OFFICE OF GENERAL COUNSEL

Re: Notice of Environmental Easement at 11 East Hook Cross Road

Dear Madam or Sir:

Attached please find a copy of an environmental easement granted to the New York State Department of Environmental Conservation (“Department”) on September 10, 2018, by Uwe and Carlotta Heitmann, for property at 11 East Hook Cross Road, East Fishkill, NY, Tax Map No. 6455-02-775657-0000, DEC Site No: 314104.

This Environmental Easement restricts future use of the above-referenced property to restricted uses. Any on-site activity must be done in accordance with the Environmental Easement and the Site Management Plan which is incorporated into the Environmental Easement.

Article 71, Section 71-3607 of the New York State Environmental Conservation Law requires that:

1. Whenever the department is granted an environmental easement, it shall provide each affected local government with a copy of such easement and shall also provide a copy of any documents modifying or terminating such environmental easement.
2. Whenever an affected local government receives an application for a building permit or any other application affecting land use or development of land that is subject to an environmental easement and that may relate to or impact such easement, the affected local government shall notify the department and refer such application to the department. The department shall evaluate whether the application is consistent with the environmental

easement and shall notify the affected local government of its determination in a timely fashion, considering the time frame for the local government's review of the application. The affected local government shall not approve the application until it receives approval from the department.

An electronic version of every environmental easement that has been accepted by the Department is available to the public at: <http://www.dec.ny.gov/chemical/36045.html>. Please forward this notice to your building and/or planning departments, as applicable, to ensure your compliance with these provisions of New York State Environmental Conservation Law. If you have any questions or comments regarding this matter, please do not hesitate to contact me.

Regards,

**DECLARATION OF COVENANTS, RESTRICTIONS AND ENVIRONMENTAL
EASEMENT FOR 11 EAST HOOK CROSS ROAD**

This Declaration of Covenants, Restrictions and Environmental Easement ("DCR & EE") is made this 10th day of September, 2010, by and between Carlotta A. Heitmann, having an address at 11 East Hook Cross Road, Town of East Fishkill, New York ("Grantor"), and the People of the State of New York, acting through their Commissioner of the New York State Department of Environmental Conservation ("NYSDEC") with its Central Office, located at 625 Broadway, Albany, New York 12233 ("Grantee").

WITNESSETH:

WHEREAS, Grantor is the owner of a parcel of land located in the Town of East Fishkill, County of Dutchess, State of New York, more particularly described on **Exhibit A** attached hereto and made a part hereof together with any buildings and improvements thereon and appurtenances thereto ("Property"); and

WHEREAS, the Property is part of the Shenandoah Road Groundwater Contamination Superfund Site ("Site"), the location of a former business to clean and repair computer chip racks which the U.S. Environmental Protection Agency ("EPA"), pursuant to Section 105 of the Comprehensive Environmental Response, Compensation and Liability Act ("CERCLA"), 42 U.S.C. § 9605, placed on the National Priorities List, as set forth in Appendix B of the National Oil and Hazardous Substances Pollution Contingency Plan ("NCP"), 40 C.F.R. Part 300, by publication in the Federal Register on June 14, 2001; and

WHEREAS, in a Record of Decision dated September 30, 2012 ("ROD"), EPA Region 2 selected, and NYSDEC concurred with, a response action for the Site, which provided, in part, for the following actions:

- *Restricting use of the Property, or such other real property, in any manner that EPA determines will pose an unacceptable risk to human health or to the environment due to exposure to Waste Material or interfere with or adversely affect the implementation, integrity, or protectiveness of the Remedial Action and Operation & Maintenance.*
- *In accordance with an EPA and NYSDEC-approved Institutional Controls Implementation and Assurance Plan ("ICIAP") and Operation, Maintenance and Monitoring Manual ("OM&M Manual"), copies of which must be obtained by any party with an interest in the Property (copies of the ICIAP and OM&M Manual may be obtained from NYSDEC, Division of Environmental Remediation, Site Control Section, 625 Broadway, Albany, NY 12233, or at derweb@gw.dec.state.ny.us), the restrictions shall include, but not be limited to: prohibiting construction or other activities conducted on the Property that may interfere with remedial components, including the source extraction and treatment system.*

County:

Site No:

Order No:

WHEREAS, pursuant to a judicial consent decree entered between the United States and International Business Machines Corporation (“IBM”), in *United States v. IBM*, 7:14-cv-936-KMK (the “CERCLA Consent Decree”), the construction activities associated with the remedial action have been completed at the Site by IBM and groundwater remediation and long-term monitoring activities are ongoing; and

WHEREAS, the parties hereto have agreed that Grantor shall grant to the Grantee this permanent Declaration of Covenants, Restrictions and Environmental Easement, including but not limited to providing a right of access over the Property for purposes of implementing, facilitating and monitoring the response action; and to impose on the Property, restrictions that will run with the land for the purpose of protecting human health and the environment; and

WHEREAS, Grantor wishes to cooperate fully with the Grantee in the implementation of all response actions at the Site.

