1. Identification

Product identifier: GEC-5

Other means of identification:
Sales Code: 1633MW

Recommended use:
Fluids, Modified silicone fluids
- Paint additive
- Cosmetic additive
- Cleaning agent
- Dispersant

Recommended restrictions:
Industrial use only.

Manufacturer/Importer/Supplier/Distributor information:

Name: Shin-Etsu Silicones of America, Inc.
Address: 1150 Damar Drive, Akron, OH 44305 USA
Contact: Regulation compliance group
Telephone Number: +1-330-630-9860
Fax Number: +1-330-630-9855
Emergency Phone Number:
Chemtrec: +1-800-424-9300 (Within US)
Chemtrec: +1-703-527-3887 (Outside US)

2. Hazard(s) identification

Physical hazards: Flammable liquids Category 4
Health hazards: Not classified.
Environmental hazards: Not classified.
OSHA defined hazards: Not classified.

"Hazards not stated here are "Not classified", "Not applicable" or "Classification not possible".

Label elements:

- Hazard symbol: None.
- Signal word: Warning
- Hazard statement: Combustible liquid.
- Precautionary statement:
  - Prevention: Keep away from heat/sparks/open flames/hot surfaces. - No smoking. Wear protective gloves/protective clothing/eye protection/face protection.
  - Response: In case of fire: Use appropriate media to extinguish.
  - Storage: Store in a well-ventilated place. Keep cool.
  - Disposal: Dispose of contents/container in accordance with local/regional/national/international regulations.

Hazard(s) not otherwise classified (HNOC): None known.

Supplemental information: None.

HMIS® ratings:
- Health: 1
- Flammability: 2
- Physical hazard: 0

3. Composition/information on ingredients

Substances:

<table>
<thead>
<tr>
<th>Chemical name</th>
<th>Common name and synonyms</th>

<th>%</th>
</tr>
</thead>
<tbody>
<tr>
<td>Decamethylcyclopentasiloxane</td>
<td></td>
<td>541-02-6</td>
<td>100</td>
</tr>
</tbody>
</table>

4. First-aid measures

Inhalation: Move to fresh air. Call a physician if symptoms develop or persist.

Skin contact: Wash skin with soap and water.
Eye contact
Rinse immediately with plenty of water for at least 15 minutes. Get medical attention if irritation develops and persists.

Ingestion
Rinse mouth. Get medical attention immediately.

Most important symptoms/effects, acute and delayed
Not available.

Indication of immediate medical attention and special treatment needed
Treat symptomatically.

General information
Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves.

5. Fire-fighting measures

| Suitable extinguishing media | Water fog. Foam. Dry chemical powder. Carbon dioxide (CO2). |
| Unsuitable extinguishing media | Do not use a solid water stream as it may scatter and spread fire. |
| Specific hazards arising from the chemical | By heating and fire, harmful vapors/gases may be formed. |
| Special protective equipment and precautions for firefighters | Firefighters must use standard protective equipment including flame retardant coat, helmet, gloves, rubber boots, and self-contained breathing apparatus. |
| Fire-fighting equipment/instructions | Move containers from fire area if you can do so without risk. |
| Specific methods | Move containers from fire area if you can do so without risk. |
| General fire hazards | Combustible liquid. |

6. Accidental release measures

| Personal precautions, protective equipment and emergency procedures | Keep unnecessary personnel away. Local authorities should be advised if significant spillages cannot be contained. Wear appropriate personal protective equipment. |
| Methods and materials for containment and cleaning up | Eliminate all ignition sources (no smoking, flares, sparks, or flames in immediate area). Keep combustibles (wood, paper, oil, etc.) away from spilled material. |
| Large Spills: Stop the flow of material, if this is without risk. Dike the spilled material, where this is possible. Cover with plastic sheet to prevent spreading. Use a non-combustible material like vermiculite, sand or earth to soak up the product and place into a container for later disposal. |
| Small Spills: Wipe up with absorbent material (e.g. cloth, fleece). Clean surface thoroughly to remove residual contamination. |
| Environmental precautions | Prevent further leakage or spillage if safe to do so. Avoid discharge into drains, water courses or onto the ground. |

