DECLARATION OF COVENANTS, RESTRICTIONS AND ENVIRONMENTAL EASEMENT

This Declaration of Covenants, Restrictions and Environmental Easement (DCR & EE) is made this 5th day of March, 2019 by and between the County of Broome, a municipal corporation organized and existing under the laws of the State of New York, having an address at 60 Hawley Street, Binghamton, New York 13902 ("Grantor"), and the People of the State of New York (the "Grantee"), acting through their Commissioner of the New York State Department of Environmental Conservation with its Central Office, located at 625 Broadway, Albany, New York 12233 ("Grantee").

WITNESSETH:

WHEREAS, Grantor is the owner of a parcel of land located in Town of Colesville, County of Broome, State of New York, more particularly described on Exhibit A attached hereto and made a part hereof together with any buildings and improvements thereon and appurtenances thereto (the "Property"); and

WHEREAS, the Property is part of the Colesville Landfill Superfund Site ("Site"), the location of a former municipal landfill and hazardous waste disposal facility which the United States Environmental Protection Agency ("EPA"), pursuant to Section 105 of the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. § 9605, placed on the National Priorities List, as set forth in Appendix B of the National Oil and Hazardous Substances Pollution Contingency Plan ("NCP"), 40 C.F.R. Part 300, by publication in the Federal Register on June 10, 1986; and

WHEREAS, in a Record of Decision dated March 29, 1991 ("ROD") as modified by Explanation of Significant Difference ("ESDs") dated September 7, 2000 and July 31, 2004, EPA Region 2 selected, and the New York State Department of Environmental Conservation ("NYSDEC") concurred with, a response action for the Site, which provided, in part, for the following actions:

Imposition of property deed restrictions, to prevent the installation of drinking water wells at the site and to restrict activities which could affect the integrity of the cap, monitoring wells, and extraction wells;

WHEREAS, the construction activities associated with the remedial action have been completed at the Site and long term monitoring activities are ongoing; and

WHEREAS, the parties hereto have agreed that Grantor shall grant to the Grantee a permanent Declaration of Covenants, Restrictions and Environmental Easement, covenant with respect to the restrictions on the use of the Property, and provide a right of access to the Property in favor of Grantee and EPA, for purposes of implementing, facilitating and monitoring the response action; such restrictions will run with the land for the purpose of protecting human health and the environment; and
WHEREAS, Grantor wishes to cooperate fully with the Grantee in the implementation of all response actions at the Site;

NOW, THEREFORE:

1. **Grant**: Grantor, on behalf of itself, its successors and assigns, for ten dollars and other good and valuable consideration, receipt whereof is hereby acknowledged, does hereby give, grant, covenant and declare in favor of the Grantee that the Site shall be subject to this DCR & EE and Grantor does further give, grant and convey to the Grantee the perpetual right to enforce said restrictions, covenants, right of access and Environmental Easement, all of which shall be of the nature and character, and for the purposes hereinafter set forth, with respect to the Property.

2. **Purpose**: It is the purpose of this instrument to convey to the Grantee real property rights, which will run with the land, facilitate the remediation of past environmental contamination and to impose use restrictions and covenants to protect human health and the environment by reducing the risk of exposure to contaminants.

3. **Restrictions**: The following restrictions apply to the use of the Property, run with the land and are binding on the Grantor and its successors in title and assigns:

   (i) Unless otherwise approved in writing by NYSDEC and EPA, or their successor agencies, there shall be no future development or use of the Property that could compromise the integrity of the remedy or cause the contaminants to migrate;

   (ii) There shall be no installation of drinking water wells at the Property nor use of the groundwater from the unconfined aquifer underlying the Property as a source of potable or process water unless such groundwater meets or is treated to meet quality standards established under federal and state laws and regulations for the intended use.

4. **Modification or termination of restrictions, covenants and easement**: The restrictions and easement specified in the preceding paragraph of this instrument may only be modified or terminated, in whole or in part, in writing by the Grantee, provided, however, that any modification or termination of said restrictions shall not adversely affect the remedy selected by EPA and NYSDEC for the Site. If requested by the Grantor, such writing will be executed by the Grantee in recordable form. Any request by Grantor for a modification or termination of this instrument shall be made in writing by Grantor to NYSDEC and to EPA in accordance with paragraph 15 of this instrument.

5. **Right of access**: Grantors hereby convey to Grantee and to EPA a right of access to the Property at all reasonable times for the following purposes, which shall run with the land and be binding on Grantor, its successors and assigns, and on any tenants or any other parties having an interest in and/or rights to the Property:

   a) Implementing the response actions in the ROD as modified by the ESDs:
b) Verifying any data or information relating to the Site;

c) Verifying that no action is being taken on the Property in violation of the terms of this instrument or of any federal or state environmental laws or regulations;

d) Conducting investigations under CERCLA or the ECL relating to contamination on or near the Site, including, without limitation, sampling of air, water, sediments, soils; and

e) Implementing additional or new response actions under CERCLA or ECL.

7. Federal authority: Nothing in this document shall limit or otherwise affect EPA's rights of entry and access or EPA’s authority to take response actions under CERCLA, the NCP, or other federal law.

8. State authority: Nothing herein shall constitute a waiver of any rights the State may have pursuant to the Environmental Conservation Law, regulations and/or relevant provisions of statutory or common law.

9. No public access and use: No right of access or use by the general public to any portion of the Property is conveyed by this instrument.

10. Public notice: Grantor, on behalf of itself, its successors and assigns, agrees to include in each instrument conveying any interest in any portion of the Property, including but not limited to deeds, leases and mortgages, a notice which is in substantially the following form:

   NOTICE: THE INTEREST CONVEYED HEREBY IS SUBJECT TO A DECLARATION OF COVENANTS, RESTRICTIONS AND ENVIRONMENTAL EASEMENT, DATED __________, 20__, RECORDED IN THE __________ COUNTY CLERK'S OFFICE ON __________, 20__, IN BOOK ______, PAGE ______, IN FAVOR OF, AND ENFORCEABLE BY, THE PEOPLE OF THE STATE OF NEW YORK AND BY THE UNITED STATES OF AMERICA AS THIRD-PARTY BENEFICIARY.

   Within thirty (30) days of the date any such instrument of conveyance is executed. Grantor agrees to provide Grantee and EPA with a certified true copy of said instrument and, if it has been recorded in the public land records, its recording reference.

11. Enforcement: The Grantee shall be entitled to enforce the terms of this instrument by resort to specific performance. All remedies available hereunder shall be in addition to any and all other remedies at law or in equity, including CERCLA. Any forbearance, delay or omission to exercise Grantee’s rights under this instrument in the event of a breach of any term of this
12. **Damages:** Grantee shall also be entitled to recover damages for breach of any covenant or violation of the terms of this instrument including any impairment to the remedial action that increases the cost of the selected response action for the Site as a result of such breach or violation.

14. **Covenants:** Grantor hereby covenants that the Grantor is lawfully seized in fee simple of the Property, that the Grantor has a good and lawful right and power to sell and convey it or any interest therein and that the Property is free and clear of encumbrances.
