

**New York State Department of Environmental Conservation
Waste Tire Stockpile Assessment Summary Sheet - Site 9-02**

**Clarence Auto
Town of Newstead**

Region 9, Erie County

Site Setup:

All one pile behind a dirt berm. The tires are accessible by narrow road to one side of berm. Site is somewhat of a swampy area and a firm access road may have to be built for site access. Trailers and cars next to pile. One of the trailers may be occupied.

Number of tires:

Site dimensions were measured and an estimate was made, of approximately 650,000 waste tires.

Condition of tires:

Could not tell accurately, appeared to be old, clean, none with rims

Access to site:

Maze of dirt roads to access the site.
