Dear Mr. Irwin:

The Department of Environmental Conservation is currently reviewing the application materials and the approximately 4000 public comments submitted as part of the public comment period for the above referenced facility. Given the number of comments received and the time needed to review all the comments, DEC is requesting that the completeness due date be suspended to 06/30/2022 (see 6 NYCRR 621.14(a)).

If this is acceptable to you, please sign and return this form to me at the above address by 03/31/2022.

If you have any questions, please contact me at the address or phone number above. Thank you for your attention to this matter.

Sincerely,

CHRISTOPHER M. HOGAN
Division of Environmental Permits
