State Superfund Site Delist Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). DEC has determined that this site ([see map on reverse side](#)) no longer presents a threat to public health or the environment and is proposing to delist the site from the Registry for the following reasons:

- An investigation was completed in 2020 to assess current site conditions. The investigation involved the collection of surface soil, subsurface soil, groundwater, sediment, and surface water samples. Results of this investigation confirmed that past remedial actions were effective and no documented source materials remain on-site. The levels of detected compounds remaining on-site do not represent a health concern.

Public comments are being received before the decision to remove the site from the Registry is finalized. The public comment period will end April 9, 2021. If you would like to provide us with written comments, please send them to: Anthony Bollasina, Project Manager, NYS Department of Environmental Conservation, Division of Environmental Remediation, 625 Broadway, Albany, NY 12233-7013; anthony.bollasina@dec.ny.gov; or call 518-402-2754.

A summary of any comments will be assembled and made available for viewing at our Central Office.

If we do not receive any new or additional information during this public comment period that changes our delist proposal, we will delist the site on or after May 9, 2021.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed above.

FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

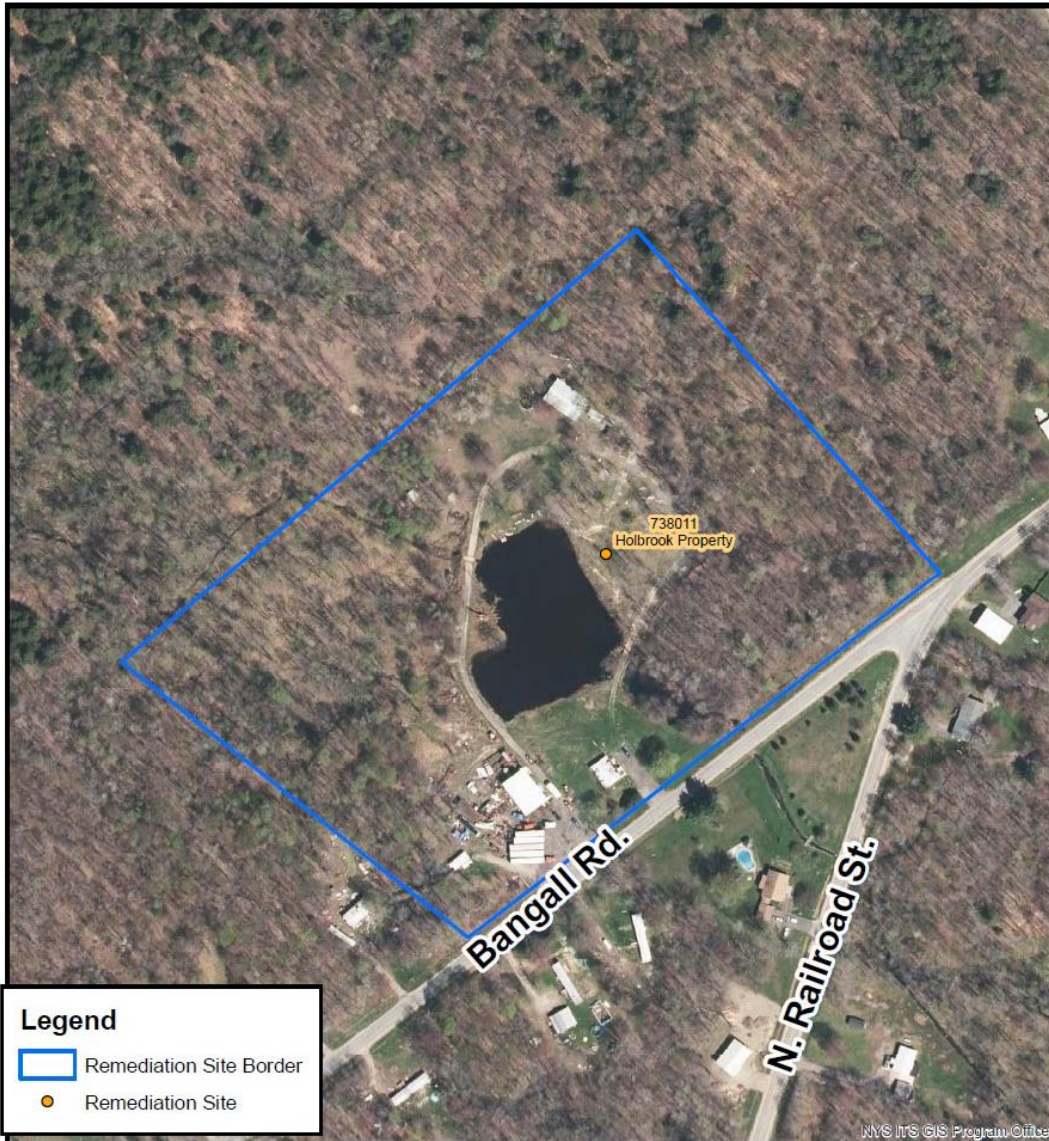

www.dec.ny.gov/cfm/xtapps/dereexternal/index.cfm?pageid=3

Site specific documents may be found online through the DECinfo Locator at:

<https://www.dec.ny.gov/data/DecDocs/738011/>

DEC is sending you this notice in accordance with Environmental Conservation Law Article 27, Title 13 and its companion regulation (6 NYCRR 375-2.7(b)(6)(ii)) which requires DEC to notify all parties on the contact list for this site of this recent action.
