RE: Macedon Films Site
Citizen Participation Plan
Brownfield Cleanup Agreement #B8-0669-04-06
Site ID C859025

Dear Mr. English:

Enclosed you will find the *Citizen Participation Plan* for the Macedon Films Site in Macedon, New York. This *Citizen Participation Plan* was prepared in accordance with the Brownfield Cleanup Agreement #B8-0669-04-06, that was fully executed on October 13, 2004, between Pactiv and NYSDEC. Pactiv understands that this *Citizen Participation Plan* will be attached to the BCA#B8-0669-04-06 as Exhibit "A".

If you have any questions on this submittal, please do not hesitate to contact me at 585-393-5062 or email me at dstjames@pactiv.com.

Sincerely,

Dick St. James

**Citizen Participation Plan
Brownfield Cleanup Program
BCA B8-0669-04-06
Macedon Films Site
Site No. C859025**

URS Corporation (URS) has prepared this Citizen Participation Plan on behalf of Pactiv Corporation (Pactiv). The site is being investigated under the Brownfield Cleanup Program (BCP) in accordance with the Brownfield Cleanup Agreement Number B8-0669-04-06 (BCA) between Pactiv and the New York State Department of Conservation (NYSDEC). This Citizen Participation Plan will be implemented throughout the course of the project in accordance with requirements of the BCA. This Citizen Participation Plan will be attached to and incorporated into BCA B8-0669-04-06 as Exhibit "A."

Citizen participation activities may occur during the following milestones during this BCP Project:

- When the BCP Application is deemed complete
- Before the Remedy Investigation Work Plan is approved
- Before the Proposed Remedial Investigation Report is approved
- Before the Proposed Remedial Work Plan is approved
- Before Construction of the Remedy
- Before the Final Engineering Report is approved
- When the Certificate of Completion is issued for projects whose remedy includes institutional/engineering controls (IC/ECs)

The completed and anticipated citizen participation activities for the Macedon Films Site are listed below.

When the BCP Application is deemed complete

On May 6, 2004 the Brownfield Cleanup Program Application for the Macedon Films Site was submitted to the NYSDEC. On May 11, 2004, the BCP application was deemed complete by the NYSDEC and Pactiv was notified on May 18, 2004. On May 24, 2004, a notice of Pactiv's request to participate in the BCP was published in the local paper. On May 21, 2004, the notice provided by the NYSDEC was mailed out to the site contact list provided in the BCP Application as Attachment E. A similar notice was published in the Environmental Notice Bulletin by the NYSDEC. The Macedon Public Library at 30 Main Street in Macedon, New York was established as the document repository for this project. The 30-day public comment period concerning the application was during the period of May 26, 2004 through June 28, 2004. During this public comment period, no major issues of public concern related to the site were identified by anyone during this public comment period.

Before the Remedial Investigation Work Plan is approved

Currently, URS and Pactiv are preparing the *Remedial Investigation Work Plan (RI Work Plan)* for the Macedon Films Site. Before the *RI Work Plan* is approved, a notice and fact sheet describing the plan will be distributed to the contact list, a copy of the *RI Work Plan* will be placed in the public document repository, and there will be a 30-day public comment period.

Before the Proposed Remedial Investigation Report is approved

A notice and fact sheet describing the report will be distributed to the contact list. A copy of the *Proposed Remedial Investigation Report* will be placed in the public document repository.

Before the Proposed Remedial Work Plan is approved

A notice and fact sheet describing the plan will be distributed to the contact list, a copy of the *Proposed Remedial Work Plan* will be placed in the public document repository, and there will be a 45-day public comment period. If requested, a public meeting will be held.

Before Construction of the Remedy

A notice announcing the start of construction will be distributed to the contact list.

Before the Final Engineering Report is approved

A notice and fact sheet describing the Final Engineering Report and any institutional or engineering controls (IC/ECs) included in the remedy will be distributed to the contact list. A copy of the Final Engineering Report will be placed in the public repository.

When the Certificate of Completion is issued for projects whose remedy includes IC/ECs

A notice describing any institutional or engineering controls (IC/ECs) included in the remedy will be distributed to the contact list within 10 days of issuance of the certificate

Citizen participation activities related to Technical Assistance Grants (TAGs) are not applicable for this site.

The site contact list in BCP Application has been updated and the updated public contact list is provided as Attachment A. The public contact list will be periodically updated as necessary throughout the project.