7. Handling and storage

| Precautions for safe handling | Provide adequate ventilation. Keep away from open flames, hot surfaces and sources of ignition. Do not smoke. Use care in handling/storage. Do not breathe mist or vapor. |
| Conditions for safe storage, including any incompatibilities | Keep away from heat, sparks and open flame. Store in cool place. Store in a well-ventilated place. Keep container tightly closed. Store in a cool, dry place out of direct sunlight. Keep in original container. |

8. Exposure controls/personal protection

| Occupational exposure limits | No exposure limits noted for ingredient(s). |
| Biological limit values | No biological exposure limits noted for the ingredient(s). |
| Appropriate engineering controls | Explosion-proof general and local exhaust ventilation. Provide eyewash station. |

Individual protection measures, such as personal protective equipment

| Eye/face protection | Tightly sealed safety glasses according to EN 166. |
| Skin protection | Wear protective gloves. |
| Hand protection | Wear suitable protective clothing. |
| Other | |
Respiratory protection
No personal respiratory protective equipment normally required.

Thermal hazards
Wear appropriate thermal protective clothing, when necessary.

General hygiene considerations
Wash hands before breaks and immediately after handling the product. Handle in accordance with good industrial hygiene and safety practice.

9. Physical and chemical properties

Skin corrosion/irritation Patch Test(24Hr/Open) : Almost negative.

Serious eye damage/eye irritation

EYE-RABBIT : MILD

Respiratory or skin sensitization

Respiratory sensitization Not available.

Skin sensitization No evidence of sensitization

Germ cell mutagenicity Negative(Bacteria)

Carcinogenicity

This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)

Not listed.

Reproductive toxicity

Not available.

Specific target organ toxicity - single exposure

Not available.

Specific target organ toxicity - repeated exposure

Repeated inhalation or oral exposure of mice and rats to decamethylcyclopentasiloxane produced an increase in liver size. No gross histopathological or significant clinical chemistry effects were observed. An increase in liver metabolizing enzymes, as well as a transient increase in the number of normal cells (hyperplasia) followed by an increase in cell size (hypertrophy) were determined to be the underlying causes of the liver enlargement. The biochemical mechanisms producing these effects are highly sensitive in rodents, while similar mechanisms in humans are insensitive.

Aspiration hazard

Not available.

12. Ecological information

Ecotoxicity

No ecotoxicity data noted for the ingredient(s).

Persistence and degradability

No evidence of biodegradation. Vapor undergoes indirectly photolysis in the troposphere.

Bioaccumulative potential

May cause bioaccumulation.

Partition coefficient n-octanol / water (log Kow)

5.2

Mobility in soil

Not available.

Other adverse effects

Not available.

13. Disposal considerations

Disposal instructions

Follow applicable Federal, State and Local regulations.

14. Transport information

DOT

UN number NA1993

UN proper shipping name Combustible liquid, n.o.s.(Decamethylcyclopentasiloxane)

Transport hazard class(es)

Class Combustible liq

Subsidiary risk -
III

Label(s)
None

Packing group
III

Special precautions for user
Read safety instructions, SDS and emergency procedures before handling.

Special provisions
IB3, T1, T4, TP1

Packaging exceptions
150

Packaging non bulk

15. Regulatory information

US federal regulations
This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.
All components are on the U.S. EPA TSCA Inventory List.

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)
Not listed.

Superfund Amendments and Reauthorization Act of 1986 (SARA)
SARA 313 (TRI reporting)

US state regulations

US. Massachusetts RTK - Substance List
Not regulated.

US. New Jersey Worker and Community Right-to-Know Act
Not listed.

US. Pennsylvania Worker and Community Right-to-Know Law
Not listed.

US. Rhode Island RTK
Not regulated.

US. California Proposition 65
California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): This material is not known to contain any chemicals currently listed as carcinogens or reproductive toxins.
