RECORD OF DECISION

SITE NAME AND LOCATION

The Aluminum Company of America (ALCOA)  
Massena Operations  
Massena, New York

AREA OF CONCERN

East Marsh #645020

DESCRIPTION OF THE MODIFICATION OF THE RECORD OF DECISION

ALCOA has requested that the Department consider modified language in the current Record of Decision (ROD) to permit the consolidation of low level contaminated sediment in the East Marsh into the adjacent General Refuse Landfill now under remediation, and disposal of regulated hazardous waste sediment from the East Marsh into the secure hazardous waste landfill now under construction on the ALCOA facility.

The Department has determined that this proposed action meets the intent of the existing ROD for protection of human health and the environment, and is not inconsistent with the remedial concepts developed in the existing ROD.

DECLARATION

The Department has determined that the change is minor in nature, and therefore the ROD for the East Marsh has been modified accordingly. A copy of this declaration will be attached to and made a part of the ROD signed on January 22, 1992.
