RE: Site Management Periodic Review Report (PRR) Comment Letter  
Former Haight/American Hide, Site No.: C546055  
Ballston Spa (V), Saratoga County

Dear Kelly,

Temporary erosion and sediment control equipment (i.e., silt fence) used to facilitate the revegetation and permanent stabilization of the soil cover system installed at the Former Haight/American Hide, Site No.: C546055 are no longer needed and have been removed. The attached photos document site conditions after the work was completed. The purpose of this letter is to memorialize steps taken in response to the programmatic input you offered during yesterday's call about your September 13, 2023 PRR comment letter. If additional information is needed to complete your review of the PRR, please call.

Sincerely,  
NORTHEASTERN ENVIRONMENTAL GEOSCIENCE DPC
