

STATE OF NEW YORK CONSERVATION FUND ADVISORY BOARD
625 Broadway, Albany, NY 12233-4750

Monthly Meeting Minutes

Three Hundred Fifty Seventh Meeting – January 19, 2016
Department of Environmental Conservation, 625 Broadway, Albany

Call to Order – The meeting was called to order by Chairman Kemper at 9:04 AM.

Meeting Adjourned at 12:45 pm David Corr motioned – Ray Merlotto, Seconded – motion passed.

Roll Call: 9:04 am

Voting Board Members Present

Charles Bevilacqua Region 1
Gordon Whiting Region 2
Tom Williams Region 4
Jason Kemper Region 5
Dave Corr Region 6
Charles Pace Region 7
Dale Dunkelberger Region 9
Bill Conners FWMB
Raymond Merlotto-NYS Conservation
Council

Voting Board Members Excused

Marc Osypian Region 8

Voting Board Members Absent

Dominick Scarzafava Region 3

Ex-Officio Members Present

DEC Commissioner represented by:
Kathy Moser, (Excused)

Ex-Officio Members Absent

Senate Finance Committee
Senate EnCon Committee
Assembly Ways and Means Committee
Assembly EnCon Committee

DEC Personnel

Division of Fish, Wildlife and Marine Resources:
Patricia Riexinger,
Division of Law Enforcement: Director Joe
Schneider; *Legislative Affairs:* Julie Tighe

Guests

Steve Hurst, DEC,
Scott Crisafulli – DEC
Monica Kreshik, DEC
Peter Walke, DEC – Chief of Staff

Abbreviations

Ag. & Mkts = Department of Agriculture and Markets
CFAB or the Board = Conservation Fund Advisory Board
DEC or the Department = NYS Department of
Environmental Conservation
DFWMR = Division of Fish, Wildlife and Marine
Resources
DLE = Division of Law Enforcement

DLF = Division of Lands and Forest
DMBS = Division of Management and Budget Services
DOB = Division of the Budget
DOP = Division of Operation Services
DPAE = Division of Public Affairs & Education
OSC = Office of State Comptroller

Correspondence

- Danzer Forestland Letter – Senator Ritchie
- Dove Season in NYS letter

Minutes of Prior Meeting

MOTION: Dave Corr motioned to accept the December 14, 2015 meeting minutes, Dale Dunkeberger seconded the motion, motion passed unanimously.

Executive Report:

● Board Members discussed the correspondence in regards to having a Dove Hunting Season in NYS and asked Patty what the Department's position on having or not having a Dove Hunting Season; Steve Hurst indicated that the Department would not oppose and Patty said she will go on Record that NY Audubon will not oppose as well; Steve Hurst will find the information that Doug Stang sent regarding the Hunting Survey;

● Patty asked the Board Members is a Financial Analysis had been done regarding the Financial impact for Dove Hunting and that the Department needs to look at the economics of Small Game Hunting; (i.e; Dove Hunting)

● Board Members feel that it adding a Dove Hunting Season would be a good opportunity to increase the sales for small game hunting

● Dave Corr and Charlie Pace will work on composing a letter from the Board Members and send it out to the Stakeholders.

● Scott Crisafulli and Monica Kreshik, Office of General Counsel and Peter Walke, Chief of Staff, provided Board Members with an update on the Proposed Rulemaking and Draft Guidance for LIA's and Wildlife Rehabilitators; and should have an update within a couple of weeks.

● Board Members have and continue to express their concerns regarding the Rule Making and want better rules and guidance sent for this Proposal. (i.e.; perhaps each LIA apply for their own registration ID; maybe more of an identification marker for each LIA and their employees.

● Steve Hurst said he would look to see if maybe there is a way to provide unique identifiers for the LIA's database; time stamp

● Julie Tighe budget is relatively quiet overall;

● Julie provided Board Members with an update for the Environmental Protection Fund (EPF) and most of the funds for the Access projects and come out of the Public Access and Stewardships money;

● Julie also indicated that there was an increase to the Environmental Justice Fund and that the Department and EV are using funds to provide more urban opportunities for inner city youth and access to the parks; getting youth outdoors and a joint effort with the schools to get the information out there.

