### **§ 141-8. Removal of dead and diseased trees from private property.**

Private property owners have the duty, at their own expense, to cut down and remove any trees upon their property which are dead, harbor insects or disease, or which are so damaged as to be a public nuisance and in danger of falling, thereby causing damage to person or property of others. The Village Tree Committee shall recommend to the Code Enforcement Officer to provide the property owner with written notification that a tree or shrub should be removed for the reasons stated above. Owners shall, at their own expense, remove such trees. Owners shall have 15 days after the date of service of the notice to inform the Code Officer as to when the tree shall be removed. Owners shall have no more than 30 days after informing the Code Officer to remove such trees unless the Code Officer indicates otherwise in writing. Whenever possible, the diameter of such fence, frame or box should be at least one and one-half times the dripline. At no time shall the fence, frame, or box extend beyond the sidewalk into the street, nor shall such fence, frame, or box cause a hardship for those using the sidewalk.

D. When construction, excavation, and/or material deposits result in the destruction and/or removal of a street tree, the person or utility responsible for that damage shall replace the street tree with either a tree or trees of equivalent dollar value in the vicinity of the removed street tree.

### **§ 141-11. Interference with tree work.**

No one shall hinder, prevent, delay, or interfere with the Village of Pleasantville or its agents, including the Tree Committee, or any of its assistants, or any contractors while engaged in carrying out the enforcement of this chapter or duly adopted regulations.
