

**PROJECT NOTE****WESTON SOLUTIONS, INC.****To:** Canadian Radium & Uranium Corp. File**Date:** October 9, 2013**W.O. No.:** 20405.012.013.2222.00**From:** Denise Breen, Weston Solutions, Inc.**Subject:** Determination of the Number of People that Regularly Work on the Site.**References**

1. Coruzza, Paul, Authorized Official for 105 Kisco Avenue, Mount Kisco Property - New York Stone and Masonry Supply. Phone correspondence with Denise Breen, WESTON, Subject RE: Number of Employees at 105 Kisco Avenue – New York Stone and Masonry Supply. October 9, 2013. [1 page]
2. Galli, Michael, President of Hickory Homes and Properties, Inc. Email correspondence with Denise Breen, WESTON, Subject RE: Kisco Ave lot. October 7, 2013. [1 page]

From the information gathered on October 7 and October 9, 2013, a combined total of 14-25 people work on the historic property of the Canadian Radium & Uranium facility. Paul Coruzza of the New York Stone and Masonry Supply (105 Kisco Avenue) stated that there are approximately 10 people who work on site, depending on workload and season. Michael Galli, President of Hickory Homes and Properties Inc. (103 Kisco Avenue), stated that there are between 4-15 people who work on site, also depending on workload and season.

RE: Number of Employees at 105 Kisco Avenue – New York Stone and Masonry Supply

On October 9, 2013, at approximately 09:30, Denise Breen called 914-241-1212 and spoke with Paul Coruzza, who serves as the Authorized Official at the New York Stone and Masonry Supply at 105 Kisco Avenue in the Village of Mount Kisco, NY. Paul Coruzza told Denise Breen that the number of employees fluctuates depending on season and work load but stated that there is a total of approximately 10 employees which work on the 105 Kisco Avenue property.

- 1) Full time workers can range anywhere from 4-15 people depending on work load and season.
- 2) All water drains down grade to the Metro North train tracks. There are no drainage grates on the property at all.

Good afternoon Mr. Galli,

I am contact you today to request a few bits of information which would serve extremely important in our investigation.

- 1) Approximately how many workers do you have on the 103 Kisco Avenue property which you would consider full-time?
- 2) Also, are there any drainage/sewer grates on your property? If so, do you know where this accumulated water runs to? Often times, the drainage sewers go directly into the nearest stream or in other cases, the water is pumped to a facility for decontamination and redistribution.

Thank you for your continued assistance in our investigation.

Kind regards,

*Denise Breen*
