- Lean-to
- Hopkins Trails
- Other Trail
- Contour 100 ft
- Stream
- Road

The trail from the summit of Hopkins Mountain to the summit of Giant is Mountain extends 3.2 miles and ascends more than 1,600 feet. The trail joins the North Trail to Giant at the 1.7-mile mark, from there it is an additional 1.5 miles to the summit of Giant. The total length and ascent of the hike to Giant Mountain via Hopkins will depend on the approach taken to the summit of that mountain.
