

NEWYORK STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION

Division of Environmental Remediation
 Operation Maintenance and Monitoring Review Report
 Period covered by -- 2002

VD, JMS

Site/Spill Number : 738001		Site Name: Pollution Abatement		Class: 02																																																	
Program Lead: Hazardous Waste Program		OM&M Funding Source: RP (GE, NIMO) Federal Government(EPA)																																																			
Start Date : 09/01/1987		ACT																																																			
Annual IC/EC Certification :																																																					
DEC Inspection Date: 09/26/2002		--- Last Date of DEC Inspection																																																			
Report Used for Evaluation: Quarterly Progress Reports																																																					
ROD Compliance ? NO		Consent order/Decree Compliance ? YES																																																			
LongTerm Monitoring(effectiveness of remedy): Yes		Frequency: Semi-Annually (USE 5 Wells)		Date: 0210312003																																																	
Treatment System(Monitoring performance of remedy): Yes		Frequency: Monthly		Date: 01/06/2003 #wells : 26																																																	
PROBLEM STATUS : 99A (NONE) ----- None																																																					
Evaluation : The Remedy is performing properly and is effective.																																																					
Comments/ Changes/ Attachments: 2002: Continue with Quarterly Reporting to USEPA for assistance grant (OM&M). Grant was extended for three more years , to 03/31/06, with no money increase necessary. 2000: EPA support agency assistance grant approved with DEC on 7/21/99.																																																					
ROD/Consent Order Modifications?		NO																																																			
Site reclassification recommended :		None
