**The registrant must:**

1. Carry a copy of this waste transporter registration in each vehicle used to transport waste. Failure to produce a copy of the registration upon request is a violation of the registration.
2. Display the full name of the transporter on both sides of each vehicle and display the waste transporter registration number on both sides and rear of each vehicle containing waste. The displayed name and registration number must be in characters at least three inches high and of a color that contrasts sharply with the background.
3. Deliver waste only to receiving facilities authorized to accept such waste. Registrant must demonstrate that facilities are so authorized if requested to do so.
4. Submit to the Department a modification application for any change to the registration.

6. Comply with all requirements of Subpart 364-5 pertaining to the use of waste tracking documents.
7. Maintain records of the amount of each waste type transported to each destination facility on a calendar-year basis. The transporter is obligated to provide a report of this information to the Department by March 1 of each year.
8. This registration is not transferrable. A change of ownership will invalidate this registration.
9. This registration does not relieve the registrant from the obligation to obtain any other approvals or permits, or from complying with any other applicable federal, state, or local requirement.
10. Renewal applications must be submitted no less than 30 days prior to the expiration date of the registration to:
