# MARINE BAIT PERMITS: REQUIRED BUSINESS

The Purpose of this notice is to clarify the privileges conferred to the holders of Marine Bait Permit under Subdivision 9 of Environmental Conservation Law Section 13-0335.

- This law **allows** an operator of a retail business to take menhaden (bunker), spearing, and killies, and sell directly to the final user (generally a bait and tackle shop).
- It **does not allow** the holder of the marine bait permit to harvest baitfish to sell wholesale (to sell bait to retail shops for resale).

A commercial Food Fish License is required to harvest any fish for wholesale (resale) in New York State. To purchase fish from a Food Fish License holder, the purchaser must either be the final user or a Food Fish and Crustacea Dealer License Holder.

**Only Atlantic menhaden, silversides (*Minidia spp.*) [sic] and killifish (*Fundulus spp.*) may be taken and using:**

- Cast nets not larger than twenty feet (20') in diameter
- Seines not larger than thirty feet (30') in length or four feet (4') in depth
- Lift nets not larger than sixteen square feet (16 ft<sup>2</sup>) or bait traps not more than thirty inches (30") in length

**Marine bait permits must identify the business name and address of the single retail business at which the bait taken will be sold and are non-transferable.** The holder of a marine bait fish permit must be present and always have the permit available for inspection.
