Special thanks are given to the members of the NYS Oil, Gas and Solution Mining Advisory Board for their review of several early drafts as part of the Department's internal review process. At numerous meetings of the Board, discussions of the many issues took place, and suggestions for changes were made that improved the quality of the document.

Thanks are also given to the Division of Mineral Resources' Bureau of Oil and Gas Regulation, Region 8 and 9 staffs for thoughtful review, and to the Bureau of Resource Management and Development clerical staff, Valerie Danise and Teresa Savona for their diligent work effort.
