Return EPA
Dave - we
need to
close this?*

Dear Mr. Ritchie:

Re: Closure of McKesson Corporation
EPA Identification Number: NYD075806836

This letter is to confirm the receipt of owner/operator and independent professional engineer's certification dated November 3, 1989 of RCRA closure for this facility. We now consider this facility officially closed. Your authority to operate as a Treatment, Storage, and Disposal Facility (TSDF) is terminated.

Please be advised that the United States Environmental Protection Agency has determined that the corrective action provisions of the Hazardous and Solid Waste Amendments (HSWA), Section 3008(h), apply to all TSDFs which have acquired interim status.

McKesson Corporation will address all RCRA corrective action requirements under its remediation consent order with New York State. Once the corrective action provisions of HSWA have been met by the facility through completion of the actions required by the consent order, the facility can have their interim status terminated.

If you have any questions regarding your closure or regulatory status, please contact Mr. Salvatore J. Carlomagno at (518) 457-6858.

Sincerely,

Lawrence J. Nadler
