Department of Environmental Conservation

Amended Certificate of Adoption

Agency Action: Adoption of typographical corrections and other non-substantive changes to appendices A and B of 6 NYCRR Part 617.20 (appendices containing EAFs), which will become effective on October 7, 2013.

On January 25, 2012, I ordered the adoption and filing of amendments to section 617.20 of Title 6 of the Official Compilation of Codes, Rules and Regulations of the State of New York (6 NYCRR section 617.20). As a result of these amendments, the Department of Environmental Conservation adopted new Short and Full-environmental assessment forms (EAFs) replacing the existing EAFs set out in appendices A, B, and C. The Notice of Adoption, which appeared in the New York State Register on February 15, 2012, provided for an effective date on October 1, 2012. On August 20, 2012, I signed an amended Certificate of Adoption that changed the effective date of the new EAFs to April 1, 2013. Notice of the same appeared in the New York State Register on September 5, 2012. On March 13, 2012, I signed another amended Certificate of Adoption that changed the effective date of the new forms from April 1, 2013 to October 7, 2013. Notice of the same was duly published in the New York State Register on April 3, 2013. This amended Certificate of Adoption is to correct typographical errors and to make other non-substantive changes in the EAFs that will become effective on October 7, 2013.

Accordingly, pursuant to the provisions of Section 8-0113(2) (l) of the Environmental Conservation Law and section 203 of the State Administrative Procedures Act, I, Joseph J. Martens, Commissioner of the New York State Department of Environmental Conservation, do hereby order that the typographical errors and other non-substantial changes to the EAFs (section 6 NYCRR section 617.20, appendices A and B, effective October 7, 2013) be adopted to read as on the attached original, and certify that this is the original thereof.

  
Joseph J. Martens  
Commissioner of the Department of  
Environmental Conservation