NOW, THEREFORE:

1. Grant: Grantor, on behalf of itself, its successors and assigns, for ten dollars and other good and valuable consideration, receipt whereof is hereby acknowledged, does hereby give, grant, covenant and declare in favor of the Grantee that the Site shall be subject to this DCR & EE and Grantor does further give, grant and convey to the Grantee the perpetual right to enforce said restrictions, covenants, right of access and Environmental Easement, all of which shall be of the nature and character, and for the purposes hereinafter set forth, with respect to the Property. Grantor does further give, grant and convey to EPA, and IBM, as third-party beneficiaries, the perpetual right to access the property for purposes of implementing, facilitating and monitoring any ongoing response action on the Property, in addition to the enforcement rights granted to the third-party beneficiaries in paragraph 11 below.
2. Purpose: It is the purpose of this instrument to convey to the Grantee real property rights, which will run with the land, facilitate the remediation of past environmental contamination and to impose use restrictions and covenants to protect human health and the environment by reducing the risk of exposure to contaminants.
3. Restrictions: The following restrictions apply to the use of the Property, run with the land and are binding on the Grantor and its successors in title and assigns:
 - No wells may be drilled; provided that Grantee, EPA and IBM shall have the right to drill wells in connection with removal or remedial actions required by Grantee or EPA.
 - Construction of any permanent structure within the footprint of the contaminated soil removal effort as shown on **Exhibit B** must have a slab-on-grade foundation and footers that must not involve excavation to a depth of greater than six feet below ground surface (bgs). Such structures must not be for human occupancy as a dwelling and must not require water and sewer services based on Town codes and none may be installed. Roof drainage may only be conveyed to the nearest

existing storm catch basin, but may not impede the capacity of the storm sewer system to convey the treated groundwater discharge from the Groundwater Treatment Facility. Unless already installed by buried cable, electrical service to any structure must be by overhead pole-to-structure cabling.

- No penetration or excavation of soil is permitted extending 25 feet in all directions from features that are associated with the Source Extraction and Treatment System, as such System is shown on **Exhibit C**; provided that Grantee, EPA and IBM shall have the right to penetrate or excavate soils in connection with removal or remedial actions required by Grantee or EPA.
 - No penetration or excavation of soil is permitted within any area where further remedial action elements would be installed beyond those currently shown on **Exhibit C**, such as a conveyance piping connection to one or more of the pit water pipes; provided that Grantee, EPA and IBM shall have the right to penetrate or excavate soils in connection with removal or remedial actions required by Grantee or EPA.
4. Modification or termination of restrictions, covenants and easement: The restrictions and easement specified in the preceding paragraph of this instrument may only be modified or terminated, in whole or in part, in writing, by the Grantee, provided, however, that any modification or termination of said restrictions shall not adversely affect the remedy selected by EPA and NYSDEC for the Site. If requested by the Grantor, such writing will be executed by Grantee in recordable form. Any request by Grantor for a modification or termination of this instrument shall be made in writing by Grantor to NYSDEC and to EPA in accordance with paragraph 15 of this instrument.
5. Right of access: Grantors hereby convey to Grantee, to EPA and to IBM, including its contractors and representatives, a right of access to the Property at all reasonable times for the following purposes, which shall run with the land and be binding on Grantor, their successors and /or assigns, and on any tenants or any other parties having an interest in and/or rights to the Property:
- a) Implementing the response actions in the ROD;
 - b) Verifying any data or information relating to the Site;
 - c) Verifying that no action is being taken on the Property in violation of the terms of this instrument or of any federal or state environmental laws or regulations;
 - d) Conducting investigations under CERCLA or the New York Environmental Conservation Law (“ECL”) relating to contamination on or near the Site, including, without limitation, sampling of air, water, sediments, soils; and
 - e) Implementing additional or new response actions under CERCLA or ECL.

County:

Order No:

-
6. **Reserved rights of Grantor:** Grantor hereby reserves unto itself, its successors, and assigns, all rights and privileges in and to the use of the Property which are not incompatible with the restrictions, rights, covenants and easements granted herein.
 7. **Federal authority:** Nothing in this document shall limit or otherwise affect EPA's rights of entry and access or EPA's authority to take response actions under CERCLA, the NCP, or other federal law.
 8. **State authority:** Nothing herein shall constitute a waiver of any rights the State may have pursuant to the Environmental Conservation Law, regulations and/or relevant provisions of statutory or common law.
 9. **No public access and use:** No right of access or use by the general public to any portion of the Property is conveyed by this instrument.
 10. **Public notice:** Grantor, on behalf of itself, its successors and assigns, agrees to include in each instrument conveying any interest in any portion of the Property, including but not limited to deeds, leases and mortgages, a notice which is in substantially the following form:

NOTICE: THE INTEREST CONVEYED HEREBY IS SUBJECT TO A DECLARATION OF COVENANTS, RESTRICTIONS AND ENVIRONMENTAL EASEMENT, DATED _____, 20__, RECORDED IN THE DUTCHESS COUNTY CLERK'S OFFICE ON _____, 20__, IN BOOK _____, PAGE _____, IN FAVOR OF, AND ENFORCEABLE BY, THE PEOPLE OF THE STATE OF NEW YORK AND BY THE UNITED STATES OF AMERICA AND IBM AS THIRD-PARTY BENEFICIARIES.

