

# 2012 Mohawk River Basin Mini-Grants Program Awards

| <b>Applicant Name</b>                 | <b>Project Title</b>                                   | <b>Short Description</b>  |
|---------------------------------------|--|---|
| Mohawk Hudson Land Conservancy        | Bintz Conservation Easement                            | Protection of approximately 120 acres of actively working farmland, as well as associated natural areas with a conservation easement in the Town of Glenville.  |
| Schoharie River Center, Inc.          | Schoharie River Center: Environmental Study Team (EST) | Improvement of water quality in the Mohawk River Watershed by expansion of water quality monitoring by local community based volunteer Environmental Study Teams conducting regular targeted monitoring of tributaries to the Mohawk River                              |
| Town of Colonie                       | Mohawk Landings Park Connection                        | Establishment of a trail connection from Colonie's new Mohawk Landings Park to the Colonie Bike Path and to the Mohawk River in order to enhance opportunities for passive recreational activities and access and enjoyment of the river and the flood plain ecosystem. |
| Town of Niskayuna                     | Niskayuna Waterfront Development                       | Feasibility study to assess the viability of building a community facility/boathouse that contains public restrooms, historic displays and a boathouse for Niskayuna Rowing Club on land adjacent to Aqueduct Park.   |
| Schoharie County                      | Schoharie County Recreation Map                        | Development of an inventory of recreational opportunities that exist within Schoharie County and subsequent creation and distribution of a GIS-based web and paper map identifying those recreational opportunities within Schoharie County.                            |
| The Environmental Clearinghouse, Inc. | Along the Bike Trail Guides & Educational Workshops    | Research, writing, printing and/or reprinting and distribution of guide booklets for use of the Mohawk River bike/hike trail in Albany, Schenectady and Montgomery counties   |
