April 2022 Periodic Progress Report
STERLING File #2010-15 (Task 230)

Dear Ms. Andaloro,

In accordance with NYSDEC's letter issued November 25, 2016, this monthly Periodic Progress Report addresses the progress in implementing the approved Remedial Action Work Plan (RAWP). The work is authorized by NYSDEC letters dated March 9, 2017 and March 20, 2017.

By email dated April 6, 2022 (copy attached), the NYSDEC accepted the Landfill Seep Corrective Measures Final Engineering Report dated August 30, 2021 and provided the reporting period for the PRR. Upon submittal of the PRR and IC/EC Certification Form, the Corrective Measures for the Orange County Landfill will be complete and the reclassification process for the Landfill will commence. The PRR will be submitted by May 6, 2022.

Please contact me should you have any questions.

Very truly yours,

STERLING ENVIRONMENTAL ENGINEERING, P.C.
