HOUR RATE - BASED ON

A person donating his time to a project will be paid as a general laborer unless he is professionally skilled in the work he is performing on the project (i.e., plumber doing work on pipes, mason doing work on brick building). When this is the case, the wage rate this individual is normally paid for performing his service may be charged to the project. A general laborer's wages may be charged at the rate which the city or county in the immediate area pays its employees for performing similar duties.
