

The following chart lists all 80 State Forest units, their predominant TNC Ecoregion, DEC Region, office and acreage, organized by year of scheduled completion of the draft UMP and its submittal to Albany. UMPs have been scheduled to be completed and updated on a 10-year cycle.

All areas of the state have been assigned to a unit. This will allow for future incorporation of new acquisitions or lands under different management classifications (example: Wildlife Management Areas) into predefined UMP areas without creating additional units. Although changes can be made, this configuration reflects regional input and will require only minor adjustments in the future.

Each unit's area was defined using a 6-tier hierarchy. Highest weight was given to regional considerations. The second tier used current UMP configuration. The third tier conformed to regional boundaries. The fourth tier conformed to county boundaries. The fifth tier considered The Nature Conservancy (TNC) Ecoregional boundaries. The final tier emphasized other geographic limitations.

TNC Ecoregion	Code
St. Lawrence/Champlain Valley	SL-CV
Northern Appalachian/Acadian	NAP
Great Lakes	GL
Western Allegheny Plateau	WAP
New York High Allegheny Plateau	HAP
Lower New England/Northern Piedmont	LNE-NP
North Atlantic Coast	NAC

Purpose Statewide UMP Schedule - 2018 (subject to change)					
Year	Unit Management Plan	Region	Office	UMP Ac.	Acres/Yr
2018 (5)	Hudson Valley	4	SCHENECTADY	485	32,667
	Fulton County	5	NORTHVILLE	5,858
