difficult to access.

Concerns:

Vectors and fire
