Site Location: Industrial Street, Warsaw, NY 14569

State Superfund Site Delist Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). DEC has determined that this site ([see map on reverse side](#)) no longer presents a threat to public health or the environment and is proposing to delist the site from the Registry for the following reasons:

- The Village operated a municipal landfill at the site from 1959 to 1974. Records supported disposal of paint sludge and two drums containing flammable liquid and chlorinated solvents, which prompted investigative activities and drum removal.
- Landfill closure efforts were conducted to remove exposed refuse and provide surface cover over the landfill, and to address leachate concerns.
- Investigations conducted at the site concluded that there was no documented disposal of hazardous waste and no significant threat to public health or the environment as defined by regulatory standards (6 NYCRR Part 375).
- Groundwater and surface water sampling indicated concentrations were within ranges that naturally occur in groundwater in New York State and below applicable State and Federal groundwater standards.
- Residual contamination and land use will be managed and monitored by the DEC's Solid Waste Program.

Public comments are being received before the decision to remove the site from the Registry is finalized. The public comment period will end March 12, 2021. **If you would like to provide us with written comments, please send them to:**

Brianna Scharf, Project Manager, NYS Department of Environmental Conservation, Division of Environmental Remediation, 625 Broadway, Albany, NY 12233-7017; brianna.scharf@dec.ny.gov; or call 518-402-5987.

A summary of any comments will be assembled and made available for viewing at our Central Office.

If we do not receive any new or additional information during this public comment period that changes our delist proposal, we will delist the site on or after April 11, 2021.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed above.

FOR MORE SITE INFORMATION

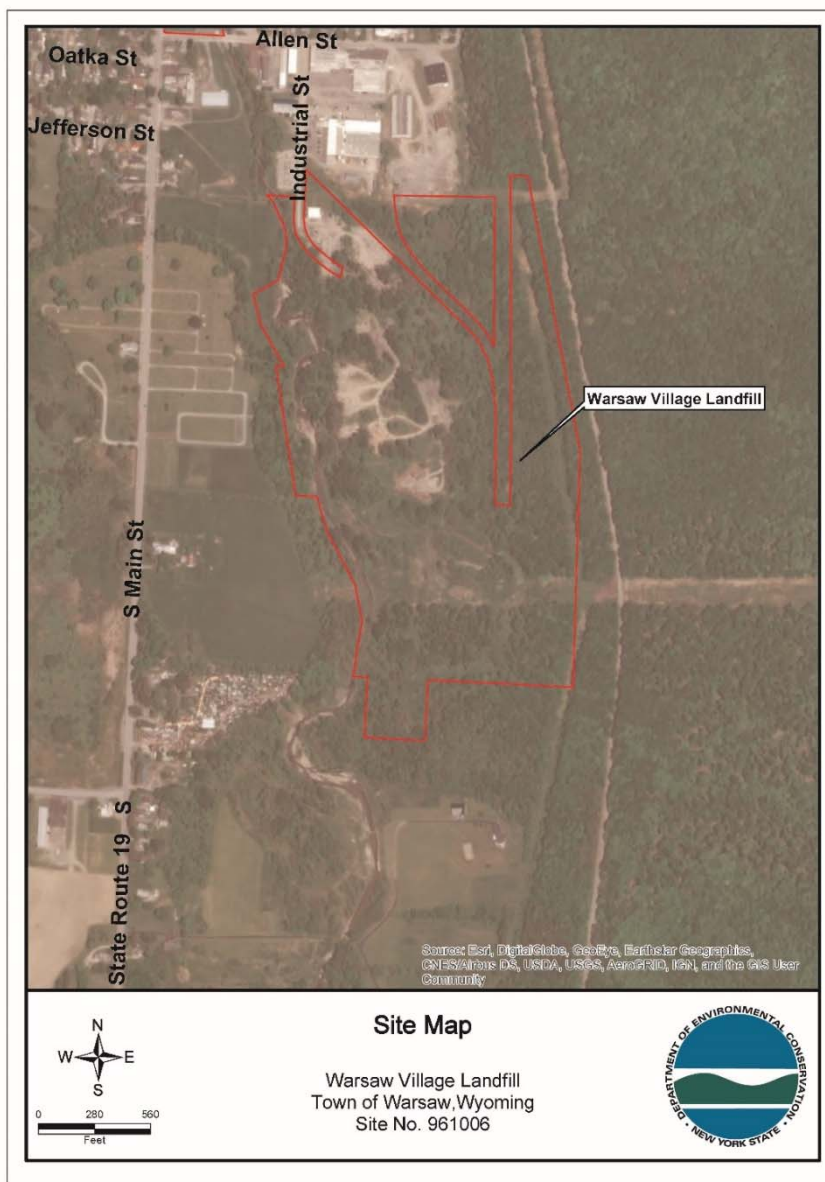

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

www.dec.ny.gov/cfm/externalapps/derexternal/index.cfm?pageid=3

Site specific documents may be found online through the DECinfo Locator at:
