

**PROFILE:**

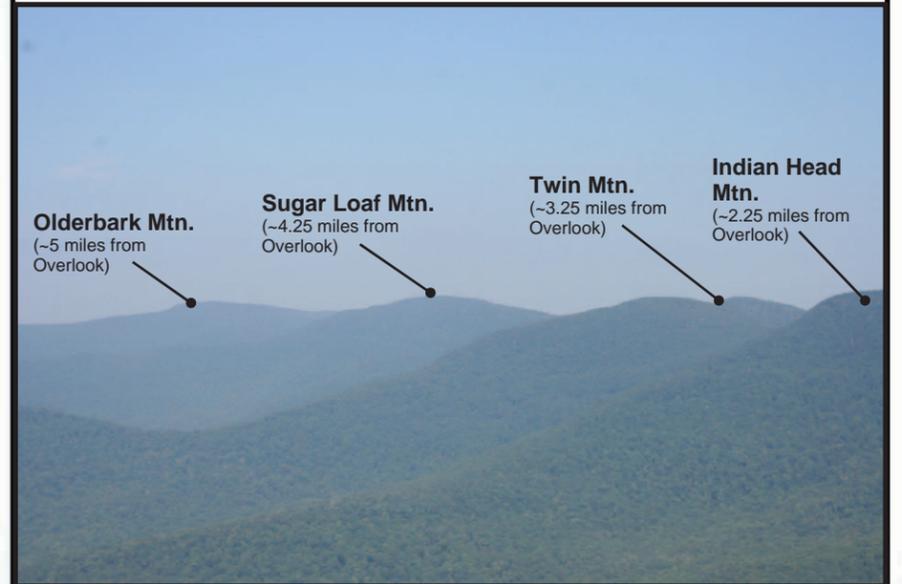

**Profile Graph - Overlook Mountain to Belleayre Mountain**

**VIEWSHED RESULTS:**

**Photo taken from lookout tower, to the right of Belleayre**

**NOTES:**

**Elevation (ft):** .....3150

**Distance(miles) to Belleayre Mtn:** .....22

**Direction of view to Belleayre Mtn:** .....E

**Access:**  
By hiking trail, on 60 ft lookout tower

**GIS review notes:**  
Line of site analysis shows potential view from the fire tower to new and existing lifts and slopes, although discovery lodge would not be visible. Distance will interfere with this view because of scale and atmospheric conditions.

**Field notes:**  
Hiked 9/2/2008 for Leaf-on photographs. Scale and atmospheric conditions resulting from distance makes Belleayre difficult to distinguish from surrounding mountains, and large closer mountains to the right of view toward Belleayre are more prominent in the view. (see photo)

**Proposed Belleayre Ski Center UMP Project Area**  
Viewshed Results  
Ulster County, New York  
Overlook Mountain

- ★ Visual Resource - Summit
- Proposed Ski Lift
- Proposed Trails
- 5 Mile Project Area
- Areas Visible from Control Point
- - - Longitudinal Profile Line

Sheet No.

**PROFILE:**

**No Photo**

**VIEWSHED RESULTS:**

**NOTES:**

**Elevation (ft):** ..... 3610

**Distance (miles) to Belleayre Mtn:** ..... 10

**Direction of view to Belleayre Mtn:** ..... N

**Access:**  
Big Bear Ski Bowl, but no longer in operation. Private property, no trail access

**GIS review notes:**  
Line of site analysis shows a potential view of the project from the summit.

**Field notes:**  
No field visit. Refer to simulations from Red Kill Rd. for views from a closer but similar direction.

*Halcott Mountain*

- ★ Visual Resource - Summit
- Proposed Ski Lift
- Proposed Trails
- Areas Visible from Control Point
- - - Longitudinal Profile Line

Photo taken from Owl's Nest, near peak of south mountain

**NOTES:**

**Elevation (ft):** ..... 3527

**Distance (miles) to Belleayre Mtn:** ..... 5

**Direction of view to Belleayre Mtn:** ..... NE

**Access:**  
No trail access

**GIS review notes:**  
Line of site analysis shows a potential view of the project from the summit.

**Field notes:**  
Although access to the peak is not available, many photographs have been taken from southern slope. See simulations C-1 and C-5.