● Board Member Tom Williams expressed disappointment that the 480A Bill did not make it into the Legislative Proposals; Julie asked him not to give up on proposal as the Department has not given up on it and it is still on the table.

● Julie also updated that there is no change to the Habitat Account

● Julie advised Board Members that the Departmental Bills are presented by March 1st

(Proposed Hunting Rule Making; Crossbow and 480A) Julie and Doug will be working on the hunting law.

- Board Member Dave Corr provided Julie Tighe with proposed revisions for the Lifetime Licenses

- The Department has a meeting on February 2nd with Stakeholders; Deer Urine Proposal Package and the CWD Proposal will not move forward until the Department has a better understand of CWD and Deer Urine, more work needs to be done on this.

- The Department is working on adding Deer initiatives to the website for a period of time (i.e.; Doe only, bow only season)

- Board Member Charlie Pace thanked DEC for their willingness to take all stakeholder input into consideration but expressed his concern over DEC's criteria for making wildlife and fish management decisions (i.e. political correctness, public input, sport rep input, etc.) and hoping that when most decisions are made it is based heavily on scientific, biological and/or real management data.

- Patty thanked Board Members and told them that she appreciates their support for scientific data in the decision making process.

- Board Members again expressed complete opposition to using the legislative process as an alternative to NYSDEC's authority to manage Fish and Wildlife.

Update on DEC's E-Licensing system and sporting license sales:

e-Licensing:

Status Summary and Activities Completed This Period

- DEC and Accela continued development of prototype game harvest and electronic license application for use on mobile devices (eSportsman APP).
 - eSportsman APP now runs on iOS and Android devices
 - Testing of the eSportsman APP continues and issues are being resolved in a timely manner – all issues with Android version of eSportsman seem to have been resolved
 - Discussions initiated to imbed eSportsman APP into DEC's Fishing, Hunting and Wildlife APP (please see: <http://www.dec.ny.gov/outdoor/96470.html> or to have game harvest reports submitted directly via the DEC Fishing, Hunting and Wildlife APP instead of via eSportsman
- DEC and ITS/ELS developed critical dates timeline for 2016 and prioritized list of system fixes and enhancements for 2016. Under considerations (pending cost estimate and staff resource ability / capacity):
 - secure printing functionality
 - issuance and reporting of DMAP and DFMA via DECALS
 - Habitat Stamp sales pop-up
 - E-mail address a mandatory field
 - Mobile device “friendly” / responsive design for DEC 2.0 for license purchase
 - Complete reports development and improve system so DEC staff can run the reports from their computers
 - Amend database to include more descriptive license items
- License paper stock has been order and color selected for 2016-17 license panels and carcass tags – awaiting sample form vendor

License Sales

- A comparison of SFY 2015 license sales and the same period in SFY 2014 (see handout):
 - Overall revenues are down 1.6% (approximately \$660,000)
 - Revenues from lifetime license sales are down 21% (approximately \$613,000)
 - Revenues from resident license sales flat (approximately \$230,000 less)
 - Revenues from non-resident license sales are up 2% (approximately \$184,000)

Status of Regulations (changes from previous month in bold):

Pending Proposals:

1) **6 NYCRR Part 186 - Deer feeding.** Adopt a new Part 186 on the feeding of wild white-tailed deer to address programmatic needs associated with a variety of wildlife disease risks and other resource management concerns associated with feeding and/or baiting of deer, including the use of 4-Poster Tickicide. This will be a “stand alone” Part dealing exclusively with the feeding and/or baiting of deer. *Rim signed 6-27-2013. Proposal is under development.*

