

# Discover Nature Outdoor Adventure

# BINGO

Share your photos online and use the hashtag **#AdventureAtHome**

to show us how you're discovering nature nearby. Please remember to always leave what you find.

Find 2 insects, inside or out, and identify them	Find something you really like in nature and take a selfie with it	Find 2 wildflowers and take a picture of them	Make your favorite camping food at home with your family	From your window or on a walk, find and identify 3 different birds
Watch the sunrise or sunset and take a picture or draw what you see	Take a picture of an animal or bird in action	Look up the Seven Principles of Leave No Trace and learn about being a good outdoor steward	Collect 5 leaves on the ground and try to identify each	Try camping at home by setting up a tent or making one
Go for a short walk outside and write in a journal how you feel as you're out in nature	Prepare for a future hike by making a list of what to bring in your pack		Find a place near you where you could go fishing and identify what type of fish you might catch there	Go outside after it rains and observe what changes happened in nature
Go outside at night or look out your window and find a constellation	Make a bark rubbing of a tree and try to identify it	Go on a picnic at home	Find 2 kinds of rocks and try to identify them	Find a plant with seeds and try to identify it
Plan a future walk or hike by looking online for a nearby destination matched to your ability	Try to learn how to use a compass and <u>read a map</u> 	Discover the type of soil where you live by finding a place you can dig a little without disturbing anything	Go outside or look out a window to observe the clouds and try to identify their type	Go outside at night or open a window and look and listen for any signs of nature
