CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/21/01 as described on Hazardous Waste Manifest number NYH0606096 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154118901
CWM Unit #: 1*0
Disposal Date: 03/21/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

Donna Ames-Cassick

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric
 Profile Number: 488899

Manifest Doc. No.: 101036
 State Manifest No.: NYH0606096

1. Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

2. (Circle)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

3. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
 If no URCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A, B, D, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations occur, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/20/01 as described on Hazardous Waste Manifest number NYH0624951 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154113301
CWM Unit #: 1*0
Disposal Date: 03/20/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 1 01040
 Profile Number: 488899 State Manifest No.: 1 NYH 0624951

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CLE)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

1. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CFR-2004) and check here:
 If no UHCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR process may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 04/06/01 as described on Hazardous Waste Manifest number NYH0624915 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154203401
CWM Unit #: 1*0
Disposal Date: 04/06/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric

Manifest Doc. No.:

101041

Profile Number:

488899

State Manifest No.:

1264062-15

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CLE)
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
If no URCs are present in the waste upon its initial generation check here:
To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
If treaters will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations. (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR process may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/20/01 as described on Hazardous Waste Manifest number NYH0624582 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154114801
CWM Unit #: 1*0
Disposal Date: 03/20/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric

Manifest Doc. No.:

101094

Profile Number:

488899

State Manifest No.:

NYH06245PR

1. Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

2. PARTICLE

This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

3. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If F039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REP. #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify F039, D001-D043, or soil underlying hazardous constituent(s), use the "F039/Underlying Hazardous Constituent Form" provided (CWA-2004) and check here:
 If no UECs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(s), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UECs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations occur, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 101097
 Profile Number: 488899 State Manifest No.: NYH0624618

1. Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

2. (CIRCLE)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

3. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no UECs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UECs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR process may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no URCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

Does contaminated soil (does/does not) contain listed hazardous waste and (does/does not) exhibit a characteristic of hazardous waste and (is subject to/complies with) the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If F039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REP #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify F039, D001-D043, or soil underlying hazardous constituent(s), use the "F039/Underlying Hazardous Constituent Form" provided (CFR-2004) and check here:

If no UECs are present in the waste upon its initial generation check here:

To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:

If treater will test for all Spent Solvents and UECs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A, B, S, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B, S, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations exist, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

1. RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it (does/does not) contain listed hazardous waste and (does/does not) exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

2. RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

3. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

4. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 101105
 Profile Number: 488899 State Manifest No.: 124H0624537

- this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater
- (CIRCLE)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.
- Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
 If no UBCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UBCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A, B, S, or E) below that describes how the waste must be managed to comply with the land disposal regulations. (40 CFR 268.7). Please understand that if you enter the letter B, S, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR in may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations occur, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)**
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS**

To identify F039, D001-D043, or soil underlying hazardous constituent(s), use the "F039/Underlying Hazardous Constituent Form" provided (CWA-2004) and check here:
 If no UECs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UECs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR process may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/21/01 as described on Hazardous Waste Manifest number NYH0624564 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154119001
CWM Unit #: 1*0
Disposal Date: 03/21/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

Donna Ames-Cassick

UNIVERSAL TREATMENT STANDARDS
LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 101108
 Profile Number: 488899 State Manifest No: NYH 0624564

- this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater
- (CIRCLE)**
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.
- Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no UHCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations occur, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)**
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS**
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT**
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS**
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no URCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR process may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/22/01 as described on Hazardous Waste Manifest number NYH0624393 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154124301
CWM Unit #: 1*0
Disposal Date: 03/22/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas & Electric Manifest Doc. No.: 10111
 Profile Number: 488899 State Manifest No: NYH 0624393

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

- (CIRCLE)
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.
- Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no URCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR program may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)**
"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS**
"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT**
"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS**
This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/22/01 as described on Hazardous Waste Manifest number NYH0624429 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154123301
CWM Unit #: 1*0
Disposal Date: 03/22/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

