Dear Mr. Crespo:

We represent Whitlock Point LLC in its Brownfield Cleanup Program application for the above-referenced site at 156 East 165th Street (lot 90) and Part of 1125 Whitlock Avenue (p/o lot 85) in the City of New York, Bronx, New York. It is a requirement of the New York State Department of Environmental Conservation that we supply it with a letter certifying that the local community board is willing and able to serve as one of two public repositories for all documents pertaining to the cleanup of this Site. To avoid significant use of your shelf space, all documents will be sent in CD format.

Please sign below and return the original in the enclosed overnight pre-paid FedEx package as soon as possible if you are able to certify that the Bronx Community Board No. 2 would be willing and able to act as a temporary public repository for this Brownfield Cleanup Program project.

Thank you.

Sincerely,