2) **6 NYCRR Part 180.1 – Wildlife dangerous to health or welfare.** Amend 6 NYCRR Part 180.1 by expanding the list of dangerous animals in paragraph (b) of Section 180.1 to include all species listed in ECL 11-0103(6)(e) that have been found by the legislature to pose a serious threat to the health and safety of New York State residents and to include other species such as constrictor snakes (Boidae). To prohibit the private ownership or possession of live dangerous animals while allowing only facilities accredited by the Association of Zoos and Aquariums (AZA) to possess such animals under a license issued by the department. Exceptions to this standard will have to be made for certain legitimate, bona fide, widely recognized entities such as circuses as well as veterinarians, universities, humane societies and animal welfare organizations in temporary possession of listed species. To provide for the continued licensing of facilities that possess listed species and are currently licensed, and to prohibit propagation or acquisition of additional listed species at these facilities. To restrict possession of listed species for the following activities only: exhibition/education, propagation and scientific. *RIM signed 7-12-2013. Proposal has been drafted and is being circulated for review and consideration.*

3) **6 NYCRR Part 42 – Sanitary Control over Shellfish.** Amend regulations to attain consistency with the current National Shellfish Sanitation Program (NSSP) Guide for the Control of Molluscan Shellfish Model Ordinance: 2013 Revision. The proposed rule will: enable DEC to apply or modify special conditions to shellfish shipper permits and shellfish digger permits to require actions on the part of the permit holders that are necessary to prevent illness whenever DEC determines that a public health threat is imminent or ongoing and to ensure compliance with mandatory requirements under a State *Vibrio* Control Plan.; adopt new definitions defining requirements for shellfish harvester and shellfish dealer education, shellfish water storage, *Vibrio* Control Plan(s), maintenance of shellfish HACCP (Hazard Analysis Critical Control Point) plans, and shellfish transaction records; and require more stringent shellfish identification and tagging requirements for shellfish harvesting, receiving, packing and repacking operations, shellfish storage, and shellfish handling to better describe shellfish harvest areas. *Rim signed 10-31-2014. Proposal is under development.*

6) **6NYCRR Part 189 - Chronic Wasting Disease.** To amend regulations to prohibit the use of any material containing or purporting to contain urine, blood, glands, gland oil, feces, or other bodily fluids of any member of the family Cervidae for any purpose including hunting, attracting, surveillance, or scouting big game. Urine from certain members of the deer family may contain prions, the agents responsible for chronic wasting disease (CWD). Urine is used by some deer hunters as a lure to attract wild deer. Such use represents an avenue for chronic wasting disease transmission to wild deer. By prohibiting the use of deer urine and other related biological products for big game hunting, we increase the odds maintaining a healthy wild deer population. *Rim signed 6-17-2015. Proposal is ready to be filed.*

Proposals Filed:

1) **6 NYCRR Part 41 - Sanitary Condition of Shellfish Lands.** Amend regulations to prohibit harvest of shellfish from several areas of New York where recent bacteriological surveys of certain shellfish growing areas in Nassau and Suffolk counties indicate increased level of coliform bacteria and the increased potential to cause illness in shellfish from these areas are consumed. Certification category was changed for approximately 1800 acres (e.g. status changed from: year-round certified to seasonally uncertified, year-round certified to year-round uncertified, amended dates for seasonal certification). *Notice of Emergency Rulemaking and Notice of Proposed Rulemaking filed with Department of State on 10/14/2015. Notice of Emergency Rulemaking and Notice of Proposed Rulemaking was published in the New York State Register on 11/4/2015. The public comment period runs through 1/5/2016.*

