East Branch Fish Creek

Fish Species Present

Brown Trout

Rainbow Trout

Brook Trout

Atlantic Salmon

Description of Fishery

The East Branch of Fish Creek is located in Lewis and Oneida Counties. There are 22.26 miles of Public Fishing Rights and additional fee and easement lands in the headwaters. The lower sections are stocked with Brown and Rainbow Trout. The upper section in Highmarket is stocked with Brook Trout and the new fee and easements lands have wild Brook Trout. Most of the tributaries also contribute wild Browns, Brooks and Rainbows to the main river fishery. You also can catch landlocked Atlantic salmon in the lower section that are being stocked by the Atlantic Salmon Fish Creek Club.

Location

About Public Fishing Rights

Public Fishing Rights (PFR's) are permanent easements purchased by the NYSDEC from willing landowners, giving anglers the right to fish and walk along the bank (usually a 33' strip on one or both banks of the stream). This right is for the purpose of fishing only and no other purpose. Treat the land with respect to insure the continuation of this right and privilege. Fishing privileges may be available on some other private lands with permission of the land owner. Courtesy toward the land-owner and respect for their property will insure their continued use.

These generalized location maps are intended to aid anglers in finding PFR segments and are not survey quality. Width of displayed PFR may be wider than reality to make it more visible on the maps. Please look for this PFR sign to ensure that you are in the right location and have legal access to the stream bank.

For more information on this creek or if you believe PFR marked areas on these maps are incorrect or missing PFR signs, please call the Region 6 Fisheries office: (315) 785-2263.
