2020 DMAP Tag Application for Valcour Island

If more hunters apply than tags are available, a lottery will be used to distribute the tags. If there are more tags than applicants, left-over tags will be distributed randomly among the pool of applicants. No applicant will receive more than two tags. These tags may be used **only** on Valcour Island, and possession of the tags while deer hunting anywhere else is prohibited.

Participation in this program is a privilege and subject to the following rules and procedures:

- The application period ends 10/9/2020. Applications can be mailed or faxed to the address in the header of this document, or emailed to: james.stickles@dec.ny.gov
- Selected hunters will be notified by phone or email, and tags will be shipped via regular mail.
- Tags are valid only for antlerless deer.
- Access to Valcour Island requires a boat/vessel. Hunters awarded tags will be responsible for securing their own transportation.
- This program is not available for DEC employees or their immediate families.

Additional details will be provided with your tag(s). Failure to participate according to these rules will result in the revocation of your privilege this year and in following years.

Name		Hunter ID #	
Mailing address			
Phone 1		Phone 2	
Email address			
Signature		Date	

By signing here, I understand that participation in the Valcour Island DMAP is a privilege and that any tags issued to me under this program are for use only on Valcour Island. Knowingly providing false information on this form is punishable as a class 'A' misdemeanor pursuant to section 210.45 of the New York State Penal Law. Failure to follow the rules of participation will result in the revocation of my tag and may result in the loss of future privileges and legal action.
