MINING TERMINATION NOTICE
Instructions

1. Enter the **five digit** Mine File Number found on the Mining Permit.
2. Enter the DEC ID Number found on the Mining Permit.
3. Enter the Name of the Permittee found on the Mining Permit (see "Permit Issued To").
4. Enter the Name of the Mine found on the Mining Permit (see "Facility").
5. Enter the Name of the Town where the mine is located.
6. Enter the Name of the County where the mine is located.
7. Enter the date that mining activities have/will be terminated.
8. Enter the appropriate number of acres of affected land to be reclaimed.
9. Reclamation Activity – Enter either the Scheduled and/or Actual completion date column (choose applicable column).
 - Use the Scheduled Completion Date if the work still needs to be completed.
 - Use the Actual Completion Date if the work has already been completed.

Visual screening - if the reclamation plan includes visual screening, briefly describe what type of visual screening process is intended to be used and what areas will be affected.

Backfilling and grading - if the reclamation plan is to include backfilling and/or grading, briefly describe what type of backfilling and/or grading process is intended to be used and the areas where work will occur.

Slope treatment - briefly describe what type of slope treatment is intended to be used.

Disposal of refuse or spoil - if any disposal of refuse or spoil is required, briefly describe how disposal will be accomplished.

Drainage or water control - if drainage or water control provisions are required, briefly describe how this will be accomplished and what areas will be affected.

Revegetation - briefly describe what method of revegetation will be used and what areas will be affected.

Other site preparation - if any other type of reclamation activity is planned and is not listed above, briefly describe what is being planned and what areas will be affected.

10. Briefly describe the intended land use objective of the mine upon completion of reclamation.
11. Print the Name and Title of the Permittee or Authorized Representative.
12. Permittee or Authorized Representative must Sign and Date the Mining Termination Notice.

Note: Contact your regional NYSDEC Mined Land Reclamation Specialist should assistance be required to complete the Mining Termination Notice.