Donna Ames-Cassick

UNIDENTIFIED SOILS
LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas & Electric Manifest Doc. No.: 101114
 Profile Number: 488899 State Manifest No.: NY 0624429

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CIRCLE)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REP #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no UBCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UBCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR program may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
 If no UECs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UECs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/22/01 as described on Hazardous Waste Manifest number NYH0624492 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154124501
CWM Unit #: 1*0
Disposal Date: 03/22/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

**CONTAMINATED SOILS
LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM**

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 101121
 Profile Number: 488899 State Manifest No: NYH0624492

this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CIRCLE)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

1. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no UHCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/27/01 as described on Hazardous Waste Manifest number NYH0624258 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154146401
CWM Unit #: 1*0
Disposal Date: 03/27/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 101127
 Profile Number: 488899 State Manifest No.: NY1062425

this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(RCLE)
 this contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

1. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
 If no URCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations occur, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/27/01 as described on Hazardous Waste Manifest number NYH0624321 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154148101
CWM Unit #: 1*0
Disposal Date: 03/27/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

Donna Ames-Cassick

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric

Manifest Doc. No.:

101125

Profile Number:

488899

State Manifest No.:

NYH0624231

this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(Circle)
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

1. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
If no UBCs are present in the waste upon its initial generation check here:
To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
If treater will test for all Spent Solvents and UBCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations occur, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

NYH0624285

Generator Name: Central Hudson Gas + Electric

Manifest Doc. No.: 1412157105

Profile Number: 488899

State Manifest No: 101130

1. Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

2. (RCLE) This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

3. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no URCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations exist, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
 If no UICs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(s), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UICs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations. (40 CFR 268.7). Please understand that if you enter the letter B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/23/01 as described on Hazardous Waste Manifest number NYH0624366 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154130901
CWM Unit #: 1*0
Disposal Date: 03/23/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

NYH 06243 66

this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(Circle)
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REP #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
If no UHCs are present in the waste upon its initial generation check here:
To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/27/01 as described on Hazardous Waste Manifest number NYH0624177 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154150001
CWM Unit #: 1*0
Disposal Date: 03/27/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric

Manifest Doc. No.:

101141

Profile Number:

488899

State Manifest No.:

12440624177

this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CIRCLE)
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

1. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
If no URCs are present in the waste upon its initial generation check here:
To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
If treater will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations occur, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart p. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/27/01 as described on Hazardous Waste Manifest number NYH0624204 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154143201
CWM Unit #: 1*0
Disposal Date: 03/27/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

Donna Ames-Cassick

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 101195
 Profile Number: 488899 State Manifest No: 1 NY40624204

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

2. (Circle)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

3. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
 If no UBCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UBCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations. (40 CFR 268.7). Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations occur, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CLE) This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

1. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REP #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no UHCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)**
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS**
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT**
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS**
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 101202
 Profile Number: 488899 State Manifest No: 1NY40612846

this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CIRCLE)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

1. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

RRP #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no UBCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UBCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations occur, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart p. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart p. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/28/01 as described on Hazardous Waste Manifest number NYH0612747 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154157301
CWM Unit #: 1*0
Disposal Date: 03/28/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric

Manifest Doc. No.: 101205

Profile Number:

488899

State Manifest No: NYHE612747

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

^(CLE) This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D.
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no UECs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(s), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UECs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart p. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas & Electric Manifest Doc. No.: 101209

Profile Number:

488899

State Manifest No: NY40612783

this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(Circle)
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

3. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE	DESCRIPTION	
1	D040			X D
2	D043			X D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
If no UHCs are present in the waste upon its initial generation check here:
To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/29/01 as described on Hazardous Waste Manifest number NYH0612693 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154161901
CWM Unit #: 1*0
Disposal Date: 03/29/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric

Manifest Doc. No.: 101212

Profile Number: 488899

State Manifest No.: NYH0612693

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(Circle)
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

3. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page, if P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
If no UHCs are present in the waste upon its initial generation check here:
To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart P. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/30/01 as described on Hazardous Waste Manifest number NYH0612729 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154170601
CWM Unit #: 1*0
Disposal Date: 03/30/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric

Manifest Doc. No.:

101215

Profile Number:

488899

State Manifest No.:

NY40612729

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CLE) This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

1. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no UHCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(s), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric

Manifest Doc. No.:

101217

Profile Number:

488899

State Manifest No.:

NY 0612657

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CIRCLE)

This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

1. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no UHCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

POUGHKEEPSIE NY 12601

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/30/01 as described on Hazardous Waste Manifest number NYH0612666 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154172501
CWM Unit #: 1*0
Disposal Date: 03/30/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

Donna Ames-Cassick

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric

Manifest Doc. No.: 101218

Profile Number:

488899

State Manifest No.: NYH0612666

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

1. This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

2. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no URCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treaters will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart p. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
 If no URCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR waste may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 **RESTRICTED SOIL REQUIRES TREATMENT (Circle)**
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 **RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS**
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. **RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT**
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. **SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS**
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)**
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS**
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT**
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart p. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS**
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CIRCLE)
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
If no UHCs are present in the waste upon its initial generation check here:
To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
If treaters will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A, B, S, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, S, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR or may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)**
"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS**
"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT**
"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS**
This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/30/01 as described on Hazardous Waste Manifest number NYH0612513 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154171101
CWM Unit #: 1*0
Disposal Date: 03/30/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

Donna Ames-Cassick

**CONTAMINATED SOILS
LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM**

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 101289
 Profile Number: 488899 State Manifest No: 11Y H0612513

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

1. (CIRCLE) This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

1. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REP #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D.
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no URCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR program may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 03/30/01 as described on Hazardous Waste Manifest number NYH0612549 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154172201
CWM Unit #: 1*0
Disposal Date: 03/30/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

Generator Name: Central Hudson Gas + Electric

Manifest Doc. No.: 101292

Profile Number: 488899

State Manifest No.: 1 NYH0612549

this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

2. (CIRCLE) This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.
3. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
 If no UHCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(s), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)**
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS**
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT**
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS**
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

16. **GENERATOR'S CERTIFICATION:** I hereby declare that the contents of this consignment are fully and accurately described above by proper shipping name and are classified, packed, marked and labeled, and are in all respects in proper condition for transport by highway according to applicable international and national government regulations.

If I am large quantity generator, I certify that I have a program in place to reduce the volume and toxicity of waste generated to the degree I have determined to be economically practicable and that I have selected the practicable method of treatment, storage, or disposal currently available to me which minimizes the present and future threat to human health, and the environment; OR if I am a smaller generator, I have made a good faith effort to minimize my waste generation and select the best waste management method that is available to me and that I can afford.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 04/02/01 as described on Hazardous Waste Manifest number NYH0612576 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154176101
CWM Unit #: 1*0
Disposal Date: 04/02/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

CONTAMINATED SOILS

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 101295
 Profile Number: 488899 State Manifest No.: DPH 0612576

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

- (CIRCLE)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.
- Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no UBCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(s), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UBCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR waste may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric

Manifest Doc. No.:

101313

Profile Number:

488899

State Manifest No.:

NYH 061201Y

1. Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

2. (Circle)

This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

3. Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
 If no URCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.1). Please understand that if you enter the letter B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
If no UHCs are present in the waste upon its initial generation check here:
To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A, B, C, D, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B, C, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR waste may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart p. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric

Manifest Doc. No.: 101336

Profile Number:

488899

State Manifest No: NY/H0612081

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CIRCLE)
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:

If no UHCs are present in the waste upon its initial generation check here:

To list additional USEPA waste code(s) and subcategory(s), use the supplemental sheet provided and check here:

If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A, B, C, D, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter B, C, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

3.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 04/05/01 as described on Hazardous Waste Manifest number NYH0612117 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154192601
CWM Unit #: 1*0
Disposal Date: 04/05/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric

Manifest Doc. No.: 101339

Profile Number:

488899

State Manifest No: 1NY40612117

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(LE)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REP	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
 If no UECs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UECs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 04/06/01 as described on Hazardous Waste Manifest number NYH0612144 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154204001
CWM Unit #: 1*0
Disposal Date: 04/06/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

Donna Ames-Cassick

CONTAMINATED SOILS

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric Manifest Doc. No.: 101342

Profile Number:

488899 State Manifest No: 1 NYH0612144

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CIRCLE)
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
If no UHCs are present in the waste upon its initial generation check here:
To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations. (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR program may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart p. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 04/04/01 as described on Hazardous Waste Manifest number NYH0612171 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154189501
CWM Unit #: 1*0
Disposal Date: 04/04/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 101345
 Profile Number: 488899 State Manifest No: NYH0612171

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CLE)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no UECs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UECs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations apply, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 04/04/01 as described on Hazardous Waste Manifest number NYH0612207 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154189801
CWM Unit #: 1*0
Disposal Date: 04/04/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

Donna Ames-Cassick

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 101348
 Profile Number: 488899 State Manifest No: NYH0612207

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(Circle)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no UHCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A, B, C, D, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A, B, C, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations exist, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

This waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(LE)
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
If no UHCs are present in the waste upon its initial generation check here:
To list additional USEPA waste code(s) and subcategory(s), use the supplemental sheet provided and check here:
If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR program may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations apply, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas & Electric

Manifest Doc. No.:

101355

Profile Number:

488899

State Manifest No.:

10 NYHQ612891

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(Circle)

This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets Ref. 48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION, IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.) B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR of this waste may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric

Manifest Doc. No.:

101358

Profile Number:

488899

State Manifest No.:

NYH0612927

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(LE)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
 If no URCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(s), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR program may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations are listed, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 04/11/01 as described on Hazardous Waste Manifest number NYH0613044 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154217601
CWM Unit #: 1*0
Disposal Date: 04/11/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric Manifest Doc. No.: 101363

Profile Number:

488899

State Manifest No:

NYH0613044

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CIRCLE)

This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
 If no URCS are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and URCS, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR program may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 04/12/01 as described on Hazardous Waste Manifest number NYH0613071 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154227801
CWM Unit #: 1*0
Disposal Date: 04/12/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:
Profile Number:

Central Hudson Gas + Electric
488899

Manifest Doc. No.: 101366
State Manifest No: NYHC613071

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(X) Was contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If F039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify F039, D001-D043, or soil underlying hazardous constituent(s), use the "F039/Underlying Hazardous Constituent Form" provided (CWH-2004) and check here:
If no UBCs are present in the waste upon its initial generation check here:
To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
If treater will test for all Spent Solvents and UBCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter A.1, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR program may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations apply, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 04/11/01 as described on Hazardous Waste Manifest number NYH0613107 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154220901
CWM Unit #: 1*0
Disposal Date: 04/11/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name:

Central Hudson Gas + Electric Manifest Doc. No.: 101369

Profile Number:

488899 State Manifest No: NYHC61367

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CIRCLE)
This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

REF #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWM-2004) and check here:
If no URCs are present in the waste upon its initial generation check here:
To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
If treater will test for all Spent Solvents and URCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.7). Please understand that if you enter the letter B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)

"I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."

B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS

"I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT

"I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."

E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS

This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.

CERTIFICATE OF DISPOSAL

CWM CHEMICAL SERVICES, L.L.C. has received waste material from CENTRAL HUDSON GAS & ELECTRIC on 04/11/01 as described on Hazardous Waste Manifest number NYH0613134 Sequence number 01.

Profile Number: 488899
CWM Tracking ID: 8154221401
CWM Unit #: 1*0
Disposal Date: 04/11/01

I certify, on behalf of the above listed treatment facility, that to the best of my knowledge, the above-described waste was managed in compliance with all applicable laws, regulations, permits and licenses on the date listed above.