Within 30 days of the date any such instrument of conveyance is executed, Grantor agrees to provide Grantee, EPA and IBM with a certified true copy of said instrument and, if it has been recorded in the public land records, its recording reference.

11. **Enforcement:** The Grantee, EPA, and IBM shall be entitled to enforce the terms of this instrument by resort to specific performance. All remedies available hereunder shall be in addition to any and all other remedies available to Grantee or EPA at law or in equity, including CERCLA and the ECL. Any forbearance, delay or omission to exercise Grantee's, EPA's or IBM's rights under this instrument in the event of a breach of any term of this instrument shall not be deemed to be a waiver by the Grantee, EPA or IBM of such term or of any of the rights of the Grantee, EPA or IBM under this instrument. IBM's third-party beneficiary right to enforcement shall be exercised solely at the direction of EPA and pursuant to the provisions of the CERCLA Consent Decree.
12. **Damages:** Grantee shall also be entitled to recover damages for breach of any covenant or violation of the terms of this instrument including any impairment to the remedial action that increases the cost of the selected response action for the Site as a result of such breach or violation.

County:

Order No:

13. Waiver of certain defenses: Grantor hereby waives any defense of laches, estoppel, or prescription.
14. Covenants: Grantor hereby covenants that the Grantor is lawfully seized in fee simple of the Property, that the Grantor has a good and lawful right and power to sell and convey it or any interest therein and that the Property is free and clear of encumbrances.
15. Notices: Any notice, demand, request, consent, approval, or communication under this instrument that either party desires or is required to give to the other shall be in writing and shall either be served personally or sent by first class mail, postage prepaid, addressed as follows:

16. **Recordation:** Grantor shall record this instrument, within thirty (30) days of execution of this instrument by the Commissioner of the New York State Department of Environmental Conservation or her/his authorized representative in the office of the recording officer for the county or counties where the Property is situated in the manner prescribed by Article 9 of the Real Property Law.

17. **General provisions:**

a) **Controlling law:** The interpretation and performance of this instrument shall, with respect to the Declaration of Covenants, Restrictions and Environmental Easement, be governed by the laws of the State of New York, and with respect to other matters, shall be governed by the laws of the United States or, if there are no applicable federal laws, by the law of the State of New York.

b) **Liberal construction:** Any general rule of construction to the contrary notwithstanding, this instrument shall be liberally construed in favor of the grant to effect the purpose of this instrument and the policy and purpose of CERCLA. If any provision of this instrument is found to be ambiguous, an interpretation consistent with the purpose of this instrument that would render the provision valid shall be favored over any interpretation that would render it invalid.

c) **Severability:** If any provision of this instrument, or the application of it to any person or circumstance, is found to be invalid, the remainder of the provisions of this instrument, or the application of such provisions to persons or circumstances other than those to which it is found to be invalid, as the case may be, shall not be affected thereby.

d) **No forfeiture:** Nothing contained herein will result in a forfeiture or reversion of Grantors' title in any respect.

e) **Joint obligation:** If there are two or more parties identified as Grantor herein, the obligations imposed by this instrument upon them shall be joint and several.

Order No:

f) Successors: The covenants, easements, terms, conditions, and restrictions of this instrument shall be binding upon, and inure to the benefit of, the parties hereto and their respective personal representatives, heirs, successors, and assigns and shall continue as a servitude running in perpetuity with the Property. The term "Grantor", wherever used herein, and any pronouns used in place thereof, shall include the persons and/or entities named at the beginning of this document, identified as "Grantor" and their personal representatives, heirs, successors, and assigns. The term "Grantee", wherever used herein, and any pronouns used in place thereof, shall mean the People of the State of New York acting through their Commissioner of NYSDEC or through any successor department or agency of the State of New York.

g) Captions: The captions in this instrument have been inserted solely for convenience of reference and are not a part of this instrument and shall have no effect upon construction or interpretation.

h) Counterparts: The parties may execute this instrument in two or more counterparts, which shall, in the aggregate, be signed by both parties; each counterpart shall be deemed an original instrument as against any party who has signed it. In the event of any disparity between the counterparts produced, the recorded counterpart shall be controlling.

i) Third-Party Beneficiary: Grantor and Grantee hereby agree that the United States, through EPA, and IBM shall be third-party beneficiaries of the benefits, rights and obligations conveyed to Grantee in this instrument; provided that nothing in this instrument shall be construed to create any obligations on the part of the United States or IBM.