1) **6NYCRR Part 43 - Surf Clam/Ocean Quahog Fishery Management.** Amend regulations to eliminate a loophole that allows a single vessel to catch more than one individual fishing quota (IFQ) in a year by using the vessel replacement process by allowing any eligible vessel in the fishery, regardless of the Atlantic Ocean surf clam permit they are assigned to, to be used to catch only one IFQ or a portion thereof in any given year. The vessel replacement rules for eligible vessels in the fishery will be clarified and amended to minimize the potential for misuse and to be consistent with the provisions of Amendment 1 of the State's FMP for the Atlantic Ocean surf clam fishery. The cage tagging requirements will also be updated to be consistent with the IFQ section of regulations. This will provide consistency with all harvest provisions for tracking vessel quota allocations on an annual basis. The regulations will temporarily allow a vessel to take surf clams without cage tags provided that the vessel owner has a valid surf clam permit and has placed an order for cage tags for the year but is waiting on the order to be processed. *Rim signed 1-8-2015. Notice of Proposed Rulemaking filed with Department of State on 12/1/2015 and slated for publication in the State Register on 12/16/2015. The public comment period is expected to run 12/16/2015 through 1/30/2016.*

2) **6 NYCRR 180.3 - Definition and use of firearms, guns, and airguns.** To amend regulations and allow for the use of big bore air rifles for the hunting of big game species. To allow for the use of big bore air rifles (.30 caliber or greater) for the taking of big game and other wildlife in New York. *Rim signed 6-17-2015. Notice of Proposed Rulemaking filed with Department of State on 12/8/2015 and slated for publication in the State Register on 12/23/2015. The public comment period is expected to run 12/23/2015 through 2/5/2016.*

Pending Adoptions:

1) **6 NYCRR Parts 183 - License-Issuing Officers and 184 - Wildlife Rehabilitators.** To conform with New York State Corrections Law Article 23-A, remove the stipulation that previous criminal conviction bars a person from meeting the qualifications of a license-issuing officer or a wildlife rehabilitator. Applicants with a previous criminal record will be evaluated for their suitability as a license-issuing officer or a wildlife rehabilitator on a case-by-case basis. *Notice of proposed Rulemaking filed with Department of State on 7/14/2015 and refiled on 8/11/2015. Notice of Proposed Rulemaking was published in the New York State Register on 7/29/2015 and was re-published in the New York State Register 8/26/2015. The public comment period ended 11/24/2015. DEC staff is assessing public comment received.*

Emergency Rules:

1) **6 NYCRR Part 41 - Sanitary Condition of Shellfish Lands.** Amend regulations to prohibit harvest of shellfish from several areas of New York where recent bacteriological surveys of certain shellfish growing areas in Nassau and Suffolk counties indicate increased level of coliform bacteria and the increased potential to cause illness in shellfish from these areas are consumed. Certification category was changed for approximately 1800 acres (e.g. status changed from: year-round certified to seasonally uncertified, year-round certified to year-round uncertified, amended dates for seasonal certification). *Emergency Rulemaking filed with Department of State on 10/14/2015. Emergency Rulemaking was published in the New York State Register and effective on 11/4/2015.*

Recent Adoptions:

None

Status of DEC Hatchery System Infrastructure Work:

Please see attached update on the DEC Hatchery projects funded via New York Works III and New York Works

In addition to the NYW-funded projects, additional work at the Salmon River Hatchery (funded via the Lake Ontario Sport fishing NRD settlement monies):

1. Pigging of the Salmon River reservoir water supply line: Operations is in the process of finalizing re-bid paperwork. Advertising is tentatively scheduled for mid-January.
2. Salmon River Water Re-use: Negotiations are ongoing with OGS on scope and price of the conceptual design phase.

Caledonia SPDES Work – Plans submitted to regional Division of Water (DOW) staff are still under review by DOW.

DLE Report:

- Director Schneider provided Board Members with the following updates:
 - February 28, 2016 is the start date for the Academy
 - The Division will be making upgrades to the website
 - The ticket system will be upgraded electronically (the pilot project will be in the Marine District (Region 1))
 - An updated HSRI report will be sent to the Board Members
 - DLE would also like to be able to have 4 Supervisors per each Region.

CFAB Business:

- Dave Corr will send a summary asking the Departments thoughts on the Conservation Easement Amendment Process
- Members would like to discuss CFAB Outreach at the next CFAB Meeting (each member will give a brief update of the last 30 days).
- Board Members would like a briefing from Chuck Dente regarding the Shooting Range Grant and will add this to the agenda for next month.
