Dear Mr. Multari:

The New York State Department of Environmental Conservation (DEC) is remediating hazardous waste contamination that has occurred on or near your premises. Pursuant to Sections 1309 and 1313 of the Environmental Conservation Law, DEC and its contractors are authorized to enter onto property for these purposes.

DEC, acting through its officers, employees, agents, and contractors, requires access to your real property, above specified, to conduct Site Management including: inspections, investigations and operation, maintenance and monitoring of the groundwater monitoring well network and the Ground Water Extraction & Treatment System (GWE&TS) equipment building.

DEC is available to answer any questions you may have regarding this work at any time. DEC will provide advance notice of scheduled work and will work to accommodate your schedule, to the extent possible. Also, DEC will make every effort to minimize any adverse impact of its entry on and occupancy of your property.

DEC would prefer to act in cooperation with private parties. Therefore, it is requested that you sign this form acknowledging and consenting to DEC's right of entry onto your property.

Please feel free to direct any questions you may have on this matter to me at 518-402-9813.

Sincerely,

David R. Gardner, P.E.
