NYSDEC State Pollution Discharge Elimination System (SPDES) General Permits (GP-0-16-001) For Concentrated Animal Feeding Operations (CAFOs)

PLANNER CERTIFICATION

I am an Agricultural Environmental Management Certified Planner certified to develop and review Comprehensive Nutrient Management Plans (CNMPs) for Concentrated Animal Feeding Operations (CAFOs) in New York State. I am in good standing with New York State Department of Agriculture and Markets. The CNMP, CNMP updates and CNMP attachments (collectively, the CNMP) that have been developed for this operation are in full conformance with the requirements of the New York State Natural Resources Conservation Service standards and the New York State Pollutant Discharge Elimination System (SPDES) CAFO General Permit. I have reviewed the CNMP with the owner and/or operator who is responsible for implementation of the CNMP and compliance with the requirements of the SPDES CAFO General Permit. I have also reviewed with the owner/operator the information required in the Annual Compliance Report.
