commencing these operations. Exceptions to these requirements may be made only by the DEC.

It will be the Contractor’s responsibility to provide the workers actually performing the work with a copy of the NOTICE OF SALE OF FOREST PRODUCTS before work begins. The Contractor shall keep a copy of the NOTICE OF SALE OF FOREST PRODUCTS on site at all times while conducting work under the terms of this Contract.

Upon determination by the DEC that any of the terms in this contract are not being upheld, the Contractor may receive a Notice to Correct by certified mail, return receipt requested. If the required work is not completed within seven (7) calendar days following receipt of such Notice to Correct, unless a good faith effort to do so is demonstrated to the DEC’s satisfaction, this contract may be terminated for cause, at the discretion of the DEC.

When active work in the sale area has stopped for 14 or more consecutive calendar days or upon the completion of a stand, payment area, or other portion of the work required in the Notice of Sale, the DEC may determine that work is needed to properly close and stabilize the job site. This may include leveling access trails and/or landing areas, installing best management practices (BMPs) including waterbars, earth berms, or other measures as required in the Notice of Sale. Upon determination by the DEC that such work is necessary, the Contractor will receive a Notice to Correct by certified mail, return receipt requested. If the required work is not completed within seven (7) calendar days following receipt of such Notice to Correct, unless a good faith effort to do so is demonstrated to the DEC’s satisfaction, the contract may be terminated for cause, at the discretion of the DEC.

This contract may be terminated or suspended by the DEC if the Contractor abandons the work under this contract; is in violation of any conditions of this contract and permit; fails or refuses to conform with the requirements of this contract; or if at any time the DEC is of the opinion that the Contractor is willfully violating any of the conditions of the contract or executing same in bad faith; or that, the Contractor has failed to promote work in a diligent manner. Upon such default or termination, the DEC shall have the right to proceed to enforce the bond posted by the Contractor in connection with this contract.

A. Firewood Notice
Rules have been implemented regarding firewood transportation into and within New York State. Effective immediately, the transportation of untreated firewood within New York State for commercial sale is limited to 50 miles or less from the source, as defined in the regulations. These regulations have been implemented to help prevent the spread of forest insect pests. The full text of the regulations can be found online at: http://www.dec.ny.gov/animals/28722.html. There is also a web page with frequently asked questions about the regulations at: http://www.dec.ny.gov/animals/44008.html.

B. Dig Safe NY Notice
It shall also be the Contractor’s responsibility to contact Dig Safe New York for underground facility location prior to commencing work, 1-800-962-7962. The DEC is willing to do the Dig - Safe locations for the Contractor as a service. However, this will require at least 5 business days’ notice in advance, and the Contractor must be ready to start work within 10 days of the stake out.
C. **Emerald Ash Borer Quarantine Notice**

This timber sale is within the Federal Emerald Ash Borer (EAB) quarantine. Under the quarantine regulations, all persons moving regulated articles - including any ash wood, ash logs, ash stumps, ash roots, ash branches, or wood chips - from inside the Federal EAB quarantine area, to any location outside of the Federal EAB quarantine area must obtain a Limited Permit or Compliance Agreement with the United States Department of Agriculture Animal Plant Health Inspection Service (USDA APHIS). Such movement may only be done during the non-flight season for EAB. Federal EAB quarantine regulations also prohibit movement of any untreated hardwood firewood out of their contiguous quarantine. (Many neighboring States – including PA - also have State regulations prohibiting the import of untreated firewood into their state, as New York does under our firewood regulation.)

For more information on the USDA APHIS' EAB quarantine regulations and Compliance Agreements for interstate movement, contact:

**IV. VOLUME ESTIMATION**

The volume in the standing trees was estimated and is based on the International ¼” Kerf Log Rule for sawtimber and the standard 4’ x 4’ x 8’ cord for cordwood. Softwood volume estimates are based on a 100% tree count and a 10% volume estimate using the International ¼” Log Rule volume tables and the U.S. Forest Service Composite Cordwood Volume Table. Hardwood volume estimates are based on a 100% tree tally using the International ¼” Log Rule volume tables. Hardwood pulp volume estimates are based on a 100% tree count and a 10% volume estimate using the U.S. Forest Service Composite Cordwood Volume Table.

Additionally, volume deductions were made for visible defects; however, the DEC does not guarantee the estimated volume or quality of the stumpage advertised.
V. MARKING
The trees for sale are marked with Blue paint at eye level (+/- 5.5 feet above ground) and on the stump. All sawtimber and pulpwood trees so marked must be felled in addition to 662 cull trees marked with an "X". Trees tallied for saw timber are marked with a horizontal slash (/) and two stump marks. Trees tallied for pulpwood are marked with a vertical slash (/) and one stump mark.

Girdling cull trees or any other live trees as an alternative to felling will not be permitted.

The sale boundaries are shown on the attached Sale Map. Sale boundary is flagged with orange flagging and trees along the sale boundary may be marked with two blue spots (;) at eye level (+/- 5.5 feet above ground). Double spotted sale boundary trees shall not be cut and are not part of this sale. Trees along State Forest boundaries may be marked with Yellow paint. Yellow marked State Forest boundary trees shall not be cut and are not part of this sale.

Only those trees which have been marked or otherwise designated to be cut by the DEC shall be cut under the terms of this contract. All trees so marked or designated shall be cut by the Contractor and, in the event any are not cut, they nevertheless shall be paid for under the terms of this contract. Pursuant to §9-1501 and § 71-0703 (6) (b) of the ECL, should any unmarked or otherwise non-designated tree be cut, destroyed or injured, the Contractor may be liable for a penalty of $250.00 per tree or treble damages or both.

VI. LOG LANDINGS
The DEC has designated a landing location on the western end of the sale area on the east side of County Route 21 as indicated on the attached sale map. The Contractor shall clear the landing area of trees and brush and purchase and install a layer of geotextile construction fabric on the surface of the landing prior to spreading shale or cobbles. The Contractor shall install a minimum of 40 cubic yards of shale, crushed stone, bank run gravel or cobbles on the surface of the landing. The surface area of the improved landing should be a minimum of 3,000 square feet. The Contractor shall install materials prior to the start of timber harvesting and to the satisfaction of the DEC. All brush, tree tops or other debris removed for landing construction will be deposited at a site approved by the DEC.

Any additional site work to improve the landing to accommodate the specific needs of the Contractor will be done at the Contractor’s expense and only with the approval of the DEC.

Landings will be kept in a neat condition at all times during the sale. The Contractor shall keep landings free of any garbage, oil cans, or debris. The Contractor shall remove or return to the harvest area unused wood brought to the landing from the harvest area. The Contractor shall prevent rutting on landings which may result in channelized sediment flow off the landing.

The Contractor shall block with earthen mounds, the entrances to skid trails leading into the woods from landing areas at the completion of the sale to the satisfaction of the DEC.

VII. ACCESS SYSTEM
To enhance ground scarification for the benefit of the pitch pine, no skid trails are delineated. The Contractor shall keep all logging equipment within the sale boundaries at
all times. Individual hitches shall be no wider than the skidder.

The Contractor shall secure all roads, trails and landings to restrict erosion at all times to
the satisfaction of the DEC according to guidelines in the publication New York State
Guide). The BMP Field Guide may be viewed on-line by going to:
http://www.dec.ny.gov/lands/37845.html. The DEC reserves the right to require the
Contractor to implement erosion and sedimentation controls at any time, which includes,
but is not limited to, water bars, broad based dips, corduroy, culverts, temporary bridges,
straw bales, seeding and mulching.

If soil erosion occurs during harvesting, the Contractor shall install and maintain water bars,
broad based dips or other appropriate water control devices at locations determined by the
DEC.

The Contractor shall prevent ruts greater than 18 inches in depth on the access system
during active timber harvesting. If ruts approach 18 inches in depth the Contractor shall
cease harvesting activities in that area and ameliorate the damaged road or trail. The
Contractor shall resume harvesting activities only when conditions improve or actions are
taken to prevent further rutting. The DEC reserves the right to modify this condition on a
case-by-case basis. The Contractor shall level all ruts and secure haul roads to restrict
erosion at the completion of the sale to the satisfaction of the DEC.

The Contractor shall prevent ruts on all roads and skid trails that may result in channelized
sediment flow.

VIII. HARVESTING
The Contractor shall fell trees away from private land, designated recreation trails, and
water courses whenever possible. If trees accidentally fall over private property boundary
lines, across designated recreation trails or into stream channels, the Contractor shall pull
back all material immediately.

No harvesting operations in conjunction with this sale shall be allowed on adjacent private
lands without permission of the owner. The Contractor shall remove immediately any
logging debris falling on adjacent private lands. Any damage to adjacent private lands shall
be promptly repaired or compensation paid to the owner at the expense of the Contractor.

The Contractor shall keep the sale area free of litter including cans, papers and equipment
parts at all times.

Harvesting operations will be suspended from June 1st through July 31st during the Northern
Long Eared Bat roosting pup season.

Harvesting shall begin in the back of the sale area with work progressing toward the front,
cutting all designated trees as the job progresses. Exceptions must be approved by the
DEC.

The Contractor shall lop all harvested material down to a point not to exceed 4.5 feet
above the ground.
**Hours of Operation:** The Contractor shall only conduct work under this contract, including loading of trucks, between the hours of 7:00 AM and 8:00 PM Monday through Saturday. No work under this contract shall occur on Sundays.

There is a section of recreational trail (located in the field with yellow trail markers and designated on the attached sale map) passing through the sale area. The Contractor shall fell trees away from the recreation trail whenever possible and remove or pull back all harvest materials falling within 25 feet of the trail.

The Contractor shall leave stump heights, measured on the uphill side, no greater than the diameter of the stump unless otherwise directed by the DEC.

The Contractor shall not leave trees or tree tops hung up in the sale area and must pull any hung trees or tree tops down immediately.

The DEC reserves the right to restrict the size of the equipment used when, in the judgment of the DEC, said large equipment is causing unacceptable damage to the site and residual stand. The Contractor shall prevent rutting and soil compaction in the general harvest area (excluding the access system) and take the necessary measures to prevent ruts and soil compaction when ground conditions may not support harvesting equipment. Measures may include but are not limited to corduroy, restricting equipment access, utilizing floatation tires or tracks, or depositing tops in front of harvesting equipment.

The Contractor shall cut off close to the stump any saplings two inches or greater in diameter at the stump damaged as a result of timber harvesting activities. **The Contractor shall take extra precautions to avoid damaging residual Pitch Pine trees greater than 5 inches DBH.** No more than 5% of the residual trees greater than 5 inches diameter at breast height within the harvest area may be damaged during the harvest operation, as determined by the DEC. A tree considered to be damaged may include but is not limited to:

1. Damage to the main stem of the residual tree which results in the loss of bark greater than 90 square inches.
2. Greater than 40% damage to the entire root system of the residual tree from soil compaction or disturbance within an area defined by a 20 foot radius from the tree’s stem.
3. Greater than 25% damage to the live crown of the residual tree.

**IX. ADDITIONAL SALE RELATED WORK**
None

**X. RARE, ENDANGERED, THREATENED OR SPECIAL CONCERN SPECIES**
The DEC reserves the right to implement temporary restrictions on harvesting activities to protect previously unknown occurrences of rare, endangered, threatened or special concern species found within or near the sale area.

**XI. OSHA and SAFETY RELATED TERMS**
OSHA regulations relating to safety and safety equipment must be followed at all times by the Contractor.
Unmarked dead or hazardous trees may be cut, pushed or pulled down when necessary to comply with OSHA regulations, but must be left on the site next to the stump and may not be utilized by the Contractor. In this situation, when the Contractor cuts an unmarked tree, the Contractor must notify the DEC within one business day. When the Contractor identifies a hazard tree which is too dangerous to cut or work around and will impact the completion of the contract, the Contractor must notify the DEC. If the hazardous situation cannot be resolved or mitigated, the DEC (upon consultation with the Contractor) will decide on an acceptable solution.

No person under the age of 18 shall be allowed within 100 feet of the sale area during harvesting operations unless they are part of a registered apprenticeship program, or enrolled in a recognized vocational training program or an approved on-the-job training program, or have completed such a program, and be at least 16 years old. Sale area shall be defined as the area identified on the sketch map developed for this sale and shall include the area marked for harvest, roads and trails accessing it, and the log landing.

XII. PERSONAL PROTECTIVE EQUIPMENT FOR CHAINSAW USERS
Any person operating a chainsaw for any purpose while undertaking the activities authorized by this contract are required to wear Personal Protective Equipment (PPE), including at least the following: hard hat, eye protection, hearing protection, and cut-resistant chaps or pants. Additionally, the chainsaw must be equipped with properly functioning safety devices, including, at minimum, a properly functioning chain brake.

XIII. TRAINED LOGGER CERTIFICATION®
Any person who will perform any duties related to the felling, handling and removal of trees under this contract, hereunder referred to as “worker,” regardless of whether they are an employee or subcontractor of the Contractor, shall be Trained Logger Certified® (TLC) through the New York Logger Training Program (NYLT). Duties related to the felling, handling and removal of trees shall include but are not limited to the use of chainsaws, mechanized felling and harvesting equipment, skidding and forwarding, slashing, chipping and stacking of forest products, or any other method of felling, handling or removing trees.

Prior to starting any timber sale tasks related to the felling, handling and removal of trees, the Contractor shall provide to the DEC a list of all worker names and TLC numbers or a copy of the worker’s TLC certificate of any worker who will perform any duties related to the felling, handling and removal of trees.

Workers who are not TLC may perform duties related to the felling, handling and removal of trees as long as the Contractor, in good faith, assures the DEC that the non-TLC worker is actively pursuing TLC and will be supervised by another worker who is TLC. The TLC worker must be on site at all times while the non-TLC person is working. A TLC worker may only supervise one non-TLC worker at any given period during the life of this contract. The Contractor shall make every effort to inform the DEC when the worker receives TLC and provide proof of certification upon request.

Truck drivers and loader operators are not required to be TLC if their only duties are the loading of forest products onto the truck and/or transportation of forest products from the harvesting site.
Workers who have certifications or licenses under equivalent programs in other states may receive approval from NYLT for TLC if it is determined the other state’s certification or license meets the minimum standards for TLC. For information on the TLC program contact NYLT at [www.newyorkloggertraining.org](http://www.newyorkloggertraining.org) or by calling (518) 463-1297.

Non-TLC workers who can demonstrate to the DEC equivalent certification, licensing or training comparable to the minimum standards for TLC may be considered to have fulfilled the certification requirements. At minimum, equivalent certification, licensing or training must include current first aid and CPR training, chainsaw operation, safety and productivity training (Game of Logging® Level 1 or equivalent chainsaw training), and environmental concerns training (including forest ecology, silviculture and best management practices).

**XIV. FLUID LEAK CONTROL**

The Contractor will be responsible for the control and collection of fluids leaking from any equipment used on the site. The Contractor must have a spill containment and cleanup kit appropriate for the equipment being used. At a minimum, the kit will contain: plugs and clamps to control hydraulic line breaks, a container to collect leaking fluids, fluid absorbent pads and a shovel. Operating any equipment noticeably leaking fluids is prohibited. The Contractor must take action to collect and control fluids leaking from inactive equipment or equipment being maintained or repaired on-site. The collected fluids must then be reused or properly disposed of. For additional information regarding the handling of hazardous materials please refer to page 74 of the NY BMP Field Guide – 2011 Edition.

**XV. TERMS OF BIDDING**

Proposal blanks, envelopes for mailing bids and any other information relative to this proposed sale may be obtained from John Wernet, Supervising Forester, NYS DEC, 50 Circle Road, Stony Brook, New York 11790, telephone (631) 444-0285, or by email john.wernet@dec.ny.gov or on line at [http://www.dec.ny.gov/lands/69749.html](http://www.dec.ny.gov/lands/69749.html) or by contacting the NYS DEC, Attn: State Timber Sales, 625 Broadway, 5th Floor, Albany, New York 12233-4255.

Bids must be submitted via mail, delivery service, or in person. All bids must be submitted on the Bid Proposal (Proposal) form supplied by the DEC for this specific sale and included with this Notice. Alternate forms of bidding will not be accepted. All blanks on the Proposal form must be completely filled in. Amounts must be written out and also stated in figures. Alteration of the Proposal by which the terms are changed may cause rejection of the bid. Please note that the bid deadline is for receipt of the bid at the Department’s Bureau of Procurement and Expenditures, Albany, New York, not for mailing or entrusting to a delivery service. The Department is not responsible for lost or late mailings. Late bids will be returned unopened. No electronic submissions will be accepted.
The Bid Proposal must be accompanied with a completed and signed Bidders/Proposers Certification. The Bid Proposal, Bidders/Proposers Certification, and bid deposit for this sale must be submitted in a bid envelope supplied by the DEC or in an envelope addressed to “NYS DEC, 625 Broadway, 10th Floor, Albany, NY 12233-5025,” and clearly showing only the following information:

NYS DEC
625 Broadway, 10th Floor
Albany, NY 12233-5025

PROPOSAL: X010028, Suffolk 7
Bid Opening: 11:00 AM, Thursday, Feb. 11, 2016

Each proposal must be accompanied by a deposit of 5% of the amount bid in the form of check or money order drawn to the order of the “NYS Department of Environmental Conservation.” The DEC reserves the right to waive any technicalities concerning bids and also to reject any and all bids if the best interests of the State will be promoted thereby. Award to the successful bidder will be made within ten days after opening of bids. Bidders are asked to completely and legibly fill out the return address portion of the bid envelope. In the unlikely event that bids must be returned unopened, this will greatly facilitate their being sent back to bidders.

IMPORTANT NOTICE
The attached "BIDDER’S/PROPOSER’S CERTIFICATION" form must be completed, signed, and returned along with your bid proposal. Failure to include this form may result in rejection of the bid.

In the event that two or more high bids are submitted in exactly the same amount, the bid that was received first by the DEC will be considered the apparent high bidder.

Notice of Sale documents, bid opening dates and bid results can be found on-line on the New York State Department of Environmental Conservation public web site address: http://www.dec.ny.gov/lands/69749.html and clicking on the NYS DEC Region where the timber sale is being offered. Bid results will be posted for 30 days beyond the bid opening date.

XVI. TERMS OF SALE
A. General
All monetary references are in U.S. dollars. All material will be paid for by the Contractor prior to the commencement of harvesting operations. The Contractor will execute and return the sales contract to “NYS DEC, Attn: State Timber Sales, 625 Broadway, 5th Floor, Albany, NY 12233-4255,” along with all other required documentation, within 30 calendar days of Notice of Award.
The successful bidder will not commence operations hereunder until payment according to the payment schedule is made, and a fully executed copy of the sales contract is received by him/her with authorization to proceed with removal of products.

The Contractor may subcontract for the performance of work pursuant to this Contract only with the prior written approval of the DEC. If the Contractor enters into subcontracts for the performance of work pursuant to this Contract, the Contractor remains liable for compliance with all the terms of this Contract. The Contractor shall take full responsibility for the acts and omissions of its subcontractors.

B. Vendor Responsibility

State procurement laws require that state agencies award contracts only to responsible Contractors. To fulfill this requirement, potential Contractors may be required to complete a Vendor Responsibility Questionnaire or otherwise provide additional information to assist the DEC in assessing responsibility.

- **General Responsibility:** The Contractor shall at all times during the Contract term remain responsible. The Contractor agrees, if requested by the Commissioner or his or her designee, to present evidence of its continuing legal authority to do business in New York State, integrity, experience, ability, prior performance, and organizational and financial capacity.

- **Suspension of Work** (for Non-Responsibility): The Commissioner or his or her designee, in his or her sole discretion, reserves the right to suspend any or all activities under this Contract, at any time, when he or she discovers information that calls into question the responsibility of the Contractor. In the event of such suspension, the Contractor will be given written notice outlining the particulars of such suspension. Upon issuance of such notice, the Contractor must comply with the terms of the suspension order. Contract activity may resume at such time as the Commissioner or his or her designee issues a written notice authorizing a resumption of performance under the Contract.

- **Termination for Non-Responsibility:** Upon written notice to the Contractor, and a reasonable opportunity to be heard with appropriate DEC officials or staff, the Contract may be terminated by the Commissioner or his or her designee at the Contractor’s expense where the Contractor is determined by the Commissioner or his or her designee to be non-responsible. In such event, the Commissioner or his or her designee may complete the contractual requirements in any manner he or she may deem advisable and pursue available legal or equitable remedies for breach.

- **Vendor Responsibility Questionnaire:** The DEC recommends that vendors file a required Vendor Responsibility Questionnaire online via the New York State VendRep System. To enroll in and use the New York State VendRep System, see the VendRep System Instructions available at http://www.osc.state.ny.us/vendrep/vendor_index.htm or go directly to the VendRep System online at https://portal.osc.state.ny.us.
Vendors must provide their New York State Identification Number when enrolling. To request assignment of a Vendor ID or for VendRep System assistance, contact the Office of the State Comptroller’s Help Desk at 866-370-4672 or 518-408-4672 or by email at ciohelpdesk@osc.state.ny.us. Vendors opting to complete and submit a paper questionnaire can obtain the appropriate questionnaire from the VendRep website www.osc.state.ny.us/vendrep or may contact the Department of the Office of the State Comptroller’s Help Desk for a copy of the paper form.

C. Payment Schedule
The Contractor will make payments according to the following schedule unless adjusted by the DEC:
- 1st Payment = 5% of purchase price previously paid as bid deposit.
- 2nd Payment = 20% of purchase price within 30 days of the date of the Notice of Approval.
- 3rd Payment = 75% of purchase price prior to the commencement of harvesting operations. This payment must be made before **July 1, 2016**.

No payment other than the 5% bid deposit will be accepted until the Comptroller has approved the sales contract. Failure to execute and return the sales Contract to the NYS DEC, Attn: State Timber Sales, 625 Broadway, 5th Floor, Albany, NY 12233-4255, along with all other required documentation, within 30 calendar days of Notice of Award may result in forfeiture of the bid deposit and the awarding of this sale to the next highest bidder. Payments shall be in the form of check or money order made payable to the “**NYS Department of Environmental Conservation**” and submitted to NYS DEC, Attn: State Timber Sales, 625 Broadway, 5th Floor, Albany, NY 12233-4255 before the date stipulated in the Payment Schedule.

D. Performance Bond
The executed contract must be accompanied by one of the following:
- a Surety bond
- a Bank/Certified check
- a Certificate of Deposit assigned to the Department of Environmental Conservation
- a Letter of Credit from a Federally chartered or State licensed financial institution

in the amount of **$10,000.00** for the faithful performance of the sales contract.

E. Notarizations
The following rules apply for any individual designated as "**Notary**" on all Department contracts:
- Any stockholder, director, officer, or employee of a corporation that is a party to the contract either as an individual OR as representative of the corporation may not take an acknowledgment /notarize.
- If the employee has an ownership interest in the company and a DIRECT monetary interest in the contract (their pay depends upon it and it alone) they may not take the acknowledgement /notarize. **An employee with no ownership interest in the company may notarize contract signatures.**
F. Insurance

The Contractor agrees to procure and maintain at its own expense and without expense to the DEC until final acceptance by the DEC of the services covered by this Contract, insurance of the kinds and amounts hereinafter provided by insurance companies licensed to do business in the State of New York, covering all operations under this Contract. This Contract shall be void and of no effect unless the Contractor procures all required insurance policies and maintains them until acceptance of the work. The certificate or certificates must contain the following information:

- The “Certificate Holder” box MUST READ as follows “State of New York and the Department of Environmental Conservation” with the address “Attn: State Timber Sales, 625 Broadway, 5th Floor, Albany, NY 12233-4255”.
- In the “Description of Operation/Locations…” section, the Contract Number and State Forest (X010028, Suffolk 7) must be referenced.
- The certificate must list the “State of New York and the Department of Environmental Conservation” as additional insured, except with respect to workers’ compensation and disability coverage. The insurance certificate(s) must contain an Endorsement in writing added to and made part of the insurance contract for the purpose of changing the original terms such that the State of New York and the Department of Environmental Conservation are added as additional insured. In addition, the applicable insurance policy number(s) referenced on the certificate(s) must be referenced on the endorsement(s). A copy of the Endorsement, showing the State of New York and the Department of Environmental Conservation as additional insured, must be included.
- The certificate must set forth the policy provisions for notice of cancellation. If the number of day’s written notice of cancellation is not on the certificate, a page from the policy that states the cancellation provisions must be included.

Upon execution of this Contract, the Contractor shall furnish to the DEC a certificate or certificates, in form satisfactory to the DEC, showing that it has complied with this Contract, which certificate or certificates shall provide that the policies shall not be changed or canceled until thirty (30) days written notice has been given to the DEC. The kinds and amounts of insurance required are as follows:

- Commercial General Liability Insurance with a limit of not less than $1,000,000 each occurrence. Such insurance shall cover liability arising from premises operations, independent contractors, products-completed operations, and broad form property damage, personal and advertising injury, cross liability assumed in a contract (including tort liability of another assumed in a contract).
  - For contracts valued at less than $10,000 the Contractor may choose to arrange with the DEC to purchase an insurance permit that covers general liability insurance that meets the Commercial General Liability Insurance requirement. An annual $5.00 premium shall be required on or before April 1 of each year the contract is in effect.

- Comprehensive Business Automobile Liability Insurance with a limit of not less than $1,000,000 each accident. Such insurance shall cover liability arising out of any automobile including owned, leased, hired and non-owned automobiles.
  - If the Contractor does not own, rent or lease any registered vehicles and will not be using any vehicles on State Land, Comprehensive Business
Automobile Liability Insurance shall not be required. DEC reserves the right to request proof of the same.