Donna Ames-Cassick

LAND DISPOSAL NOTIFICATION AND CERTIFICATION FORM

Generator Name: Central Hudson Gas + Electric Manifest Doc. No.: 101372
 Profile Number: 488899 State Manifest No.: NYH0613134

Is this waste a non-wastewater? (See 40 CFR 268.2) Check one: Nonwastewater Wastewater

(CERCLA)
 This contaminated soil <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and <is subject to/complies with> the soil treatment standards as provided by 40 CFR 268.49(c) or the Universal Treatment Standards.

Identify ALL USEPA hazardous waste codes that apply to this waste shipment, as defined by 40 CFR 261. For each waste code, identify the corresponding subcategory, or check NONE if the waste code has no subcategory. Spent solvent treatment standards are listed on the following page. If P039, multi-source leachate applies, those constituents present in soil must be listed and attached by the generator. If D001-D043 and/or listed waste, requires treatment of any applicable characteristics and meets 268.48 standards, then the underlying constituent(s) in the waste must be listed and attached.

RRP #	4. US EPA HAZARDOUS WASTE CODE(S)	5. SUBCATEGORY ENTER THE SUBCATEGORY DESCRIPTION. IF NOT APPLICABLE, SIMPLY CHECK NONE		6. HOW MUST THE WASTE BE MANAGED? ENTER LETTER FROM BELOW
		DESCRIPTION	NONE	
1	D040		X	D
2	D043		X	D
3				
4				

To identify P039, D001-D043, or soil underlying hazardous constituent(s), use the "P039/Underlying Hazardous Constituent Form" provided (CWN-2004) and check here:
 If no UHCs are present in the waste upon its initial generation check here:
 To list additional USEPA waste code(s) and subcategory(ies), use the supplemental sheet provided and check here:
 If treater will test for all Spent Solvents and UHCs, check here:

HOW MUST THE WASTE BE MANAGED? In column 6 above, enter the letter (A.1, B.5, or E) below that describes how the waste must be managed to comply with the land disposal regulations (40 CFR 268.1). Please understand that if you enter the letter A, B.5, D, or E, you are making the appropriate certification as provided below. States authorized by EPA to manage the LDR waste may have regulatory citations different from the 40 CFR citations listed below. Where these regulatory citations differ, your certification will be deemed to refer to those state citations instead of the 40 CFR citations.

- A.1 RESTRICTED SOIL REQUIRES TREATMENT (Circle)**
 "I certify under penalty of law that I personally have examined this contaminated soil and it <does/does not> contain listed hazardous waste and <does/does not> exhibit a characteristic of hazardous waste and requires treatment to meet the soil treatment standards as provided by 40 CFR 268.49(c)."
- B.5 RESTRICTED SOIL TREATED TO ALTERNATE PERFORMANCE STANDARDS**
 "I certify under penalty of law that I have personally examined and am familiar with the treatment technology and operation of the treatment process used to support this certification and believe that it has been maintained and operated properly so as to comply with treatment standards specified in 40 CFR 268.49 without impermissible dilution of the prohibited wastes. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- D. RESTRICTED SOIL CAN BE LAND DISPOSED WITHOUT FURTHER TREATMENT**
 "I certify under penalty of law that I personally have examined and am familiar with the waste through analysis and testing or through knowledge of the waste to support this certification that the waste complies with the treatment standards specified in 40 CFR 268 subpart D. I believe that the information I submitted is true, accurate, and complete. I am aware there are significant penalties for submitting a false certification, including the possibility of fine and imprisonment."
- E. SOIL IS NOT CURRENTLY SUBJECT TO PART 268 RESTRICTIONS**
 This waste is a newly identified waste that is not currently subject to any 40 CFR 268 Part restrictions.

I hereby certify that all information submitted in this and all associated documents is complete and accurate, to the best of my knowledge and information.
