The Adirondack Park is designated “forever wild,” the land is largely undisturbed by human activity and offers visitors spectacular views and long, peaceful waterways.
Fish Creek Pond Campground offers a natural sand shoreline and water access for most campsites. Campers are provided with pristine rivers and ponds accessible to both motorized and non-motorized boats. Square Pond and Fish Creek Pond (the two bodies of water around which the campground is situated) are open to motorboat usage. Also, motorboat operators can enjoy miles of open water on Upper Saranac Lake. A trailered boat launch with a small temporary parking area nearby receives steady usage throughout the camping season. Campers seeking non-motorized boating opportunities may enjoy the Rollins Pond area or the nearby St. Regis Canoe Area (approx. three miles north of the campground). It is considered by many the finest and most attractive of all the Adirondack campgrounds. Camping equipment from tents to 40-foot RVs can be accommodated. The campground offers a variety of other recreational opportunities including: canoeing and boating, fishing, hiking and bicycling.

Cranberry Lake

One of the largest remote lakes in the Adirondacks, its proximity to 50,000 acres of wilderness, intermingled with 50 miles of well-developed trails makes Cranberry Lake the outdoor enthusiasts’ perfect vacation spot. Whether it’s fishing, boating or just laying back and enjoying your well-deserved vacation, Cranberry Lake is the spot for you. The lake has been stocked with trout in the past and many of the local ponds, streams and rivers support excellent trout fishing. The perfectly formed forest canopy in the campground provides excellent shade on hot summer days while the undergrowth provides excellent privacy for campers. Getting from Cranberry Lake to other Adirondack Campgrounds requires only a short trip on a major highway.

**CROWN POINT**

Because Crown Point Public Campground rests over battlefields and fort locations dating back to 1775, remnants of structures and sites remain for visitors to view. The lighthouse, rebuilt in 1911-1912 and positioned on the campground shore, overlooks the 281,600-acre Lake Champlain. Positioned so that it is majestically overlooking Lake Champlain and neighboring Vermont, the Crown Point bridge looms on the northern most shore of this campground and is one of the few bridges connecting New York State and Vermont. The entire Crown Point Reservation, including all 49 acres of the campground, are listed in the National Register of Historic Places and have been designated by the United States Secretary of the Interior as a National Historic Landmark.

Frontier Town Campground, Equestrian and Day Use Area is located on 91 acres on the shores of the Schroon River. This public campground is a key component of a Master Plan to establish a Gateway to the Adirondacks at Exit 29 of the Northway, in the town of North Hudson, announced by Governor Andrew M. Cuomo in January 2017. Located in the heart of the Adirondacks, the Gateway site once hosted the Frontier Town theme park. For more than 40 years, Frontier Town, a Wild West theme park, was a destination for families from across the country. Visitors traveled back into living history visiting the hearths and homes of a pioneer village, enjoying a rodeo and finding themselves in the midst of a hold-up by outlaws on horseback. New York State and the Open Space Institute, working in collaboration with five neighboring Adirondack towns, created a blueprint for a new recreation hub that would improve local amenities, expand access, and draw increased visitors to this part of the Park. DEC will operate the facility according to the terms of a conservation easement.

**CAMPER ALERT: DON’T MOVE FIREWOOD!**

A new regulation is now in effect that prohibits moving untreated firewood more than 50 miles from its source. The regulation also bans importing firewood into New York unless it has been kiln-dried to kill invasive insects.

You can help protect our forests and campgrounds from tree-killing insects and diseases:

- Leave firewood at home - do not bring wood from home to campgrounds or parks.
- Only use firewood from local sources, or wood that has been heat-treated to kill pests.
- Burn ALL your wood before leaving your campsite.
