Site Location: 6666 Babcock Hollow Road, Bath, Steuben County

State Superfund Site Delist Notice

The Inactive Hazardous Waste Disposal Site Program (the State Superfund Program) is the State's program for identifying, investigating, and cleaning up sites where the disposal of hazardous waste may present a threat to public health and/or the environment. The New York State Department of Environmental Conservation (DEC) maintains a list of these sites in the Registry of Inactive Hazardous Waste Disposal Sites (Registry). DEC has determined that this site ([see map on reverse side](#)) no longer presents a threat to public health or the environment and is proposing to delist the site from the Registry for the following reason(s):

- Investigations have not identified any remaining sources of contamination on site. The on-site water supply well is no longer used for potable purposes and off-site drinking water wells do not contain any contaminants that exceed drinking water standards.

Public comments are being received before the decision to remove the site from the Registry is finalized. The public comment period will end April 2, 2021. If you would like to provide us with written comments, please send them to: Jenelle Gaylord, Project Manager, NYS Department of Environmental Conservation, Division of Environmental Remediation, 625 Broadway, Albany, NY 12233-7017; jenelle.gaylord@dec.ny.gov; or call 518-402-9791.

A summary of any comments will be assembled and made available for viewing at our Albany Office.

If we do not receive any new or additional information during this public comment period that changes our delist proposal, we will delist the site on or after May 2, 2021.

If you own property adjacent to this site and are renting or leasing your property to someone else, please share this information with them. If you no longer wish to be on the contact list for this site or otherwise need to correct our records, please contact DEC's Project Manager listed above.

FOR MORE SITE INFORMATION

Additional information about this site can be found using DEC's "Environmental Site Remediation Database Search" engine which is located on the internet at:

www.dec.ny.gov/cfm/externalapps/derexternal/index.cfm?pageid=3

Site specific documents may be found online through the DECinfo Locator at:

<https://www.dec.ny.gov/data/DecDocs/851019/>

DEC is sending you this notice in accordance with Environmental Conservation Law Article 27, Title 13 and its companion regulation (6 NYCRR 375-2.7(b)(6)(ii)) which requires DEC to notify all parties on the contact list for this site of this recent action.
