NYS Department of Environmental Conservation and Department of Health invite you to attend a

Public Information Session on the
Elmira High School Cleanup

WEDNESDAY, SEPTEMBER 26, 2018
4:30 – 7:30 PM

Elmira High School Cafeteria | 777 South Main Street, Elmira

COME ANY TIME TO GET AN UPDATE on the ongoing cleanup actions related to the Former Sperry Remington Site from the New York State Departments of Environmental Conservation and Health (DEC & DOH) along with representatives from the Unisys Corporation and the Elmira City School District.

The public is welcome to come anytime between 4:30 and 7:30 PM to meet with NYSDEC and NYSDOH staff and get answers to their questions.

New York State is overseeing a thorough cleanup of contamination found below ground on portions of the Elmira High School property, and is committed to ensuring the students, faculty and community are safe and informed of these actions. Staff from DEC, DOH, and Unisys will be available to provide detailed information on the extensive work completed this summer, the ongoing work on the football field, and plans for future investigation and cleanup activities including areas in the surrounding community. DOH staff will be available to speak one-on-one with individuals about their health-related concerns. We look forward to addressing your questions and concerns.

IF YOU ARE UNABLE TO ATTEND, you are encouraged to send questions related to the project to:
