Tax Map No.: 63-1-45.1

Site Location: 729 Cross Road, Oaks Corners, NY 14518

State Superfund Site Reclassification Notice Class 2 to Class 4

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). The site identified above, and located on the attached map, has been reclassified on the Registry as a Class 4 site as it no longer presents a significant threat to public health and/or the environment for the following reason(s):

- Remedial actions have been completed in accordance with the Record of Decision. Those actions included;
 - Capping of the former waste lagoons,
 - Implementation of an oxygen injection interim remedial measure, and
 - Long term groundwater monitoring of disposal areas.
- Provisions are in place, in the form of a deed restriction and Operation, Maintenance, and Monitoring Plan, to address the potential for future contact with any remaining contamination.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed below.

FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

www.dec.ny.gov/cfm/extapps/derexternal/index.cfm?pageid=3

Site specific documents may be found online through the DECinfo Locator at:

<https://www.dec.ny.gov/data/DecDocs/835014/>
